

## Deadline Set For Applying For CPS Test

Application deadline for the next Certified Professional Secretary examination is Dec. 1, Mrs. Kelly Francklow, president of the local chapter of the National Secretaries Association, announced today.

Application forms for the examination, which will be held May 2 and 3, 1958, at the University of Houston, may be obtained from the Institute for Certifying Secretaries, 222 West 11th St., Kansas City 5, Mo.

Sponsored by the NSA, the annual CPS examination is open to qualified secretaries 25 years of age or older, men as well as women, members or non-members of the Association.

It is held in selected colleges and universities over the country, and covers skills, techniques and basic knowledge of six phases of secretarial work.

Purpose of the test, supervised and developed by the Institute for Certifying Secretaries, is to give secretarial work professional status.

### STAR PROBLEM

MAYSVILLE, Ky. (AP)—Young David DeLisle, noticing a star-like design before the serial number on a dollar bill, wrote the U. S. Secret Service for an explanation.

Back came a letter from U. E. Baughman, chief of the service, who explained:

"The small design in front of the serial number indicates it is a 'Star' note. Every one-hundred-millionth note is a 'Star' note. They are used to replace notes that are found to be defective."

Now David has a problem: Should he retain the one-in-a-hundred-million bill or live it up a dollar's worth?

## Social Whirl

Officers Wives Club of College Station will meet for its monthly luncheon Thursday, Nov. 7, at the Briarcrest Country Club. Sherry hour is scheduled for 12:30, with luncheon at 1.

The luncheon will be followed by a style show given by Beverley Braley.

Reservations should be made before Tuesday noon with any of the following members: Kathleen St. Clair, VI 6-7073; Vickie Sike, VI 6-7128; Freida Goff, VI 6-4478; Helen Ross, TA 2-4927; Toni Lowe, VI 6-7562; Nancy Bannard, VI 6-4469.

Rug Group of the A&M Women's Social Club will meet at 9:30 a. m. Tuesday at the home of Mrs. George Summey, 408 Brookside. Co-hostess will be Mrs. Vernon Young.

Agricultural Economics and Rural Sociology Wives Club will meet at 7:30 p. m. Monday at the Kraft Furniture Company, 218 South Main in Bryan.

Chuck Moore will speak on "How to Buy Your Furniture" and will take the group on a tour of the building. A door prize will be awarded and refreshments served.

Regular meeting of the Aggie Wives Bridge Club will be held at 7:30 tonight at the Memorial Student Center.

Hostesses will be Polly Sue Muirhead and Jeannette Gummelt for the regular group; Mildred New and Mary Lou Thompson for the intermediates; and Helen Savage and Marceña O'Malley for the beginners.

Prizes last week went to Tribba Keller, high and traveling slam, and Polly Sue Muirhead, low, in the regular group, and to Libby Gard, high, and Marianne DeMarr, low, in the intermediate group.

## Family Favorites

BY BONNIE STOTT

(Bonnie and Malcolm Stott, both Houstonians, are currently making their home in College View with their two-year-old son, Michael. Bonnie is employed in the Department of Student Affairs while Malcolm is a junior in civil engineering at A&M.)

### POTATO CHARLOTTE

2 slices bread	1 tablespoon salt
1 large onion	1 teaspoon paprika
3 tablespoons fat	2 eggs
3 large potatoes	1 tablespoon butter

Soak bread in water. Wring out water and add the onion, fried in the fat. Add the potatoes (grated). Combine with salt, paprika and eggs. Mix well. Pour into frying pan already prepared with melted butter. Bake 45 minutes at 475 degrees.

### CORNED BEEF PIE

1 1-pound can corned beef hash	1 12-ounce package frozen lima beans
½ cup catsup	
1 beaten egg	

Combine hash, catsup and egg. Press into bottom and sides of 8 by 1½ inch pie pan. Bake in moderate oven 30 minutes at 350 degrees. Cook lima beans according to directions on package and season to taste.

Fill meat crust with beans. Top with Cheese Sauce: Melt ¼ pound sharp American cheese over hot water. Gradually stir in 2 tablespoons milk. Serves 6.

### CARAMEL NUT SLICES

1 cup shortening or butter	½ teaspoon salt
2 cups brown sugar	1 teaspoon soda
2 eggs	1 cup chopped nuts
3½ cups flour	

Mix together shortening, sugar and eggs. Sift together all other dry ingredients and add to shortening mixture. Blend in nuts.

Form into two rolls 2 inches in diameter. Wrap in wax paper. Chill overnight. Pre-heat oven to 400 degrees. Cut rolls into slices ¼ inch thick. Bake on ungreased sheet 8 to 10 minutes. Makes 12 dozen small cookies.

### AVOCADO SPREAD

2 medium avocados	1 tablespoon lemon juice
1½ teaspoon grated onion	¾ teaspoon salt
1 small tomato peeled and finely chopped	pepper
	Tabasco sauce

Mix onion and chopped tomato together and blend with avocado. Blend in lemon juice and salt, then add pepper and Tabasco sauce till mixture is spicy enough. Makes about 1½ cups. Serve with crisp crackers, potato or corn chips, celery or carrot sticks.

This same spread served on a crisp-fried tortilla or lettuce leaf makes a delicious salad with any Mexican dish.

## WSCS To Hear Wesley Program

The Rev. Robert O. Cooper, program director for the A&M Wesley Foundation, will speak at the Monday meeting of the A&M Methodist Woman's Society of Christian Service.

Speaking on the subject, "Christ on the Campus," the Rev. Cooper will tell of the work being done here and by Wesley groups all over the country.

