"Serving Texas Aggies"

"...WELL, YES—THEY DO GET A LITTLE EDGY TOWARD THE END OF REGISTRATION!"

"By calling station-to-station I can call home every week"

There's no question about it. Long-distance calls made station-to-station are really thrifty. Actually by calling this way you can make three calls for the price of two. And there's no sacrifice in service, either . . . just a sizable saving.

The next time you make a long distance call, just tell the operator you will talk to anyone who answers the number you're calling. That way you save 30 per cent. And if you call after 6 p. m. or on Sunday you save even more because low rates are even lower at these times.

Remember Aggies, for the price of two person-to-person calls you can make three station-to-station calls.
