

Driver Training Vital, Keese Tells Extension Group

Driver training must be combined with improved roads and automobiles to provide safety on the highways, Jack Keese told members of the Extension Service Club at their meeting Thursday.

Speaking on traffic safety and the human mind, Keese said that an emotional upset can cause inattention and lack of coordination in a driver, increasing the chance of an accident.

Keese, associate professor of civil engineering at A&M, was introduced by Mrs. J. H. Quisenberry.

Dessert was served during the social hour which followed the program, with Mrs. H. H. Broach presiding. Mrs. Tyrus Timm and Mrs. J. C. Gaines were in charge of decorations.

Hostesses for the afternoon were Mrs. Vernon A. Young, chairman, Miss Beth Edwards, Mrs. Quisenberry, Mrs. John Box, Mrs. Timm and Mrs. Gaines.

The services are the result of combined effort by the members of the College Station Ministerial Association to enable citizens, students, and relatives to attend Thanksgiving services, said Gordon Gay, Coordinator of Religious Life.

In addition to three local ministers, Corps and Civilian chaplains will assist in the services, which will include hymns, prayers, special music and a sermon.

Ring Committee yesterday approved a request from a number of seniors to allow midterm grades of the fall semester to be used in determining ring purchase eligibility.

A similar plan for the spring semester has been in effect for many years. Submitting the request were seniors M. D. Badger and A. M. Hewitt.

A student whose mid-term grades indicate he will have 95 hours when the semester is completed is now eligible to purchase the ring.

THE QUEST FOR NEW TRAILS

The history of man is a story of progress. Each of its thousands of volumes could bear one common title: *The Quest for New Trails*.

Even in childhood we display this strange genius which has brought us from primeval forests to this atomic age. We love to penetrate the untouched spaces . . . to open trails where none have ever been.

But this quest could destroy us more rapidly than it has profited us. History recounts the fall of many a civilization too busy with its search for new trails to understand its deeper needs.

For man can truly progress only when his spiritual growth keeps pace with his cultural and scientific advancement.

Or, bluntly, the future of this young Arctic explorer and of his world depends on the Church. The truths of God are unchanging—and ever more essential—as we seek new trails into the Unknown.
