At 6:30 p.m. the student couples will hold a covered dish supper.

Recording Claims Russian Fighters Downed U.S. Plane

WASHINGTON (AP)—The United States exposed to the world yesterday a secret recording of excited, gloating voices it identified as those of Soviet jet fighter pilots shooting down a helpless U. S. transport plane.

One bit, merciless and boasting, said: "Yes, he is falling. I will finish him off, boys, I will finish him off on the run."
The graphic recording was made public by the State Department on the eve of the burial of two victims of the plane crash.

In all, 17 American airmen may have died. Certainly six did.
It was last Sept. 2 that the unarmored C10 transport was downed, near the border between Turkey and Soviet Armenia.

The craft was admittedly off course and it crashed about 25 miles inside Armenia—but there was no question about it being a transport, and there was a suspicion it may have been led astray by Soviet radio signals.

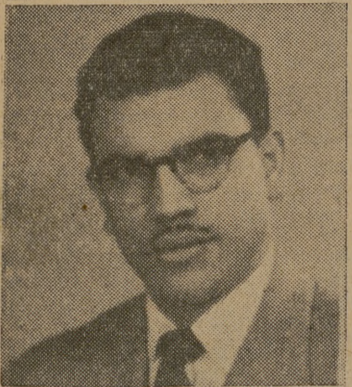

CONCLUSIVE EVIDENCE
CINCINNATI (AP)—A housewife here bought a raffle ticket for 50 cents on an electric clock. Afterwards she noticed the drawing was set for Feb. 29. But that's a leap year date—and two years away. She called police who arrested three men for investigation of a fake raffle swindle.

Research Scientist Attends NYC Meet

Dr. Yoshikazu Sasaki, research scientist in the Department of Oceanography and Meteorology, presented a paper at the recent annual meeting of the American Meteorological Society in New York City.

The paper was entitled "A Numerical Experiment for Squall Line Formation."
Sasaki, a former research fellow at Tokyo University, Tokyo, Japan, joined the Department of Oceanography and Meteorology two years ago.

Others attending the meeting of the American Meteorological Society were Dr. Walter J. Saucier, professor of meteorology, and Joe Goldman, Samuel J. Hall and Larry Peabody, graduate students.

Rev. Armando Divas
... Christian speaker
The World's Student Christian Federation will hold its Day of Prayer for Students Sunday at 6 p.m. in the Interfaith Chapel.
The Rev. Armando Divas will be the speaker. This is his second year as a lecturer for WSCF.
Many nationalities and denominations are present at the meetings, which are held annually on the A&M campus as well as many others.

News of the World

By The Associated Press

Pentagon Chief Says U. S. Catching Reds
WASHINGTON—Dr. Herbert Frank York, new Pentagon research director, told senators today the United States missile and defense program is overtaking that of the Soviets.
York, 37, offered this public testimony to the Senate Armed Services Committee as it unanimously approved his nomination as director of defense research and engineering.
York said this country is also building a rocket and missile engine with more thrust and power than those used by the Soviets.

House Approves Draft Extension
WASHINGTON—The House voted 381-20 Thursday to extend the draft four years beyond June 30.
A strong drive to hold the extension to two years failed. But it is expected to be renewed in the Senate, next stop for the bill backed by President Eisenhower and Pentagon chiefs.
The proposal to extend the draft for only two years lost by voice vote shortly before the final roll call. On passage, 244 Democrats and 137 Republicans voted yes.

WHO ARE THEY?
Who are these children?
Probably, you'll never know their names. The countries from which they come encircle the globe. They speak many languages. But each night, before they go to bed, they all say their prayers.
Prayer is the greatest common denominator. You can go to church in Japan or Chicago and, regardless of the language being spoken, you will find that you feel equally in communion with God.
On World Day of Prayer, join your friends and neighbors in church. Let your prayers mingle with those of other people in churches everywhere. Remember that throughout the centuries, prayer has proven itself the greatest of forces. Let it do so again!
