Aggie Completes Infantry Training

Army 2nd Lt. Gene A. White, son of Mrs. Elvie L. White, 303 Sulphur Springs Rd., College Station, recently completed the infantry officers leadership course at the Infantry School, Fort Benning, Ga.

Instituted for officers who have not yet served with troops, the 15-week course is designed to familiarize each new officer with the administrative and tactical responsibilities of an infantry unit commander.

Lt. White, 22, is a 1954 graduate of the San Benito high school and a 1958 A&M graduate.

A&M CENTER

(Continued from Page 1) ly the past three years. A&M received its first grant in support of nuclear research from the Atomic Energy Commission in March, 1957, which was used to purchase an AGN-201 training reactor now in operation on the campus.

At the present time, Convaiv of Fort Worth, which was awarded a contract for design last summer, is making plans for the first section of the center housing the main reactor building and certain laboratories.

These plans are tentatively scheduled to go before A&M directors in April, and if approved, construction should get under way by mid-summer of this year.

A&M Professor Named President Of Brazos AIA

William G. Wagner of Bryan, has been installed as president of the Brazos Chapter of the American Institute of Architects. He is an assistant professor of architecture.

Other officers include William E. Nash, Bryan, vice president; Richard Vrooman, associate professor of architecture, secretary; and Edward Hildebrandt, Brenham, treasurer.

Ernest Langford, former head of the Division of Architecture, director of the Texas Society of Architects, represents the Brazos Chapter.

'Blitz' Ordered to Death But is Still Fat and Happy

WASHINGTON—(AP)—Our readers who love dogs and hate red tape probably will want to hear all about the case of Blitz and his soldier pal.

Everybody else might as well stop right now.

Here's the story, for you prodog and antibrass people:

Back in August, 1957, a German shepherd sentry dog named Blitz was bitten by a rabid fox in France. He recovered and was restored to duty with Airman 1/C Tom Rhodes, who's from Indian Head, Md.

In July, 1958 Blitz was back on the sick list. He was losing his sense of smell and a veterinarian certified him as unfit. "Let Rhodes have him for a pet," the vet suggested.

Hold, cried some officials at the base in Toul-Rosier, France. These officials pulled the rule book. They pointed to Air Force regulations which order the destruction of any dog found unfit for sentry duty.

Now enters the compassionate vet, again. He signed a death certificate for Blitz. That ought to have ended things.

But no. Here enters a military detective. He detected that Rhodes was still buying dog food.

Clank, clank. The legal machinery went into action. Rhodes was found to have secreted Blitz, and a summary court-martial fined him \$75 for "making a false official statement."

Rhodes already had paid \$180 to have Blitz flown back to the United States on a commercial airliner.

Here's how things stand now: Blitz is fat and happy, but is still in France.

Rhodes has been transferred to the Continental Air Force station in New Mexico.

The Air Force in Europe is preparing a case against the vet for signing the death certificate.

The Air Force in the Pentagon is hearing from congressman and others. It is pretty unhappy about the whole thing.

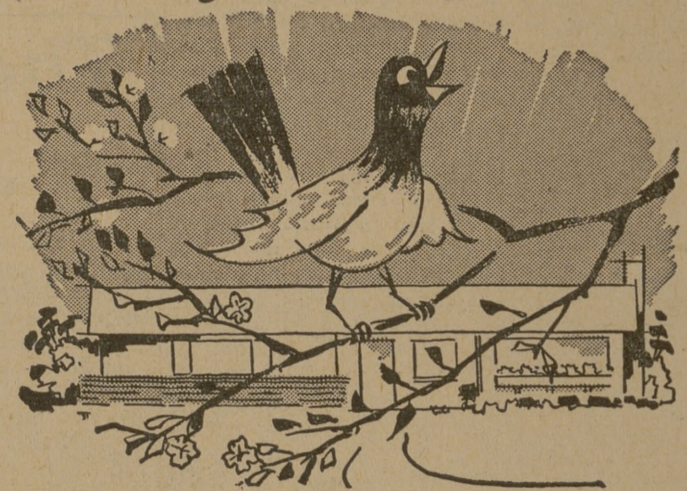

NO COON, NO MEET SHAWNEE, Okla. (AP)—The annual meeting of the Shawnee Coonhunters' Assn. had to be postponed. The members couldn't catch a coon in time for the meeting.

An Ethiopian dollar equals about 40 cents in U.S. money.

