LEGAL NOTICE
ORDINANCE NO. 261
AN ORDINANCE PROVIDING FOR THE ISSUANCE OF PERMITS AND FOR THE COLLECTION OF FEES THEREFOR, REGULATING THE ERECTION, CONSTRUCTION, ENLARGEMENT, REPAIR, REMOVAL, MOVING, DEMOLITION, CONVERSION, RECONSTRUCTION, MAINTENANCE OF BUILDING AND STRUCTURES IN THE CITY OF COLLEGE STATION; PROVIDING PENALTIES FOR THE VIOLATION THEREOF; PROVIDING A SAVING CLAUSE; AND REPEALING ALL ORDINANCES AND AMENDMENTS THERETO IN CONFLICT THEREWITH; AND MAKING IT A MISDEMEANOR FOR VIOLATION THEREOF WITH A FINE OF NOT LESS THAN TEN DOLLARS NOR MORE THAN TWO HUNDRED DOLLARS.

BE IT ORDAINED BY THE City Council of the City of College Station, Texas: Section 1. The building inspector shall examine applications for permits within seven days after filing. If after examination, he finds no objections to the same, and it appears that the proposed work will be in compliance with the laws, subdivision restrictions, and ordinances applicable, and the proposed construction for work will be approved, he shall approve such application, and issue a permit for the proposed work as soon as practicable. If his examination reveals otherwise, he shall reject such application, noting his findings in a written report to be attached to the application and deliver a copy to the applicant.

Section 2. (a) No permit as required by the ordinances of the City of College Station shall be issued until the fees described in this ordinance shall have been paid. Nor shall an amendment to a permit be approved until an additional fee, if any, due to the increase in the estimated cost of a building or structure shall have been paid.

(b) For a permit for the construction or alteration to a building or a structure, the fee shall be at the rate of two dollars per thousand dollars of the estimated cost, up to ten thousand dollars, plus one dollar and fifty cents per one thousand dollars of the estimated cost in excess of ten thousand dollars up to twenty-five thousand dollars, plus one dollar per thousand dollars of the estimated cost in excess of twenty-five thousand dollars, but not less than two dollars in any case, provided that no fee shall be required when the estimated cost does not exceed one hundred dollars. This ordinance shall not cover any maintenance costs and no permit shall be necessary for any such work.

(c) For a permit for the removal of a building or structure from one lot to another, the fee shall be at the rate of two dollars per thousand dollars of the estimated value of the building or structure in its completed condition after removal.

(d) For a permit for the removal of a building or structure to a new location within the same lot, the fee shall be at the rate of one dollar per thousand dollars of the estimated costs of moving, new foundations and work necessary to put the building or structure in a usable condition in its new location.

(e) For a permit for the demolition of a building or structure the fee shall be at the rate of one dollar for each ten feet in the height of the building or structure plus one per cent additional for each foot of street footage of the building or structure in excess of fifty feet.

(f) In case of abandonment or discontinuance, the cost of work performed under a permit may be estimated, an adjustment of the fee made and the portion of the fee for uncompleted work returned to the permit holder provided that no refund of a prescribed minimum fee shall be made. If such discontinuance is due to the revocation of permit, a similar adjustment and return may be made provided that no refund shall be made until all penalties incurred or imposed by the authority have been collected. After such refund has been made no work shall be resumed until a new application has been made and a new permit has been issued.

(g) The term "estimated cost", as used in this section, means the reasonable value of all services, labor, materials or other appliances or devices entering into and necessary for the completion of the work ready for occupancy.

Section 3. The building inspector as provided for in the ordinances of the city shall make at least two inspections. The first inspection to be made when the work is commenced and another inspection when the work has been completed to determine if said work is in violation of any of the ordinances or regulations applying thereto.

Section 4. Any person or any contractor who shall violate a provision of this ordinance or fails to comply thereto or with any of the requirements thereof, or who shall erect, construct, alter or repair or has erected, constructed, altered or repaired a building or structure in violation of a detailed statement or plan submitted and approved thereunder or of a permit or certificate issued thereunder shall be guilty of a misdemeanor punishable by a fine of not less than ten dollars nor more than two hundred dollars, and each day that said violation exists shall constitute a separate offense.

Sticklers!

WHAT IS A MAN WHO BLOWS SMOKE RINGS?
(SEE PARAGRAPH BELOW)

SMOKE RINGS come in all shapes and sizes. Like 4-sided smoke rings for squares. Sturdy smoke rings for windy days. Even invisible smoke rings for people who aren't ostentatious. As any competent smoke ringer (*Vapor Shaper* in Sticklers!) will tell you, the best way to start one is to light up a Lucky. It's best mostly because a Lucky tastes best. A Lucky gives you naturally light, wonderfully good-tasting tobacco, toasted to taste even better. Why settle for less? You'll say a light smoke's the right smoke for you!

DON'T JUST STAND THERE . . . STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.
