Nation Wide Career OPPORTUNITIES with ATLAS

Established in 1912, ATLAS, today, specializes in industrial chemicals and commercial explosives for mining and construction activities. Our 11 manufacturing units and 4 Research Centers, located in all sections of the country, employ more than 4200 people in an industry that is destined to grow many times larger as our expanding national economy gets into high gear in the early '60's.

That means real career opportunities for you graduates who have the foresight to move into this field while much of our future expansion is still in the planning stage, for in addition to stepping up technical work on our products and processes, we are greatly intensifying long-range basic research to develop knowledge about entirely new products and techniques of importance to ATLAS customers and suppliers. These special openings will have an unusually strong appeal to —

- Chemists
- Physicists
- Civil Engineers
- Mining Engineers
- Chemical Engineers
- Electrical Engineers
- Mechanical Engineers
- Engineers with MBA

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
