Verkoyansk, 92 degrees north of the Arctic Circle, is the world's coldest inhabited place. It has had a recorded temperature of 97.6 degrees below zero. It was once, and still may be, a Russian exile center.

WANT RECOGNITION?

Neophytes don't stay neophytes long in a Vought engineering group. From the start, the young engineer is recognized. He is teamed with experienced men. He is methodically assisted in finding his best field. To broaden his potential, there's company-sponsored work toward advanced degrees, a rotational training program. Ask our representative how Vought's recognition can help you advance while you're young.

OUR REPRESENTATIVE WILL BE IN YOUR PLACEMENT OFFICE

Methodist Minister

Rev. James B. Argue of the A&M Methodist Church goes over some important papers with his secretary, Mrs. Paul Andrews. Rev. Argue has been pastor of the church since the summer of 1957.

Several Ags Enjoy Bowling Celebration

Thirty-four Aggies rolled out of the sack last Friday morning at 5 to celebrate the first anniversary of the automatic pinsetters in the Memorial Student Center Bowling Alley.

John M. Geiger, manager of the lanes, said that three minutes after five all the lanes were in use and three were on reserve.

He also said a record 901 lines were bowled Saturday, breaking the old record by 181. Totals show that 144 lines were bowled between 5 and 7 a. m. and between 11 and 12 noon.

In the afternoon, students rolled 246 lines and followed with 31 more lines between 7 and 11 p. m. The end result was an average of 112 lines per alley for the day.

Geiger also stated the average number of lines bowled last year in the MSC was 42 lines per day in each lane. This compares favorably with the national average of 50-60 lines a day per lane.

SERVICES

SEWING MACHINE SPECIAL tune-up. Any make, \$1.95. New NECCHI-ELNA, \$13.00. Cabinets, \$33.00 up. Used machines, \$25.00 up. BRYAN SEWING MACHINE CO. VI 6-6723. 6418

OFFICIAL NOTICES

Official notices must be brought, mailed or telephoned so as to arrive in the Office of Student Publications (Ground Floor YMCA, VI 6-6415, hours 9-12, 1-5, daily Monday through Friday) at or before the deadline of 1 p. m. of the day preceding publication - Director of Student Publications.

All currently enrolled pre-veterinary medicine students who expect to qualify as applicants for admission into the School of Veterinary Medicine in September 1959 should file their applications in the Registrar's Office not later than April 1.

Forms to be used in making applications for admission to the School of Veterinary Medicine are available at the information desk in the Registrar's Office. H. L. Heaton, Director of Admissions and Registrar 6818

Distinguished Students in the School of Arts and Sciences may pick up their Distinguished Student Cards in the Office of the Dean. G. W. Schlesselman Acting Dean 6612

SUCCESSFUL COMPLETION OF THE AFOQT IS A PREREQUISITE FOR ADVANCED AIR FORCE ROTC CONTRACT. ANYONE DESIRING TO TAKE THIS EXAMINATION PLEASE CONTACT T/SGT McELROY, ROOM 311, MILITARY SCIENCE BUILDING, TELEPHONE VI 6-5113." E. J. BRIGGS Captain, USAF Test Control Officer 6714

Laboratory assistants are needed for the spring semester in the Physics Department. Men who have completed sophomore physics courses with superior records are wanted to assist with instruction, grading and the handling of apparatus in the laboratories. The scale of compensation is \$0.90 per hour for new assistants and \$1.00 per hour for experienced assistants. The opportunity for experience, as well as earnings, should be considered. Applicants for assistantships are invited to register at the office of the Physics Department (Room 201) as soon as possible. J. G. Potter Head of Department 6713

CANDIDATE FOR DEGREE Any student who normally expects to complete all the requirements for a degree by the end of the current semester should call by the Registrar's Office NOW and make formal application for a degree. March 1 is the deadline for filing an application for a degree to be conferred at the end of the current semester. This deadline applies to both graduate and undergraduate students. H. L. Heaton Director of Admissions and Registrar 64116

Changes in the list of courses for which any student is currently registered may be made only on the written recommendation of the head of each department concerned and with the approval of the dean of the student's school. A student may not add a course after Saturday, February 7, 1959. Any course dropped after Saturday, February 14, shall normally carry a grade of "F". H. L. Heaton, Director of Admissions and Registrar

FREE installation when you buy a muffler and tail pipe at JOE FAULK'S at wholesale price—30 to 40% below list. For the next 30 days. 214 N. Bryan.

About the Churches

Methodists Build Facilities From Barracks to Church

(Ed. Note: The following is the first in a series of articles designed to familiarize students with churches in the area in connection with the coming Religious Emphasis Week.)

By ROBBIE GODWIN Battalion Staff Writer

The story of the A&M Methodist Church is one of continuous progress since its beginning in 1919.

It was then a mission of the First Church of Bryan, housed in a WWI surplus barracks. The barracks served as a church until 1951, when the present building was built.

As the College Station community grew, the mission was established as an independent church.

Its membership grew steadily, and when the new church was built, the barracks was donated to the Wesley Foundation.

The current pastor, Rev. James B. Argue, came to A&M in June, 1957. He had been pastor of the Foster Place Methodist Church in Houston the preceding five years.

"It was a new experience for me," said Rev. Argue. "The Foster Place Church was in a post-war housing area and the congregation was made up mostly of married couples."

Rev. Argue said many boys come to him for counseling before leaving school. "They come from all the churches, not just mine. Some of them have legitimate gripes and others are just plain

homesick," he said.

In the last year, the church has air conditioned its sanctuary and installed a central heating system. It has bought property in the block just behind the College Station State Bank and architects are now drawing plans for a new Wesley building across the street.

Membership has increased rapidly in the past year. There have been 251 new members enrolled, and many students have affiliate membership.

Engineers!

Scientists!

WE'RE LOOKING FORWARD TO MEETING YOU

Last year we had the pleasure of meeting many engineering and science seniors during our visit to the campus. As a result of our discussions, a gratifying number chose to join our company.

We'll be back on the dates below, and this notice is your invitation to come in and see us.

If you're interested in joining a company that's a leader in fields-with-a-future, you'll be interested in the advantages Boeing can offer you. Boeing is in volume production of Bomarc, the nation's longest range defense missile, and is a prime contractor on Minuteman, an advanced solid-propellant intercontinental ballistic missile system. Boeing also holds a Phase I development contract for Dyna-Soar, a boost-glide vehicle.

Research projects at Boeing include celestial mechanics, hypersonics, energy conversion, solid

state physics, nuclear and plasma physics, advanced propulsion systems, space flight, and the effects of high temperatures on structures and materials.

Boeing is also the nation's foremost designer and builder of multi-jet aircraft. Production includes eight-jet B-52 global bombers, KC-135 jet transport-tankers and America's first jet airliner, the famous Boeing 707.

Expanding programs at Boeing offer outstanding career opportunities to graduates in engineering, science, mathematics, physics and related fields. Boeing's continuing growth, in addition, offers promising opportunities for advancement.

We hope you'll arrange an interview through your Placement Office. We're looking forward to meeting you.
