Thru Light Paces

The Aggie squad went through a light workout yesterday with little contact in preparation for the Maryland Tilt Saturday.

Coach Jim Myers picked tail back Charley Milstead and fullback Gordon LeBoeuf as the outstanding players in the Cadet's 12-0 victory over the University of Missouri Tigers.

The Ag mentor also praised the entire forward wall for their fine work offensively and defensively against the Tigers and singled out the second unit's Bill Cauthorn for a job well done.

The coaching staff said that they were well pleased with the Farmers ground game Saturday and the way they moved the ball "Everybody was vastly improved," said Myers.

A&M is scheduled for some heavy contact work today with the emphasis to be placed on defense and the aerial game

We were trailing 28-27 when Jim Weatherall, our junior tackle, tragically missed his first conversion kick of the year with only pir8:36 left to play. Jim felt miserable. We had wen 22 straight games and apparently our streak was ended. That walk from the field to our bench must have been

the longest in his life.

And then a wonderful thing happened, a fine generous thing that is so typical of college football at its best. Our crowd of 40,000 arose and cheered Jim to the echo as he came dejectedly off the field. Despite the fact it looked like we were beaten, that grand gesture by that Oklahoma crowd is something I shall never forget.

Behind one point we had to off to the Cadets. It was then our boys showed they had the hearts of champions. They dug in, held Texas A & M for downs, forced them to punt. Lart's punt spiraled out of bounds on our 31.

We had 69 long, discouraging yards to go against the wind, and only 1:46 left to do the job.

With the pressure on, Claude Arnold, our senior quarterback, came into his own. In the incredulously small time of 1:09 he directed our team 69 yards to the winning touchdown. Every play he chose was just right. His faking, pitchouting and forward passing in the high wind was perfect at a time when any kind of slip would have been fatal.

He pegged in the left flat to
