

Ags Thump Cougars, 12-3

The Aggie baseball team, led by the booming bats of Gary Herrington and Byron Barber, pushed across eight runs in the second inning and four in the remaining seven to coast to a 12-3 victory over the University of Houston Cougars yesterday afternoon on Kyle Field.

Herrington made the first Aggie hit and scored the first run when he stepped to the plate in the bottom of the second and slammed the first pitch over the left field fence. Barber's lone homer came in the fifth when he lifted a high drive over the fence scoring Windel Reed.

Both hurlers retired their batters in order in the first inning with Ayres sinking the next three in succession. Herrington opened up the Aggies part of the second inning with his homer followed by Bo Paradowski who grounded out, second to first. Shortstop Ralph Plumlee walked and right fielder Lloyd Stone batted out a sharp double to score Plumlee. The next four men were issued walks by the Cougar's Pieper with Byron Barber smacking out his first hit, a single, scoring Ayres. Herrington made his second

trip to the plate that inning and walked, bringing in another runner. The Cougar coach then jerked Pieper from the mound and shoved Ted Langlie onto the diamond to face the Ags.

Paradowski greeted the new pitcher with a single through short stop and the inning finally ground to a halt with Plumlee forcing Paradowski at second and Stone flying out to left.

The Farmers scored one run in the fourth on two errors and a passed ball. Their final three runs came in the fifth on four hits, one of them Barber's two-run homer.

Houston came to life in the seventh to push across two runs on three hits off A&M's Thompson. The Ag slinger issued one walk while his teammates scored one error helping the Houston cause.

Freddie Green, the Cougar's third sacker, showed that all the power wasn't with the Cadets when he connected on one of Thompson's pitches in the eighth for a home run.

Ag Bowling Team Topples Arlington

The A&M varsity bowling team remained undefeated Saturday by downing the Arlington State Rebels in a five-game match at the Arlington lanes, 4568 to 4229.

The victory was the eighth straight of the season for the Aggies who are prepping for the national championships to be held at A&M in the near future.

High individual honors for the five-game match went to A&M's Don Jones who averaged 197. Larry Dantzler followed his teammate with a 187 average.

The Cadet second team did almost as well as their varsity brothers by winning four of five games from their Rebel opponents. Final score in those matches were 4181 to 3883.

Arlington is scheduled to face the Aggies in a return match sometime during the next month, the date to be announced later.

Frosh Baseball Squad Meets Tarleton Today

The A&M freshman baseball team, fresh from their triumph over the Allen Academy Ramblers, tackle the Tarleton Ploughboys today at 3 p. m. on Kyle Field.

Expected to start on the mound for the Farmers is Jessie McQuire, the short righthander from Plainview. Bill Vincent, winner over the Ramblers, will be ready in the bull pen to relieve the frosh of the going gets rough.

McQuire's battery mate is Fred Praetorius. The 215-pound catcher slugged a three run homer in the first outing of the season. Jay Bowman, a 6-6 lefty from Paris, will be at first while John Hudson holds down the shortstop position.

With McQuire throwing, second could be a toss-up, but Pat Clancy, fresh from the basketball squad, could hold down that position. Clancy is a quick moving six-footer from Beaumont.

Felix Burton, a 6-2 athlete from Henderson, should be ready at third. Burton showed he could be a long ball hitter against the Ramblers when he lofted a long drive into the center field fence

that was cut short for a double. Roaming the outfield for the Cadets are Jim Childers, S. J. Halpin and A. L. French.

SPORT SLANTS

By BOB WEEKLEY

Before the Southwest Conference baseball race opens, and opens it does Saturday, I hope the powers-that-be hold spring house cleaning at the Kyle Field diamond.

Perhaps the first thing they should do is run the pigeons and sparrows out from under the eaves of that sturdy top that covers the seats.

It would be a very handy thing if they would do so, because for some reason or the other people refuse to sit where droppings lay. As one wag commented, "the place is plumb unsanitary."

And after the seats are cleaned a carpenter could be hired to sand down some of the rough spots and a spot or two of paint applied judiciously here and there. Splinters have become an occupational hazard to those who watch the game and squirm about in their seats during moments of excitement.

If the sanding or the splinter removing is not done a first aid station with an ample supply of iodine could take care of many of the injured.

Perhaps the next thing that could be taken care of would be the wooden passageway to the press box. He who treeds those steps must have a strong heart, because from the first wobbling steps onto the ladder until the last lunge towards the comparative safety of the press box one is in complete terror of falling, along with the steps, to the floor below.

A sign or two might also be erected at conspicuous spots telling the fans where the rest rooms might be located. It might save a lot of people the embarrassment of charging up and down the aisles with anguish in their eye and hope dying in their breast.

But be that as it may, fixed or unfixed, the loyal will arrive in droves to watch the game in enjoyment and suffer their seats in stolid quiet.

That's the spirit of Aggieland.
