# THE BATTALION

Go To Church Tonight

Published Daily on the Texas A&M College Campus

Number 36: Volume 57

COLLEGE STATION, TEXAS, WEDNESDAY, OCTOBER 23, 1957

Price Five Cents

## Lions Loom Big In Importance, Says Teggegan

Next to the church, the Lions International is one of the world's greatest organizations for serving mankind, Erwin Teggegan, district 2-S-3 governor of the Texas International Lions Club, told College Station Lions Monday in the Memorial Student Center.

Explaining the Lions' organization and service, Teggegan pointed out the care given local blind and the locally supported Kerrville Crippled Children's Camp as examples of College Station Lions Club work.

Teggegan said there are three main classifications of people in the world: (1) the small group who gets things done; (2) the large group who likes to watch things done, as long as others do it and (3) the even larger group who sits around and wonders what has happened.

"A man must have vision for the truly important things of life, faith in his work and the future and courage to carry it out," he told the Lions in pointing out three things a man must have to succeed in anything he under takes.

The Lions call a board of directors meeting for 5 p. m. Wednesday in the MSC.

## Publications Board Hears Batt Report

The Battalion is exerting utmost effort to reach its goal of better service to its readers and more prestige among other college dailies of the nation, Joe Tindel, Battalion editor, told the Student Publications Board yesterday.

In an annual report asked of editors, Tindel said the whole staff is working to develop new ideas and improve the paper so it will be more enjoyable for its readers.

He pointed out that more emphasis is being placed on special features and quality in photographs. "Art for Aggies' Sake" and "Man to Man" were pointed out as two new special features.

Tindel said three photographers had been employed to give Battalion readers top picture coverage.

The publications board heard the Battalion editor explain new organization on a departmental basis, designed to increase efficiency.

In a breakdown of student representation on the staff, Tindel explained that there are three Corps students in top editorial posts compared to one Civilian. Among six reporters, three are Corps and three Civilian, he said. Distribution among the entire staff showed some 12 Civilians and eight Corps students.

## South Getting Axe, Says Georgia Chief

HOUSTON, (AP) — Georgia Gov. Marvin Griffin charged last night that Democratic and Republican leaders "have been vying with each other to see who could drive the knife deeper into the backs of the people of the South."

Departing from his prepared text before an estimated 2,700 persons, Griffin called for the creation of the "the biggest, most resolute organization in the South" to prevent federal encroachment on states' rights.

The crowd was made up of well dressed men and women from all parts of East Texas. There were members of the Texas Legislature in the audience who earlier in the evening had dinner with Griffin.

The crowd stood and cheered as a high school band played "Dixie" and "The Eyes of Texas." There were no demonstrations.

The governor said, "The Constitution has been replaced by the new Republican's concept of 'rule by force'."

Dorothy Collins

## Dorothy Collins Heads Second Town Hall Act

By FRED MEURER

Combine a blonde, beautiful and bubbling female vocalist with one of America's outstanding orchestras and you get top-notch entertainment.

Place them together in G. Rollie White Coliseum Thursday night and you have the second showing of A&M's Town Hall program for 1957.

And, as usual, this one promises to be tops. The songbird will be Dorothy Collins, former singing star of "Your Hit Parade." The orchestra is that of Shep Fields, a maestro for more than a decade.

Both components of the program have founded claims of fame in the music world. Miss Collins, currently recording under the Coral label, began her climb to the top in

1942 when bandleader Raymond Scott chanced to hear her sing, signed her to an audition and then billed her along with his "Quintet." Later, Scott became musical director of "Your Hit Parade" and fited Miss Collins into his show—first by having her sing the commercials and then making her a featured vocalist. She worked with the show until June of this year and has been busy making recordings and personal appearances since.

Miss Collins—who was born in Ontario, Canada and Scott were

married in 1952. She has one daughter, Deborah, who was born on October 24, 1954. Since Thursday will be Oct. 24, Miss Collins will, as a coincidence, celebrate her daughter's birthday anniversary by singing to the Town Hall audience.

Swinging over to the Shep Fields Orchestra, the Town Hall audience will see an orchestra with startlingly different instrumentation. Some years ago Fields combined nine saxophones and five rhythm instruments with his group to create "Rippling Rhythm", a distinctive musical style.

The orchestra is noted as a radio band and has cut some big records. Fields and his group have had three radio shows of their own and are recording for the MGM label.

Reserved seats at the show bear price tags of \$2.50; regular admission is \$2. Public school students will be admitted for \$1. A&M Town Hall tickets will be honored for the presentation.

FFA Sweetheart

Ann Cleland was named Sweetheart of the Consolidated High School FFA Chapter Friday in a student body election. Miss Cleland is a CHS senior and the daughter of Mr. and Mrs. S. M. Cleland, 200 Fidelity.

## Veteran Patients Guests For Game

Some 30 patients at the Veterans Administration Center at Temple will be special guests of the college and the Athletic Department for the Baylor game Saturday.

This is in line with a program set up 13 years ago for having patients from the center as guests for a football game. It has been carried out each year since.

The group will sit in special seats on the cinder path on the west side of Kyle Field.

P. L. Downs Jr., official greeter for the college, will meet the group.

## Ike Plans Talks For Confidence In US Defense

### Prepares Speech For Radio Talk

NEW YORK, (AP)—President Eisenhower told the nation last night he plans a series of speeches to demonstrate "the strength of our domestic economy, the character and power of our defense programs," and the right of Americans "to confidence in these strengths."

