

Ecumenical Meet Planned March 6-8

The seventh annual Ecumenical Student Christian Conference, sponsored by the Student Christian Movements at A&M, will be held March 6-8 in the Wesley Foundation at the A&M Methodist Church.

The platform speaker for the conference will be Rev. W. Jack Lewis, founder-director of the Christian "Faith and Life" Community, a non-denominational training program for students at the University of Texas. Paul Green Wassenich, associate professor of the Department of Religion at Texas Christian University will be Bible lecturer.

Conceived in 1952, the conference has brought together at one time as many as 400 students and leaders from 29 campuses.

The program is being sponsored by the following churches: Disciples of Christ, Episcopalian, Lutheran, Methodist, Presbyterian and United Church of Christ.

Refining Company Gives Engineering School \$1,000 Aid

The Atlantic Refining Co. of Dallas has given A&M an unrestricted grant of \$1,000 for the School of Engineering.

The contribution is a continuation of the company's aid to education program and will be used upon the recommendation of Fred J. Benson, dean of the School of Engineering.

It will be used for such things as supplementary travel expenses, graduate study, fundamental research studies, development of program material, new courses or other special methods of improving professional and teaching potentialities of the faculty.

Safety Club Names Spring Officers

A&M's Student Safety Society elected Thomas R. Shandley president for the spring semester at a meeting last Tuesday night.

Other officers elected were Antone Pustejousky, vice president; Clifford W. Lane, secretary; Richard M. Scholl, treasurer; Hugh W. McLeland, reporter; Laverne C. May, social chairman; and Travis M. Fleming, program chairman. F. D. Nixon was elected society sponsor.

Edwin Arlington Robinson won the Pulitzer Prize for poetry in 1922, 1925 and 1928.

Oil Company Opens Contest On Chemistry

The 1959 contest in colloid and surface chemistry, sponsored by the Continental Oil Company, is now open for all college undergraduates in chemistry, biochemistry and chemical engineering.

Students who are undergraduates on April 1 are eligible to enter the contest, now in its third year.

Contestants may enter either a report on a research project conducted by themselves or an essay on the subject, "The contribution of Irving Langmuir to colloid and surface chemistry". Langmuir, who died two years ago, was a Noble Prize winner in chemistry.

The best essay and best report will receive prizes of \$500, and the two second best entries will be given \$200. Honorable mention prizes of \$50 each will also be awarded.

The deadline for submitting entries is July 1.

Entry blanks can be obtained by writing to K. J. Mysels, Department of Chemistry, University of Southern California, Los Angeles, 7, Cal.

Winners will be chosen by a panel of anonymous judges and will be announced Sept. 1.

Fire School Heads Attending Meeting

Chief of the Firemen's Training School, Henry D. Smith, and Tom Robinson, field instructor for the Engineering Extension Service, are attending the 31st Annual Fire Department Instructors Conference through Friday in Memphis, Tenn.

Representatives from the 49 states, Mexico, Canada, Iceland, Newfoundland and many other foreign countries are attending this international conference. Smith and Robinson are representing the State of Texas.

According to Smith, the object of this conference is to provide an opportunity for leaders in fire department training to exchange ideas and experiences, and to keep abreast of latest developments in various training programs and modern firemanship, said Smith.

Found Money

BOWLING GREEN, Ky. (AP) — Charlie T. Hays, a farmer, was tearing down the chimney of his house when he discovered a metal box containing \$5,000 in cash.

Hays, who has lived in the house 20 years, said he didn't know who had hid the money, but added: "It was enough to be appreciated."

Sunday Services, Sermons Told by Local Churches

A&M Church of Christ
Bible classes will begin at 9:45 a.m., followed by worship services at 10:45 a.m. Sermon topic for the morning service will be "The Church and Its Problems." Topic for the 7:15 p.m. service will be "The Sixth Commandment."

A&M Methodist Church
Dr. Sterling F. Wheeler, vice president of Southern Methodist University, will be guest speaker for the Wesley Foundation Sunday evening. Rev. Wheeler will speak at 5:45 p.m. and will deliver the sermon at the 7 p.m. service.

