Dow Chemical Test Set Next Monday

Examinations for the Dow Chemical Co. Scholarship Award will be given to freshman chemistry students in the Chemistry Building on Monday.

The examination will take approximately two hours to complete. Participants in the examination must be recommended by their chemistry instructor in order to qualify.

Between 20 and 30 freshmen will take the examination, according to Dr. Robert B. Alexander, freshman chemistry professor.

Civilian Room Reservation Procedure for Fall Set Up

Procedure for civilian students wishing to make room reservations for the fall semester, 1959, in Law (Ramps 1-6), Puryear, Mitchell, Legett, Milner, and Walton, was announced by Harry L. Boyer, housing manager.

"They should contact the housemaster of the dormitory concerned and get signed up on his fall roster," Boyer said.

A room reservation card and \$6 deposit should be sent to the Fiscal Office by July 31, he added.

The cut-off date for signing up

for the dormitories concerned will be May 30, except the Walton roster which will be turned in to the Housing Office on May 15, said Boyer.

Students making reservations as above will have room priority over students during the summer, provided their room reservations are in by July 31. Students who go to summer school must use the same procedure as students who do not in order to insure obtaining desired rooms in the fall.

Four Seniors To Receive Faculty Award

Engineering Faculty Achievement awards will be presented to four graduating seniors in the School of Engineering May 18. The presentations will be made at the faculty meeting in the Chemistry Building at 4 p.m.

Each winner will get a plaque with his name engraved on it and the four men's names will be put down on the permanent records of the college.

A point system is used to determine who will receive the awards. The individual receives points for scholastic achievement, previous awards, military activities, athletics, offices and activities participated in and how much he earned of his college expenses. The four persons compiling the most points will be the winners of these achievement awards.

Fred J. Benson, dean of engineering, said that in years past, there have been from two to seven winners each year.

Three Jet Fighters Crash into Atlantic

MYRTLE BEACH, S.C. (AP)—Three jet fighters, part of a night training flight, suddenly whipped out of formation early Wednesday and hurtled seaward, crashing one after another into the Atlantic Ocean. All three pilots were killed.

Officers at Myrtle Beach Air Force Base had no ready explanation for the crash. The F100 Super Sabre jets were on a night navigation and refueling mission, and others in the flight saw no collision.