Mrs. Sam Cleland, secretary of student work, is in charge of the program. Mrs. John Kincannon will lead the worship service, using as her theme the Week of Prayer and Self-Denial.

All members are urged to bring their Week of Prayer offering envelopes to the meeting.

Hostess for the meeting will be Mrs. Jack Keesse of 725 Inwood, Bryan. She will be assisted by the Mesdames J. R. Hillman, R. A. Downard and Jarvis Miller.

## Remedial Reading Pays Off In GPR

By BOB WEEKLY

Freshmen enrolled in the Basic Division, and some upperclassmen, have at their fingertips a course designed, and almost unconditionally guaranteed, to improve their overall grades at A&M—Remedial Reading.

Based on five objectives, remedial reading can take a student by the hand and raise him to a higher plane of achievement merely by improving, and in some cases teaching, reading habits.

These five objectives are: improvement of reading comprehension, vocabulary development, increasing rate of comprehension, experiences of reading in technical fields and becoming more familiar with supplementary aids which might help make difficult reading more understandable.

Remedial reading is not a required course for incoming freshmen, but it is a direct result of them. A battery of aptitude and achievement tests are administered to new members of the Basic Division each spring and fall. One

of these tests is reading. It tests the Aggie's comprehension, vocabulary and reading rate.

If a student is low in one of these categories, the Basic Division sends him a letter telling him, in effect, that he is urged to register for Remedial Reading so that he will have every opportunity to insure his scholastic success. It is not mandatory.

In the classroom, the student learns a basic method for reading college textbooks. He practices controlled reading with a machine that projects print on a screen. This develops skills important in surveying, skimming, scanning, reviewing and research type reading.

Reading accelerators are used to guide reading of regular printed matter at predetermined rates. Students are given a visual examination for acuity, lateral and vertical balance and depth perception at distance and for reading.

Self tests are given in such subjects as chemistry, math, social studies, vocabulary and foreign languages. Reading is conducted for such purposes as getting the main ideas, understanding principles, organization of ideas and solving a problem.

Special emphasis is spent on teaching students how to spend

first half of his study time. They are taught to read in three stages. The student should read only half of his allotted time reading and studying. The other half should be spent in reproducing on paper what he has learned in the first half of his study time. Students should space their learning. Studying two hours a day, five days a week for four weeks will result in more learning than forty hours of study crammed into a four-day period.

IVY sport shirt with Tartan Trim 395 by Truval

Ivy styling with a wee bit of Highland plaid, a bonny sport shirt if we've ever had one. The miniature tartans are the true clan designs and Truval's fine tailoring is above reproach. The price appeals to all thrifty souls.

## AFL-CIO Prexy Rejects Soviet Bid

NEW YORK. —(AP)—AFL-CIO President George Meany rejected a Russian proposal for an exchange of trade union delegations with the United States.

"No believer in the basic principles of free trade unionism could today conceivably desecrate these principles by undertaking to visit a country whose tyrannical leadership has for the 40 years of its existence been the avowed and uncompromising enemy of all human rights," Meany said.

The Russian proposal, part of a broad program of expanded cultural exchanges, was presented in Washington Monday by Soviet Ambassador Georgi N. Zarubin. Meany answered it without waiting for formal receipt of the bid from the State Department.

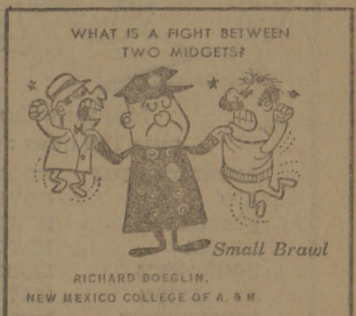

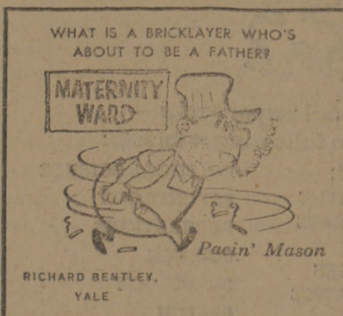

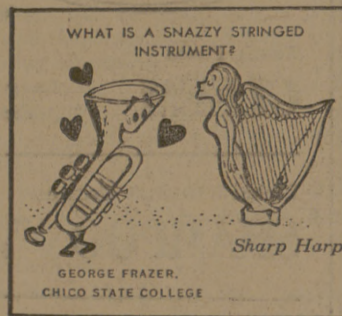

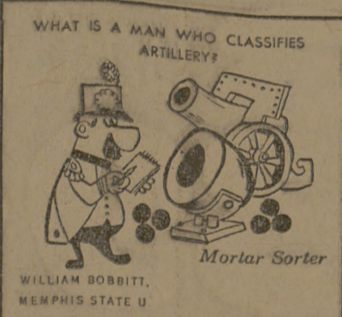

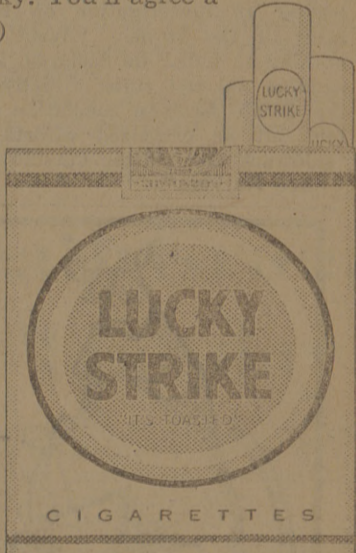

# Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty Mopey Hopi. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!
