budget revisions brought on by policy changes in the Texas Legislature's state islature partially accounts for the three-way increase in student services to \$17.35 this year.

Last year, the MSC received \$2 per student from the Memorial \$2 per student Center fee paid, as established by vote of the A&M student body and the Texas Legislature's state directly appropriations for this purpose were revised. The rule now stands that the Legislature will not support this program on the basis that it is not a refrom the student services fee dent body and the Texas Legislature's state directly appropriates \$41,000 to the overall picture, the MSC calls for approximately \$122,000 for maintaining physical facilities. Of this amount, the state directly appropriates \$41,000 to the Center; \$10,000 each year comes in from MSC rental charges of rooms, banquets and other similar activities; plus the \$20,000 on the basis that it is not a refrom the student services fee. Looking at the overall picture, from the student services fee.

This leaves an amount of \$51,-000 which must be transfered from Academy Gallery, New York City, form soon by the Texas Game and freshmen and sophomores will sit at the University of California, Since this one program requires businesses of the Center.
