

# Sagging Ag Five Faces TCU In Crucial SWC Tilt Tonight

By BOB WEEKLEY  
Battalion Sports Editor

Coach Bob Rogers' Aggies, sulen after their 46-57 defeat by Texas Tech Saturday before a regional television audience, try to jump back into the winning column tonight when they tackle the high-flying Texas Christian University Horned Frogs in White Coliseum at 8 p.m.

Coach Buster Brannon's Frogs pace the Southwest Conference race with only one loss against their five wins. Only one game separates them from Baylor (5-2) and Texas Tech (4-2).

TCU will hold a height advantage over the Aggies as the all-veteran Frog starters average 6-5. A&M is near 6-4 with lanky Wayne Lawrence their tallest at 6-7.

Kelly Chapman, the junior college All-American from Owensboro, Ky., will make his debut in the SWC as he gains his eligibility in time to help the sagging Aggie offense.

Chapman, who will probably replace Jim McNichol in the A&M lineup, has tremendous spring in his legs, making him a top rebounder, and an amazing assortment of shots that make him very hard to defend.

Opposite Chapman at the other forward position will be Lawrence, while Neil Swisher and Wilmer Cox will be at guard and Archie Carroll at center.

Swisher, suffering from a pulled muscle in his thigh, has seen his shooting average drop from best in the conference down to fifth place with slightly more than 15 points per game. Carroll trails Swisher with 14 points per game.

H. E. Kirchner, 6-10, and Ronny Stevenson lead the Frog's attack. Kirchner has averaged 17 points

per game while Stevenson averages a little over 16. Brannon has praised the work of both Kirchner and Stevenson, along with the play of Ken Brunson, one of the top outside men in the conference to date. The other two regulars, Derrill Nippert and Kenneth King, have been below par in recent games. Sophomore Jerry Cobb has been doing some good relief work for the Frogs.

The TCU Wogs will meet the Aggie Fish in the night's opener at 6:15 p.m. in White Coliseum. The Fish have won five while losing two. TCU has won three and lost three.

SEASON

### Wildcats Again Top Cage Poll

College basketball's leading teams ended their mid-season lull and resumed the full time business of beating one another's ears off last week. The results brought only one change in the top ten rankings, but led the experts to scatter their votes a bit more than usual.

It was Kentucky on top again by a comfortable margin over North Carolina with the order of the leaders unchanged until seventh place was reached. St. John's of Brooklyn dropped out of that spot after losing two games on a road trip. Michigan State and Bradley moved up to close the gap and St. Louis, winner over St. John's, took over ninth place.

### Kelley Resigns Post at Brown

PROVIDENCE, R. I.—Alva Kelley resigned yesterday as Brown University football coach to accept a similar post at Colgate University with a 5-year contract.

Kelley had been offered a new 5-year contract, one that would have increased his pay to \$11,500, to remain at Brown where in eight seasons his teams won 31 games, lost 39 and played two ties.

### Comiskey Vic in Court

CHICAGO—Chuck Comiskey filed a petition in Probate Court yesterday seeking to block his sister's sale of her Chicago White Sox stock to a syndicate headed by Bill Veck.

The 32-year-old vice president of the club charged in his suit that Mrs. Dorothy Comiskey Rigney "has mismanaged and wasted the estate of her mother and has jeopardized the assets of the estate in order to promote her own interests."

### U. S. Third in Championship Tuneup

ST. MORITZ, Switzerland—Italian teams took first and second places in the St. Moritz two-man bobsled championship yesterday as the top American team of Arthur Tyler and Lt. Tom Butler came in third in the final tuneup event before the world championships.

Fred Kipp, rookie southpaw with the Los Angeles Dodgers, won 20 games for Montreal in 1956.

A Campus-to-Career Case History

Bill Burns (far right) reviews a plan for expanding Syracuse's toll-free calling area with some fellow supervisors.

### He wanted more than "just an engineering job"

William G. Burns majored in Civil Engineering at Union College. But he had his own ideas about his engineering future. "I wanted a job with a 'growth' company," he says, "where I could develop and move ahead as a member of management."

