'Little Sprouts' Hear Dr. Doak Talk On Beauty

Dr. C. C. Doak, horticulturist and arranger, entertained "The Little Sprouts" Junior Garden Club Saturday with a program on "Beauty in Common things—Rock and Minerals."

Dr. Doak, a frequent contributor to flower shows and winner of many blue ribbons for his original uses of driftwood, presented a display including sea urchins, a rectangular stone containing a perfect fossilized fish, and a piece of petrified wood complete with "petrified worm."

The driftwood ranged from "Dancing Girl," a piece resembling modern sculpture, to others resembling a goat's head, cat, dog, octopus and snake.

Dr. Doak showed his audience how rocks, weathered wood and driftwood can be combined with figurines to express action, portray a mood or tell a story.

To illustrate this point, he showed a composition, "Threatened Intrusion," in which he used weathered wood and driftwood with a small tiger and black panther to tell an animal story.

During the business session, the following officers were elected to serve during 1958-59: Sharon Covey, president; Peggy Breazeale, vice president; Melissa Owen, second vice president; Marty Goff, secretary; Pamela Adkins, corresponding secretary; Sherry Holland, treasurer; Susan Timm, historian. The new officers will be installed in May and take office in September.
