

Cadets Sag To Third Place

Round Trip!

Second Baseman Dink Patterson rounds third base after smacking the ball over the left field fence for a home run and the sole Ag score Saturday against the Texas Longhorns.

The Texas Longhorns continued their athletic dominance over the Aggies this season by defeating the Farmers 12-1 Saturday afternoon at Kyle Field.

The loss dropped the Cadets to third place, their lowest position on the conference rung this season. The Horns' victory tightened their grasp on first place, one game ahead of the SMU Mustangs.

Texas chased Ag starter Donnie Hullum from the mound in the first inning with six runs on three hits, four walks and an error.

Toby Newton came out of the bullpen to retire the side, but allowed five more runs in the next four and a third innings. The senior left-hander was touched for four hits and gave up eight walks during his stint for the Aggies.

Lanky Wayne Schaper then came in to put out the Longhorn's fire, allowing only one run in the four innings he pitched. Schaper gave up four hits and one base on balls.

Aggie Thinlyclads Place Third In Field Of Three

Southern Methodist University captured eight first places to win the triangular track meet with Rice and A&M in old Rice Stadium Saturday.

SMU piled up 74 points to Rice's 50 and A&M's 46 in a cold, drizzly meet in which the Ponies failed to place in only four events.

High individual scorer was James Charnquist of Rice, who won first in the javelin, second in the pole vault, and third in the discus, giving him a 10-point total. Emmett Smallwood was runner-up in the individual scoring with seven points gathered on a first in the 220-yard low hurdles and third in the broad jump.

Ernesto Uribe led the Aggies in the dashes, taking second in the 220-yard dash and third in the 100-yard dash. Merrill Witt took second in the 120-yard high hurdles while teammate Homer Smith followed Smallwood in the 220-yard low hurdles in third place.

Other Aggie firsts were recorded by Freddie Dulock in the two mile run and Owen Hill, who threw the discus 151-0½.

In the field events, the Aggies' Newton Lamb took second in the javelin with a heave of 166-7, while teammate Charles Merka placed third in the high jump followed by Bobby Thomas and Frank Madura in a tie for fourth place. Henry Bonorden also took second in the shot put with a 49-8 heave.

The Colts copied their older running mates, winning the freshman division with a total of 62 points to Rice's 47 and A&M's 44.

The Fish took first places in four events in their division. The mile relay team of Purvis Hunt, Robert Connaway, Don Isett, and Harvey Cash won the event in 3:25.9. Lee Martin leaped 5-10 to

win the high jump and Ray Vance went over at 12-0 for a first in the pole vault. A 172-1 foot heave put John Lang in first place in javelin competition.

Injured Nichols Hot In Saturday Golf

A&M's golfing mainstay, Bobby Nichols, limping from a badly-cut foot, fired a 67 on the A&M links Saturday as the Aggies tied Arkansas, and then moved to the Bryan Municipal course and shot a blistering three-under par 67 to lead the field in the First Annual Brazos Golf Ass'n tournament.

In the SWC match, Nichols and Binky Mitchell teamed to defeat the Porkers' Ray Barnes and Louis Henderson.

Nichols' effort enabled him to down Arkansas' Barnes.

The results follow:
 Binky Mitchell, A&M, tied Louis Henderson, Arkansas.
 Nichols-Mitchell, A&M, won over Barnes-Henderson, Arkansas, 2 and 1.
 Jerry Beckenridge, Arkansas, won over Buck Prewitt, A&M, 4 and 2.

There are more ways than one to be a leader

AS OUR NAME clearly indicates, we are in the telephone business.

We own and operate 1,696 central offices in 30 states.

We manufacture telephones, switches, relays and other communications equipment, for our own use—and for the 4,400 other "independent" telephone companies in the United States.

And while — by the yardstick of size — we cannot claim to be the leader, we find ample opportunity for leadership in other ways.

Take the telephone pictured here as an example. It is our own design.

At first glance, it may look quite a bit like other modern telephones.

But you will find three important differences.

The surfaces just above the dial on each side are contoured to guide the mouth-piece-receiver or "handset" into place unerringly.

An extra quarter of an inch is added to the tapered mouthpiece and earpiece.

And the cradle which receives the "handset" is lower in front than in the rear.

The result: It is almost impossible for an "off-the-hook" interruption to service to happen.

This is, as we said, one example of how we seek to do whatever we do better than it has been done before.

And this same ambition guides every phase of our operation, from the development of better equipment for telephone central offices, to the courtesy-training of the people who represent us in dealing with our customers.
