

Come On To Tessieland

Extending an invitation to all A&M sophomores are Texas Woman's University sophomore class officers (top to bottom) Heidi Trept, Linda Abbott, Dolores Chapa and Martha Shawn.

Tessies Invite Ag Sophomores To Weekend Dance at Denton

Charles C. Murphy, sophomore class president, said yesterday that all A&M sophomores have been invited to a dance Saturday night at Texas Woman's University by the TWU class of '61.

The dance will be held in the Recreation Room of Capps Hall from 9-12 p.m. Tickets will be 25¢ stag and 30¢ drag.

Martha Shawn, secretary of the class of '61, said, "We will provide moonlight serenading by the 'Ser-

enaders' for all of the 'moon-watchers' who can stop watching the new space rocket long enough to come up this weekend."

Dee Dee Chapa, class president, told Murphy, "We have had a lot of fun planning this dance and we are all looking forward to Saturday night."

Dr. Leipper Serves As Navy Consultant

Dr. Dale F. Leipper, head of the Department of Oceanography and Meteorology, recently spent three days with a U.S. Navy task force as a consultant for the National Academy of Sciences Committee on Undersea Warfare.

He was aboard the carrier Valley Forge, a part of task force Alpha operating off the coast of Virginia.

Accompanying Leipper was John W. Cooper, National Academy of Science, and Walter White, Navy Hydrographic office, both of Washington, D.C.

Leipper, whose visit with the task force was in connection with effects of oceanographic environment of naval operations, returned from the carrier to Norfolk, Va., on a submarine detection plane which was catapulted from the vessel.

Ags Assist Judges At Houston Show

Fifteen Aggies are assisting officials in the 1959 Houston Fat Stock Show.

The Aggies will represent the A&M Saddle and Siroin Club which will sponsor three steers at the show to be held tomorrow. The steers include two Herefords and one Angus which will be entered in the open division. James Waldrop and Jim Holloway will take the steers to Houston.

Each of the fifteen participating Aggies will work with a department head of some division of the show. The group will also assist the officials in managing the particular departments by keeping records and helping judge.

Seven of the boys worked with the show last week and eight more are scheduled to work at different times this week, according to F. I. Dahlberg, professor of animal husbandry at A&M.

The students, mostly animal husbandry majors, were selected from a group of volunteers.

Engineer to Speak To Safety Classes

J. U. Parker, chief safety engineer for Humble Oil and Refining Company, will present a lecture to industrial education safety classes tonight at 7:30 in Room 113 of the Biological Sciences Building.

Parker presented a similar lecture to the classes last year in which he played the part of a safety engineer with Humble and related it to other industries.

Jockey Steve Brooks is in his 21st year as a rider and has more than 18,600 winners.

Hollywood Park racetrack set a record for its course in 1957 when 1,705,306 persons attended.

Veterinary Students Play Guinea Pig For Rabies Vaccination Serum Tests

A&M veterinary students were "guinea pigs" for tests of a new rabies vaccine now being conducted to determine the efficiency of modified live virus and dead virus vaccines in the immunization of humans against the disease.

College physicians Dr. C. R. Lyons and Dr. K. L. Nelson administered the shots to the group Feb. 26.

The new vaccine is of a type known as the Flury Strain. It is named in honor of the small girl from whose brain tissue the original live virus was taken. Her

family name was Flury.

Rabies is spread by the infective saliva of rabid animals. The causation of the disease depends upon various factors including susceptibility of the host; invasiveness of the virus; severity and profundity of bites incurred and the amount of virus laden saliva introduced into the victim. Those animals which are susceptible to the disease include all of the warm-blooded animals, including man. Once symptoms appear, the disease is invariably fatal to all mammals except the bat.

THINKLISH

English: SCANDAL MAGAZINE

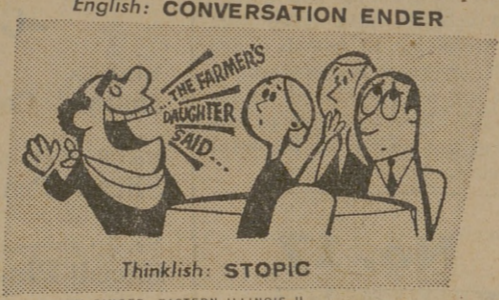

Thinklish translation: This magazine is put out by a bunch of troublemakers. Their other monthly offerings: a horror series (*feariodical*), pin-up pictures (*leeriodical*) and a fortune tellers' gazette (*seeriodical*). Naturally, none carries ads mentioning the honest taste of fine tobacco. Who'd want Lucky Strike mixing with that crowd? As for the scandal sheet, it's a *smeariodical* which deserves nothing but *snublicity*.
