

Farmers Maul Froggies, 14-7

Lebanon, a troubled country in the Middle East, is four-fifths the size of Connecticut.

The booming bats of the Texas Aggies brought the Farmers from behind in the bottom of the sixth inning to down the TCU Horned Frogs, 14-7, in a Southwest Con-

ference battle for second position in Kyle Field yesterday. A&M's victory moved the Cadets into a two-way tie for second with Rice who was downed by the

Longhorns yesterday, 1-0. Both teams sport a 3-2 conference mark while the loop-leading Steers boast a 3-1 record. Lanky Wayne Schaper received

credit for the win after he relieved starter Larry Ayres in the third and built up an eight-run lead before relinquishing the mound to Donnie Hullum at the start of the ninth. Darrel Read took the loss for the Frogs.

The Aggies went home run-wild with Byron Barber, A&M's sophomore left-fielder, slamming two round-trippers, Gary Herrington, one, and Dink Patterson another circuit blow. Barber was far and away the game's hero, slamming two homers, one in the first and another in the fourth inning, and a single and a double in the sixth, scoring two runs in that frame.

Barber opened the eight-run sixth inning with a single and scored on Herrington's homer. Shortstop Ralph Plumlee kept the Aggies hopes high when he advanced on an error to second and scored when Stuffey Davis doubled to the left field fence.

Davis came scampering home after Patterson made his circuit blow, hitting the second pitch of reliever Rode Gonzales over the left-center fence. Schaper helped his own cause when he walked and advanced on singles by little J. B. Carroll and Windel Reed. Then Barber slammed his double to the fence scoring two more runs. The inning ended for the Ags after Reed scampered home on Dick Hicker-son's long fly to center.

The Cadets scored their remaining four runs in the next inning on two doubles, a single, fielder's choice and an error at the home plate.

The Aggies' next game will be

Friday when they face the Baylor Bears in Waco.

Major Leagues Switch Script With Players in New Cities

NEW YORK (AP)—The big leagues are switching the script for this year's openers. The clubs will be in the same cities but the players will be in new towns.

Only about 50 percent of last year's starters will be manning the same battle stations when the baseball season gets under way with two special openers Thursday and a seven-game schedule in Friday.

That doesn't mean that half the players have decided to stay home and play the market. Most of them merely shifted uniforms during the off season trading spree.

The closest thing to standpat lineups will be offered by the New York Yankees and the Chicago White Sox, who did no swapping.

Once again the Yankees and Milwaukee Braves are favored. Casey Stengel will tie John McGraw's feat of winning 10 pennants if he

gets New York home first again. The Braves are expected to have trouble, with San Francisco and Pittsburgh as the most respected threats.

Here is the two-day opening schedule that is expected to attract about 267,000 fans, par for the course.

Thursday—American League: Baltimore at Washington. National League: Pittsburgh at Cincinnati.

Friday—American League: Boston at New York, Chicago at Detroit, Cleveland at Kansas City. National League: Cincinnati at Philadelphia night, San Francisco at St. Louis night; Los Angeles at Chicago, Milwaukee at Pittsburgh.

President Eisenhower's golfing vacation leaves Vice President Nixon with the job of getting the sea-

son started at Washington. Pedro Ramos, the rubber armed Cuban, is expected to be the Senators' pitcher against Baltimore's Jack Harshman.

In the National League, the revamped Reds plan to send Bob Purkey against the Pirates' Ronnie Kline.

Dantzler Represents A&M at Tournament

Larry Dantzler, freshman civil engineering major from Dallas, will represent A&M and other colleges in Region IX of the Assn. of College Unions in a national intercollegiate bowling tournament Thursday in St. Louis, Mo.

The tournament, in which representatives of all national ACU regions will bowl in a face-to-face match for the first time, will be held in conjunction with the American Bowling Congress national tournament.

Dantzler won the all-expense-paid trip to the national roll-off by recording one of the two highest scores recorded in the Region IX write-in tournament—a 190 average. He was competing with bowlers from 30 colleges in Texas, Louisiana, Mississippi, Arkansas and Oklahoma.

According to John Poena, chairman of the Memorial Student Center Bowling Committee, Dantzler is an active member of that organization. In addition to being a member of the A&M match bowling team, composed of the top ten bowlers from the two committee leagues, he is in charge of scheduling team matches with other colleges.

Dantzler's bowling average in the MSC committee is 182, while in the Bryan "Mix and Match" and the "Bryan All-Star" leagues he holds 192 and 187 averages, respectively.

The avid bowler reports that his interest in the game began on the Aggie campus approximately five years ago. He bowled his first game in the YMCA building while here visiting his brother, J. Edward Dantzler, '56.

In January, 1956, after 18 league games, he had a 115 average. From that time Dantzler estimates that he bowled seven or eight games a

day, until in January, 1957, he had attained a 176 average. Before coming to A&M, he bowled in several Dallas leagues.

Auroras, the glowing "northern lights," are most frequently seen in northern Canada and Siberia. However, there have been a few times when they have been seen as far southward as the outskirts of Mexico City.