Social Whirl

Oceanography and Meteorology Student Wives' Club will meet at 8 p.m. in South Solarium, YMCA. Dr. Dale Leipper will show slides and speak on Russian education.

CANDIDATE FOR DEGREE
Any student who normally expects to complete all the requirements for a degree by the end of the current semester should call by the Registrar's Office NOW and make formal application for a degree.

H. L. Heaton, Director of Admissions and Registrar 64116

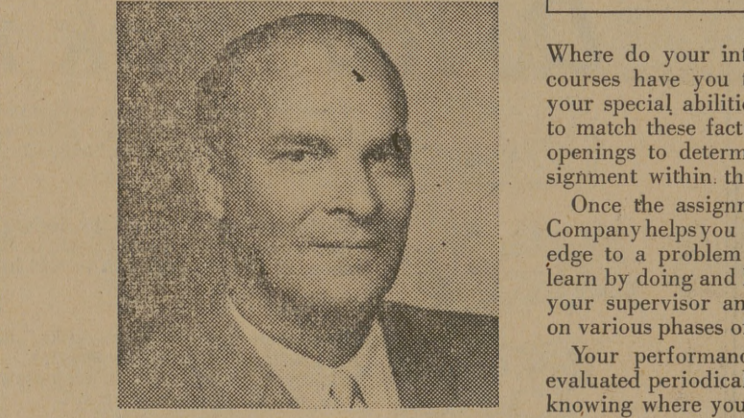

Changes in the list of courses for which any student is currently registered may be made only on the written recommendation of the head of each department concerned and with the approval of the dean of the student's school. A student may not add a course after Saturday, February 7, 1959. Any course dropped after Saturday, February 14, shall normally carry a grade of "F".

H. L. Heaton, Director of Admissions and Registrar

Job facts from Du Pont

YOUR INTERESTS, SPECIAL ABILITIES ARE IMPORTANT WHEN DU PONT MAKES YOUR FIRST JOB ASSIGNMENT

BENEFIT PROGRAM MEANS ADDED INCOME by A. F. Hartford, Jr. Du Pont personnel representative

Don't forget the "extras" of an employee benefit program when you compare the job offers and salaries of different companies. At Du Pont, these extras mean added income that doesn't always meet the eye. They include life insurance, group hospitalization and surgical coverage, accident and health insurance, pension plan and paid vacation.

In addition, the Company sponsors a thrift plan. After two years of service, for every dollar you invest in U. S. Savings Bonds the Company sets aside 25 cents for the purchase of common stock in your name. Roughly, 60,000 of our employees are now participating in this plan.

If you have specific questions on Du Pont benefits, just send them to me. I'll be happy to try to answer them. E. I. du Pont de Nemours & Co. (Inc.), Room 12421 Nemours Building, Wilmington 98, Delaware.

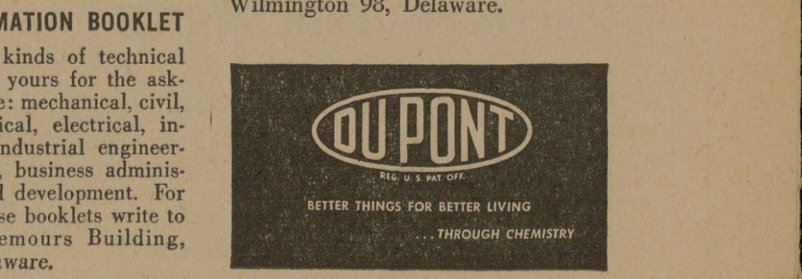

MECHANICAL ENGINEERING MOVIE AVAILABLE FOR A.S.M.E. MEETINGS

Just what does a mechanical engineer do at Du Pont? Whether your chosen field is research, development, design, production supervision or plant engineering, you'll find many of the answers to this question in the informative film, Mechanical Engineering at Du Pont.

From start to finish, this film has been prepared with the young engineer in mind. Its express purpose is to show him where he fits into the picture—that kind of assignments he will be called upon to handle in the chemical industry.

This is a realistic on-the-job film, without frills and falderal. No professional actors appear in it. All photography was done right in Du Pont plants and laboratories, and everyone you will see in it is a working Du Pont engineer.

If you would like to learn in considerable detail what mechanical engineers do in the chemical industry, arrange to see this Du Pont film. Mechanical Engineering at Du Pont is available at no cost for A.S.M.E. chapter meetings, fraternity house and dormitory showings. Write to Room 12421 Nemours Building, E. I. du Pont de Nemours & Co. (Inc.), Wilmington 98, Delaware.
