

CHS Students Swarm To Get Driving Class

A new state law raising the Texas driver's automobile license eligibility age from 14 to 16 has caused a surge among Consolidated High School students to enroll in the driver training courses, J. D. Chaney, CHS driver education teacher, said yesterday.

More than three times the average number of students who usually take the course are taking it this semester he said.

The reason, he explained, is that a clause of the new ruling which went into effect this year, states that a driver may obtain his license under the age of 16 provided he has passed a driver training course in a Texas public school.

Chaney said that before this year, the course, which has been taught every other semester, had to solicit members and usually had only 20-25 students. This semester, however, 77 students are taking it.

Four classes are being taught, and plans are tentative to place it on an every semester basis if the present popularity continues, CHS Principal E. P. Ozment said.

Chaney said that due to high enrollment in the classes, many of the students will have to do their practice driving in the afternoon after school and on Saturday.

"Insurance companies also recognize the importance of training young drivers correctly by making automobile insurance interest rates lower for anyone who has passed a course in driver education," Chaney said.

Bagley Attends YMCA Meeting

David Bagley, vice president of the A&M YMCA, attended the national student executive committee meeting held last week in Chicago.

Students present at the meeting were representatives of the nine areas of the student YMCA movement in the United States.

Bagley attended as a representative of the Southwest area.

Sweetheart Fete Scheduled by FHA

E. P. Ozment, Consolidated High School principal, will be guest speaker at the CHS Future Homemakers of America annual Sweetheart Banquet in the Assembly room of the Memorial Student Center Saturday night at 6:30.

Some 30 to 40 FHA girls and their dates will be entertained with a special vocal number sung by Robert Boone, CHS music director. He will be accompanied by Miss Anita Mowery, chapter pianist.

The couples and special guests will dine at tables decorated with a centerpiece of red roses, the chapter flower. They will then dance to the music of a dance band in front of a background with red and white decorations.

Special guests of the future homemakers will be: Mr. and Mrs. B. B. Hamner and Lt. Col. and Mrs. David G. Drake. Mrs. Hamner and Mrs. Drake are the official FHA chapter mothers.

Other special guests include Supt. and Mrs. Taylor Riedel; Mr. and Mrs. Boone; Mr. and Mrs. E. C. Klipple, parents of the chapter president; and Mr. and Mrs. J. H. (Dixie) Southern. Mrs. Southern is home economics teacher at CHS, and sponsor of the FHA chapter.

Scouting Described As 'Way of Life'

Scouting is not just an organization, it is a way of life, Leonard McPherson, scout executive for the Arrowmoor District, told College Station Kiwanians Tuesday.

"Scouting can be defined as a volunteer organization to serve boys in virtually all the aspects of life, no matter what their environment, economic condition, race, creed or color," McPherson said.

The Arrowmoor District takes in Brazos and Robertson Counties and has 48 scouting units under it. The units take in Cub Scouts, ages 8-11; Boy Scouts, ages 11-14, and Explorer Scouts, ages 14 and above.

McPherson said the Kiwanis were the first group in the district to sponsor all three types of units, and that College Station had the highest density of boys in scouting in Arrowmoor District.

Spring Officers Installed

Installed in services last night were these new officers of the Aero Wives Club: (left to right) Sue Lofland, reporter; Sue Kingcaid, treasurer; Jean Mount, secretary; Re-

gis Welch, president; Beverly Niss, first vice president; Beth Wells, Aggie Wives Council representative, and Nancy Rudde-

SOCIAL WHIRL

Aggie Wives Bridge Club will hold its regular meeting at 7:30 tonight in the Memorial Student Center.

Hostesses will be Elon Foster and Mary Young for the regular group; Betty Gray and Dianne Wood, intermediates, and Clarice Wilkinson and Edna Ross, beginners.

All interested in bridge are invited to join the club. The beginners class, which is taught by faculty wives, will be closed to new members after the next meeting of the club.

Prizes last week went to Jean Harvey, Jeanne Driver and Lynn Warren in the regular group and to Barbara Kelly and June Ackerman in the intermediates.

Veterinary faculty wives will present a panel discussion at tonight's meeting of the Junior Chapter of the AVMA Auxiliary. The group

will meet at 8 p.m. in the social room of the MSC.

Industrial Engineering Wives Club will meet at 7:30 p.m. Monday in the Industrial Engineering Lounge. A program on cosmetics will be presented by the Merle Norman Studio.

Plans for the March 9 style show will be discussed at tonight's 7:30 meeting of Animal Husbandry Wives, in the south solarium of the YMCA.

Band Wives met Tuesday night at the home of Audrey Cole to

make plans for a party honoring band seniors. The party will be held tonight.

SOME FACTS ABOUT IBM

The growth of the company has been spectacular since its inception in 1914. This has been especially true in recent years, as business, industry, science and government have turned increasingly to automation through electronic computers.

Such growth naturally provides many opportunities for advancement to well-qualified college graduates. IBM company policies and practices lay a firm groundwork for rewarding, enjoyable and secure careers.

At IBM, for example, individual merit is quickly recognized by increased responsibility and remuneration. Through "small-team" proj-

ect systems... cordial employee-management relations... excellent financial rewards... outstanding company-paid benefits... the potential exists for well-established careers. IBM-sponsored educational and training programs are among the most advanced in the American business world today.

IBM laboratories and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie, Yorktown, N. Y.; San Jose, Calif.; Lexington, Ky.; and Rochester, Minn. Sales and service offices in 198 principal cities throughout the United States.
