Nauert Added To Extension Service Staff

Ed F. Nauert, who has 37 years of experience in the electrical field, has taken a position as instructor in charge of municipal electric training for the Engineering Extension Service here.

Nauert's duties will include travel over the state conducting classes to develop sound, practical training and safety programs for municipal electrical employees.

Born in Dessan in Travis Co., Nauert first worked as lineman helper, then lineman-foreman before coming to the Engineering Extension Service in 1942 as chief instructor of the Rural Electric Line Crews Training Program. In 1950 he left to become electrical adviser for the Bartlett Electric Cooperative and later entered the electrical contracting business. He also worked for two years with a radio supply concern in Temple before returning to the Engineering Extension Service.

Nauert and his wife have two married sons and will live in College Station. He will maintain his headquarters there.

Outstanding Dairy Judges

Members of the A&M dairy judging team made top scores at the recent Mid-South Fair at Memphis, Tenn., and the National Dairy Cattle Congress contest held at Waterloo, Iowa. Left to right, they are Paul Payne of Mount Pleasant; William Lee, College Station; Fred Thornberry, Conroe; Troy Tatum, Dublin; Holton Vincent, Sulfur, La.; and Dr. M. A. Brown, assistant professor in the Department of Dairy Science and Team Coach.

ALL FOR NOTHING

DENVER (AP)—Elvires Martinez, 21, paid \$3,600 for a hard-top automobile, then decided it wasn't low enough to the ground. He spent \$600 more at a garage to take four inches off the top and lower the body six inches.

The first time Martinez drove his reconstructed car, a policeman stopped him and ordered the car hauled to the police pound. Not enough windshield space, the policeman ruled.

AGGIE GRADUATE GETS RESEARCH FELLOWSHIP

Robert E. Zumwalt, a resident of Hallettsville and a graduate of A&M, has been awarded the Ethyl Corp. graduation research fellowship in chemical engineering at the University of Delaware for the 1959-60 academic year, the company announced today.

Zumwalt will receive a stipend of \$1,800 for living expenses plus an allowance for tuition and fees. In addition, the chemical engineering department at the university will receive \$600 from Ethyl for expenses in connection with Zumwalt's research work, which will be directed by Dr. J. R. Ferron. Zumwalt received his B.S. in chemical engineering here in 1955. He served as a lieutenant in the Army Chemical Corps from 1957-59. Zumwalt expects to receive his Ph.D. in chemical engineering in 1961. This marks the 23rd consecutive year that Ethyl Corporation has

provided graduate research fellowships as one phase of its over-all program of aid-to-education. In all, Ethyl is providing 21 such fellowships during the current academic year at leading colleges and universities.

Omar Khayyám writes a new jingle

A jug of Wine,
A loaf of Bread
and Winston's
Filter-Blend!

Old Omar has come up with another corker of a couplet. Freely translated from the Persian:

It's what's up front that counts
If it hasn't got it there it hasn't got it

True, the lines don't scan. But what do you expect from a tent-maker—the perfect rhyme of “Winston tastes good like a cigarette should”? We'll admit that something may have been lost in the translation. But when it comes to Winston, nothing is lost in the translation of rich, good tobacco taste. That's because up front of a pure white filter Winston has Filter-Blend—a special selection of mild fla-

vorful tobaccos specially processed for filter smoking. Winston is designed to taste good. Or, as Omar puts it: The Moving Lighter lights; and having lit, Flicks off. Then you draw on IT, And bit by bit smoking pleasure mounts; With Filter-Blend up front, Winston's got what counts!