The President disclosed his plans to go before the people in a nationwide radio address in which he said "we must cast aside any morbid pessimism" about the capacity of America's free enterprise system to win out in the struggle against communism.

Eisenhower, in a speech prepared for delivery at a Hotel Waldorf-Astoria dinner, made no direct mention of Russia's launching of an earth satellite and the Soviet claim it has successfully fired an intercontinental missile.

His theme at the dinner sponsored by the National Fund for Medical Education was this country's urgent need for more doctors, additional medical personnel, and expanded health facilities.

An hour after the President's prepared text was distributed, the White House put out a brief preface to his remarks. It disclosed his plans to speak in the near future regarding the country's progress in the science fields.

Eisenhower, after noting the theme of the speech, said "there are many other serious causes in the minds of our fellow citizens tonight."

"They include the continuing endeavor of our people in the fields of scientific achievement and methods for attaining even greater achievements, the strength of our domestic economy, the character and power of our defense programs, the right of our people to confidence in these strengths."

"These," he said, "are some of the subjects about which, during the ensuing weeks, I shall seek opportunities to talk with the American people, telling them of my beliefs and my determinations in these matters."

The President added that he has "unshakable faiths in the capacity of informed, free citizens to solve every program involved."

Eisenhower disclosed no details of his plans to go to the people. The indications were that in addition to speeches he will take every opportunity—such as at news conferences to put across his views.

Eisenhower spoke in general terms regarding the essentiality of competent scientific and professional personnel. He did not make specific reference to the need for scientists and progress in military fields, such as the ballistic missile and satellite programs.

### Check Room Planned In MSC for Weekend

The Memorial Student Center will operate a check room service for the Baylor-A&M game from 8 a.m. to 8 p.m. Saturday.

Information pertaining to the check room service may be received by inquiring at the Social and Educational Department.

### Weather Today

A cool, dry air mass has moved over Texas from the west, bringing partly clearing skies and mild temperatures. However, the forecast for East Texas still calls for scattered showers.

The 24-hour precipitation reading taken at 8 this morning was .46 inch. Yesterday's high temperature was 89 degrees at 5 p. m., and this morning's minimum, 66 degrees at 7:45.

## Plans Started For December Ag Talent Show

The stage is being set for the 1957 All-Aggie Talent Show to be held Dec. 10 in Guion Hall.

The show is sponsored by the Music Committee of the Memorial Student Center and is free to all Aggies.

Joe Harris, chairman of the Music Committee, commented: "All Aggies with talent are urged to register in the Directorate Office in the MSC as soon as possible."

Registration ends in November with additions to be held for selecting the best acts. The show will last approximately two hours and will be composed of 10 acts.

Prior to the actual show in December, the various acts will hold two rehearsals to smooth out actual mechanics.

Winner of the talent show will be A&M's representative to the Intercollegiate Talent Show slated for March 10.

## Band Places First In Corps Trip Hike

Tallies of grading sheets at the Fort Worth Corps pass-by Saturday showed that Consolidated Band grabbed first place with 7,800 cumulative marching points.

Tied for second place with 7,429 points were Squadron 11 and B Infantry. In overall ranking, the two stand 6 and 13 respectively.

### Goal \$14,950

## Community Chest Begins Tuesday

A&M College-College Station Community Chest for 1957-58 begins next Tuesday with a goal of \$14,950.

The drive will end Nov. 12, giving the Chest 15 days to reach its goal. The amount was set at the budget meeting Oct. 14, with the money to be divided among 15 organizations and charities.

The objective of the Community Chest is to allow local citizens to make all contributions to charity in one sum and at one time instead of being solicited on numerous occasions.

In a message to deans and heads of departments, President M. T. Harrington said, "Whether or not we are successful will depend on your active support of this campaign. I hope you will personally support this drive and call it to the attention of the members of your department or division."

Co-chairmen for the 1957-58 drive are Richard Vrooman and L. E. McCall. Bob Shrode is secretary for the organization; Ray Hite, treasurer; Reed McDonald, assistant treasurer; Jack Tippit, publicity chairman; and Loyd Keel, assistant publicity chairman.

This year the fund will be proportioned among the Texas United Defense Fund, United Service Organization, Salvation Army, Brazos County Crippled Children's Therapy Center, Gonzales Warm Springs Foundation, College Station Youth Facilities Council, College Station YMCA, College Sta-

tion Recreation Council and the College Station Community House, Inc.

Also receiving a part of the funds raised will be the Brazos County Youth Development Counseling Service, Brazos County Hospital Fund, Girl Scouts, Boy Scouts, American Red Cross and the College Station Local Chest Charity Fund.

## Education Director To Speak At CHS

The director of research of the Texas Education Commission will speak at a Brazos County Teacher's meeting tomorrow night at 8 in the Consolidated High School Auditorium.

"Teacher Retirement Benefits" is the topic of the director's speech. Questions from the floor about retirements will also be answered by the speaker.

## Moonwatch Group Asked to Sign List

Members of Operation Moonwatch are urged to sign the alert roster in the office of J. T. Kent, Room 22-B of the Academic Building, as soon as possible.

Kent, director of the operation, also asked all members to check the bulletin board in the Math department on the second floor of the Academic Building.