Bible classes will begin at 9:45 a.m. and a worship service will follow at 10:45.

A&M Presbyterian Church
Sunday school will be at 9:45 a.m. and morning worship is at 11:00 a.m. Sermon topic will be "Christ for the World."

Junior Choir rehearsal will be at 4:00 p.m. and Junior, Intermediate, and Senior High School Leagues will meet at 5:00 p.m.

Bethel Lutheran Church
Communion service will be at 8:15 a.m. with the sermon topic being "Christ's Humiliation." There will also be a worship service at 10:45 a.m. Bible classes meet at 9:30 a.m.

Easter services Choir will be at

4:30 p.m. and membership lecture at 7:30 p.m. A Lenten service will be held at 7:45 p.m. Wednesday, with a sermon topic of "Were You There When He Was Condemned?"

Our Savior's Lutheran Church
Dean Adolph Streng of Texas Lutheran College will give the sermon at the 8:15 and 10:45 a.m. services. His sermon topic will be "The Blessings of Christian Creeds and Ideologies." Church school will meet at 9:30 a.m.

The intern's sermon topic at the Wednesday night Lenten service will be "Gods of Our Pleasure."

Unitarian Fellowship of Brazos County
Dr. E. E. Stokes will talk on the subject "Shaw and John Bunyan" at the regular meeting at 8:00 p.m. Sunday in the cabinet room of the YMCA.

SAME Group Home From Vicksburg

Members of the A&M Chapter of the Society of American Military Engineers returned this week from a four-day field trip to Vicksburg, Miss., where they visited various phases of the water-ways experiment station.

Highlights of the trip included visits to the new industrial center being constructed on the Mississippi River, and the model in concrete of the Mississippi River Basin, which was begun by German prisoners of war during World War II.

Much interest was taken by the cadets as they listened to such professional men as Col. E. H. Lang, head of the Corp of Engineers at Vicksburg, who discussed the purposes and accomplishments of the experiment station.

The problems that are sent into the experimental station vary from providing effective flood control on the Mississippi River to portable landing strips that can be dropped from airplanes.

Saturday afternoon the cadets were treated to an extra with a tour of the Vicksburg Military Park.

Institutional Wares To Be Shown Here

State and national manufacturers of institutional supplies will display their wares in the Mechanical Engineering Shop Building today and Saturday.

There will be 32 booths operated by 28 companies in the exhibits. The main purpose of this display is giving information, but there will be some demonstrations.

This exhibition is part of the Texas Industrial Arts Assn. Conference jointly sponsored by the Department of Industrial Education, Texas Industrial Arts Assn. and the Texas Engineering Extension Service.

The exhibits will be open 3:30 to 5:30 p.m. Friday and 9:30 to 11:30 a.m. Saturday.

I.Ed. Classes To Teach Safety In Fire Fighting

Texas A&M industrial education safety classes will conduct two fire fighting demonstrations in the Mechanical Engineering shops on April 4 and 11.

Henry D. Smith, chief instructor of the Fireman Training School, a division of the Engineering Extension, will demonstrate the correct and safe use of first aid fire fighting equipment. Smith will also demonstrate the proper method of extinguishing class A and class B fires.

The 60-member safety class is being split into two groups so that more attention can be given to individual students.

Each lecture and demonstration will cover identical material.

Ike Delock, Boston's ace pitcher, won 20 games for Scranton in 1951.

Engineering Exam To Be Closed Book

The Engineer Training Examination, April 13-14, will be a closed book exam from 7-11 p.m., according to the Office of the Dean of Engineering.

This corrects the statement made in the January issue of the Texas A&M Engineer which stated that the exam would be an open book test.

BUILT ON SAND?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	25	31-46
Monday	Matthew	12	22-50
Tuesday	Matthew	13	1-23
Wednesday	Matthew	13	24-52
Thursday	Mark	5	1-20
Friday	Mark	5	21-43
Saturday	Mark	6	1-13
