The purpose of the practice meet is to prepare the clubs for the Flying Meet, said Ryan. He said that the University of Illinois will be the host for the annual event this year.

president, will present the officers and act as master of ceremonies. The ball will begin at 9 p.m. and the Aggieband Combo will furnish the music.

Local Instructors Teach Management Course in Amarillo

The management course in supervision for business, industrial and municipal management personnel will be held May 4-8, at Amarillo College in Amarillo, and will be taught by Elmer Freed and Vergil B. Clark, Supervisory Training instructor for the Engineering Extension Service.

Topics for the 40-hour course, offered away from the A&M campus for the first time, will include analysis of the managerial position, delegating of duties, responsibilities and authority, employee relations, employe attitudes and problems of costs and wages.

Plant owners and managers, production managers, department heads, superintendents and personnel directors from the Panhandle area, Oklahoma and New Mexico are expected to enroll for the course, according to Hardy E. Stevens, dean of the Evening School at Amarillo College.

Communist Germany Throws Doubt in East - West Talks

BERLIN (AP)—Communist East Germany dimmed hopes for East-West agreement at next month's foreign ministers conference.

Premier Otto Grotewohl in a belligerent speech before East Germany's Parliament, outlined an uncompromising policy that undoubtedly foreshadowed the stand Soviet Foreign Minister Andrei Gromyko will take at Geneva May 11.

Geneva prospects also were darkened by another exchange of Soviet and U.S. protests over the latest buzzing of a high-flying American transport plane by Soviet MIG jets on a flight to Berlin.

Basic Division Plans Testing During Summer

The Basic Division will administer five 2-day testing and counseling sessions during the summer to freshmen about to enter A&M for the fall semester of 1959. C. H. Ransdell, associate dean of the Basic Division, said yesterday.

Letters have been sent to each new student, telling them of these tests and their convenience.

"The tests are optional and are strictly for the student's own benefit," Ransdell said.

The tests are given the first day and the counseling the second. The results of the tests and the student's high school record will be discussed with each individual student. He will then be counseled as to the courses he is to take and anything else that may be beneficial to him.

"Last year the Basic Division administered only two of these sessions and found them to be highly beneficial to the students," Ransdell said.

Those new students who have applied for Opportunity Award Scholarships will be tested April 25 and May 2, Ransdell said.

In his speech Grotewohl declared: "The question of reunification is an internal German affair and will not be at matter for debate at Geneva."

Just as curtly, Grotewohl rejected U.S. suggestions that his East Berlin capitol be placed under international control together with West Berlin.

"We have no intention of allowing this," he snapped.

Grotewohl demanded acceptance of a Soviet proposal—already rejected by the West—for transforming West Berlin into a so-called demilitarized free city inside a loose confederation of the two Germanys.

Then Grotewohl disclosed what he—and undoubtedly the Soviets—want to bring up at Geneva. He said the East German delegation to the meeting will have these directives:

1. A World War II peace treaty with Germany must be concluded as a prerequisite to reunification;
2. Occupation of West Berlin must be ended because the present status of the divided city threatens world peace; and
3. A thinning out of troops in central Europe must be brought about to relax tensions.

Grotewohl did not mention the latest U.S.-Soviet Berlin air corridor dispute, which also is clouding prospects for Geneva.

Defying Soviet insistence that altitudes above 10,000 feet in the three Berlin air corridors be reserved for Communist aircraft, a U.S. Air Force C130 transport made the round trip at above 20,000 feet. The United States contends the planes operate more efficiently at high altitudes.

OUR FIRST PAIR OF SHOES

A great king, so the legend goes, once stepped on a thorn in his garden. In a rage he ordered his entire kingdom covered with leather. His wise prime minister suggested, "let me cover your feet with leather, and wherever you go you will be protected." And so the first pair of shoes was made!

The little fellow who wears these shoes has a long way to travel. His journey through life will not be free of thorns. And he'll need more than shoes to make that journey!

He'll need to develop a spiritual fiber which will strengthen his character. A man can't carpet the whole world—but he can acquire the faith and courage which will enable him to climb life's most rugged trails.

The Church brings such qualities to the life of man. The Church points the way to happy wholesome living—for the grown-up with the burdens of life on his shoulders—and for the little tot in his first pair of shoes!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
