No Need to Hurry

With almost three weeks of Aggieland behind them, the Class of '62 still has a long way to go. But with proper counseling, they'll know everything a freshman needs and doesn't need to know-if they stay the entire year.

Freshman adjustment to college life is painfully slow when observed by upperclassmen. This is true mainly because the adjustment is truely painfully slow.

But the Class of 1962 isn't the first class to need time to gather and absorb the knowledge Aggie "fish" are expected to accumulate. Upperclassmen could well temper their disappointment with rembrances of their freshmen year and the seemingly impossible tasks they were assigned - and accomplished by the end of the year.

The "fish" that left last year were certainely well informed. But maybe it would have been better to let them learn the campusology a bit slower - and have them back this fall.

It seems to make good sense that a well instructed freshman slowly developed into a well-informed Aggie over his entire first year. An Aggies is much more credit to A&M than a six-weeks wonder who leaves before mid-term - full of knowledge about the "wonderful" school he used to attend.

A&M wants and needs the earnest support of freshmen. Since they make up approximately half of the entire Corps of Cadets their well being and spirit largely governs the progress, success or failure of military training at A&M.

With reasonable and intelligent instruction administered with patience, freshmen will measure up to the standards set for fourth classmen.

But if upperclassmen persist in rushing the education process, the net result may be well informed freshmen but many of them may not get their mail at College Station

new Tessies a great welcome.

The season of flying footballs, harvest moons, falling leaves and that unmentionable subject of studying is here again, and we at Texas Women's University are pressed. The Ags really gave the slowly beginning to realize we are back in the old groove.

Speaking of flying footballs, the sophomore, junior and senior classes elected 44 of TWU's most beautiful and representative girls Monday and Tuesday to compete as finalists for the Aggie Sweetheart, who will be presented at the annual Corps Trip football game in Dallas.

Seniors elected were Sonia Black, Martha Boucher, Amber De Forest, Mary Glen Fleming, Barbara Gates, Virginia Gould, Nancy Honig, Thetis Ann King, Mary Ann Kruke, Wanda Perry. Glenna Guillin, Martha Reyes, Glenda Sue Smith and Patricia Ann Smith.

Junior Class finalists are Patricia Agosta, Carmel Chisum, Cynthia Cohen, Vivian Dunn, Jeanine Fitschen, Janis Huney cutt. Jeri Keith, Karol Kokernot, Ellen Jane Leister, Sue Percifield. Sally Puddy, Evelyn Richardson, Linda Stapleton, Ann Tompkins, and Shirley Vickers.

Sephomore contestants are Mary Jo Baker, Beverly Blewster, Mary Blessitt, Helga Griffin, Frances Helm, Nancy Hewitt, Leila Jaynes, Phyllis Lane, Kay Osberne, Sandra Perkins, Eunice Robinson, Millie Rowland, Elizabeth Sonnen, Katherine Specht, and Evalina Wilson.

One of the qualifications of competing Aggie Sweetheart contestants this year was that they not be engaged. By specifying this qualification the election committee felt that she would be a better representative for A. and

HOW GREEN WAS MY CAMPUS

Don't tell me: I know how busy you've been! I know all the things you've had to do in the opening days of the school yearregistering, paying fees, finding lodgings, entering a drag race, getting married, building a cage for your raccoon. But now, with all these essentials out of the way, let us pause and join hands and take, for the first time, a long, leisurely look at our campus.

Ready? Let's go!

. We begin our tour over here on this lovely stretch of greensward called The Mail. The Mall, as we all know, was named in honor of our distinguished alumnus Fred Mall, inventor of the opposing thumb. Before Mr. Mall's invention, the thumb could not be pressed or clicked against the other fingers. As a result, millions of castanet makers were out of work. Today however, thanks to Mr. Mall, one out of every three Americans is gainfully employed making castanets. (The other two make croquet wickets.) Mr. Mall is now 106 years old and living in seclusion on a sea cliff in Wellington, Kansas, but the old gentleman is far from idle. He still works twelve hours a day in his laboratory, and in the last year has invented the tuna, the cuticle, and lint.

But I digress. Let us resume our tour. At the end of The Mall we see a handsome edifice called The Library. Here books are kept. By "kept" I mean "kept." There is no way in the world for you to get a book out of the library . . . No, I'm wrong. If you have a stack permit you can take out a book, but stack permits are issued only to widows of Presidents of the United States. (That lady you see coming out of the library with a copy of Girl of the Limberlost is Mrs. Millard Fillmore.)

Next to The Library we see the Administration Building. Here one finds the president of the university, the deans, and the registrar. According to ancient academic usage, the president is always called "Prexy." Similarly, the deans are called "Dixie" and the registrar is called "Roxy." Professors are called "Proxy" and housemothers are called "Hoxy-Moxy." Students are

Diagonally across The Mall we see the Students Union. It is a gay unad place, frankly dedicated to the fun and relaxation of we undergraduates. Here we undergraduates may enjoy ourselves in one of two ways-with filter or without. We undergraduates who prefer filters, prefer Marlboro, of course. Oh, what a piece of work is Marlboro! The filter filters, the taste is smooth but not skimpy, mild but not meagre.

We undergraduates who prefer non-filters, prefer Philip Morris, of corris. It is a natural smoke, a clean smoke, a flavorful, zestful, pure and peaceful smoke . . . Now hear this: Philip Morris and Marlboro each come in a choice of two packscrushproof Flip-Top Box or the familiar Soft Pack.

So now, as the setting sun casts a fiery aura over the spires and battlements of our beloved campus, let us hie ourselves to our tobacconist's and lay in a night's supply of Marlboro or Philip Morris, and then let us, lowing, wind slowly o'er the lea to our dormitories and sit upon our army surplus cots, spent but content, and smoke and dream and hark the curfew toll the knell of parting day. Aloha, fair campus, aloha!

For a complete tour of smoking pleasure try filtered Marlboro and non-fittered Philip Morris, whose makers take pleasure in bringing you this column throughout the school year.