Bill found his 'growth' company—and his management opportunity. On graduating in June, 1954, he started work with the New York Telephone Company. Six months of training and job assignments in Albany familiarized him with the Plant, Commercial, Accounting and Traffic functions of the telephone business. Then came 18 months as engineer in the Long Range Planning Group. In October, 1956, he was promoted to Supervising Engineer.

Bill was transferred to Syracuse in August, 1958, as Supervising Engineer—Fundamental Plans, with a staff of four engineers and two clerks. In this job, he studies and forecasts the future telephone needs of customers in a 4800-square-mile area, planning from three to 20 years ahead. He then co-ordinates the development of plans to meet future needs with the various engineering groups involved. Bill calls it "management engineering."

Bill is married, has three youngsters and owns his own home. "A man has to build his own security," he says, "and finding the right place to do it can be mighty important. Choosing a Bell Telephone career was the best decision I ever made. I don't know where an ambitious young fellow can find more or better chances to move ahead in management."

Many young men, with degrees in the sciences, arts, engineering or business, are finding interesting and rewarding careers with the Bell Telephone Companies. Look into career opportunities for you. Talk with the Bell interviewer when he visits your campus. And read the Bell Telephone booklet on file in your Placement Office.

### Corps Baseballers Meet Wednesday; Civilians Invited

An organizational meeting for the third annual Corps baseball program will be held Wednesday at 8 p.m. in the Press Club Library, located in the basement of the YMCA.

Fred Meurer and Homer Hershey, coordinators of the program this year, urged each Air Force group and Army battalion to send either a junior or senior representative to the meeting.

Civilian students have been invited to participate in the program this year for the first time. Meurer said it was up to the individual dorm council presidents to send a representative to the meeting in order that necessary plans may be made.

### Air Force Swimmers Trip Aggies, 45 - 41

The Air Force Academy eased past the Texas Aggies, 45-41, in a swimming meet Saturday which saw the Falcons capture five of nine events.

John Harrington and Orlando Cossani led the Ag efforts, with Harrington winning the backstroke and Cossani taking both the butterfly and the breaststroke. Each swam a leg on the winning medley relay team.

**Results:**  
Medley relay—1, A&M (Harrington, Ufer, School, Cossani), 2, Air Force, 4:00.0.

200-yard freestyle—1, Johnson, Air Force, 2, Canterbury, Air Force, 3, Woodard, A&M, 2:17.0.

60-yard free style—1, Blaisdell, Air Force, 2, Draper, A&M, 3, Roberts, A&M, :30.1.

Diving—1, Parker, Air Force, 2, Lyons, A&M, 3, Coryn, A&M.

## Do You Think for Yourself? (ANSWER THESE QUESTIONS) AND YOU'LL FIND OUT!\*

- If you get stuck on a crossword puzzle, do you (A) finally refer to a dictionary, or (B) leave the puzzle unfinished?  A  B
- Would you rather be (A) the designer of the first successful space vehicle to the moon, or (B) the first man to ride in it?  A  B
- If you were faced with two tasks, one pleasant and the other unpleasant, would you first do (A) the unpleasant task, or (B) the pleasant task?  A  B
- If you find you aren't doing well in an activity, do you (A) concentrate on it to improve your performance, or (B) devote your attention to things in which you do excel?  A  B
- Would you prefer to play tennis with an opponent you know to be (A) not quite so good as you, or (B) a slightly better player?  A  B
- In deciding whether to see a movie, are you more influenced by (A) what a casual friend tells you about it, or (B) what you know of the cast and story?  A  B
- If you were a multimillionaire, would you rather have (A) everyone know it, or (B) only a very few know it?  A  B
- Do you take more notice of someone's (A) good looks, or (B) good manners?  A  B
- When making your choice of a filter cigarette, do you (A) act on the basis of what someone tells you, or (B) think it through for yourself?  A  B

If you're the kind of person who thinks for yourself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

\*If you checked (A) on three out of the first four questions, and (B) on four out of the last five . . . you really think for yourself!
