... Journalism Which Succeeds Best—and Best Deserves Success—Fears God and Honors Man; Is Stoutly Independent, Unmoved by Pride of Opinion or Creed of Power... Walter Williams

Spirit Counts

If Spirit can win ball games, then the Aggies can look forward to a string of five victories for the remainder of the season.

The Spirit shown today by members of the Corps of Cadets before noon meal formation and by all Aggies at the game Saturday against Texas Christian University shows what makes Aggies men.

It doesn't take much Spirit to yell for a team when they are winning, but to yell like the Men of Aggieland did Saturday at Fort Worth shows the difference between Aggies and college students.

The Twelfth Man has become synonymous with Spirit throughout the nation. No other college or university can boast the reputation for the undying Spirit that the Men of Aggieland possess.

Things haven't been easy for the Ags since that day in 1922 when then Texas A&M Coach D. X. Bible called into the stands for King Gill to initiate the Twelfth Man tradition.

That spirit of readiness, desire and enthusiasm kindled a flame of devotion throughout the entire student body—a Spirit that has grown through the years.

This Spirit covers more than athletic events. It is the basis for the largest fraternity in the world—the Men of Aggieland.

The reception given Jim Myers today by the Corps was another example of this famous Aggie Spirit—the same Spirit that has supported Cadet athletic teams through both fat and thin years.

For a team that isn't supposed to win but four games all year and finish sixth in the conference, the Cadets are already proving the experts wrong.

This season is far from being the worst football season in Texas A&M's history. No further back in history than 1954, when the Ag's only win was a 6-0 victory over Georgia, things have been worse for the Texas Aggies.

The Men of Aggieland will continue to carry on the tradition of the Twelfth Man and the athletic teams will continue to fight for us.

They're our representatives. It's up to us to support them—win, lose or draw.

What's Cooking

The following clubs and organizations will meet tonight:

Grayson County Hometown Club will meet in the Gay Room of the YMCA.

Abilene Hometown Club will meet in the Academic Building.

ASAE meets in the main lecture Room of the Agricultural Engineering Building for a short business meeting. A film, "Agro-Dynamics", will be shown.

Baytown Hometown Club meets in Room 101 of the Academic Building.

Bell County Hometown Club will meet in Room 3-B of the MSC. An election of officers will be held and a football film will be shown.

Brown County Hometown Club meets in the Academic Building.

Del Rio Hometown Club will meet in the lobby of the MSC.

Midland Hometown Club will meet in Room 201 of the YMCA.

Red River Hometown Club meets in Room 2-C of the MSC.

Trans-Pecos Hometown Club will meet in the Animal Industries Building.

Wichita Falls Hometown Club will meet in Room 3-B of the MSC.

Yankee Hometown Club will meet in the YMCA Cushing Room.

Brush Country Hometown Club will meet in Room 3-C of the MSC.

Marshall Hometown Club will meet in the YMCA Lobby.

Electrical Worker Injured on Job

Tommy Hensarling, Hensarling Electrical Co. employe, was injured Tuesday while working on the new data processing building.

Hensarling was loading a "stud" gun, used to shoot lead into concrete and carrying a .32 caliber charge, when the tool discharged, hitting his leg according to Campus Security Officer C. E. Bolton.

He was taken to St. Joseph's Hospital in Bryan where he was treated and released.

Social Whirl

University Dames Club will hold their rehearsal for Sunday's fashion show in the MSC Ballroom tonight at 7:30.

All models planning to be in the fashion show must attend the rehearsal.

Dabbs Stands Out In Language Field

BY BOB SAILE Battalion Staff Writer

One of the outstanding names in the field of modern language is that of Jack Autrey Dabbs, professor in the Department of Modern Languages and a member of the A&M faculty since 1950.

Dabbs is recognized as an authority on many phases of modern languages, notably Indo-European linguistics, Latin American history and translation and interpreting in the armed forces. Among the many articles and books which he has had published are the following:

'Namelore in Latin America', a bibliography of name studies published in September, 1953; 'The Texas Missions in 1785', published in January, 1939; 'The Spanish Crown and Early American names', published in June, 1955; and 'Translators and Interpreters in the Armed Forces', published in Military Review in January, 1956.

Dabbs joined the A&M faculty in 1950 as an assistant professor in the Department of Modern Languages and is now a professor in that department.

Dabbs was born on Jan. 31, 1914, in Mercury, Texas. He served in the Army during the 1940-48, serving as a military government officer and attaining the rank of captain. He spent two years in Germany, and seven months in Korea. While in Germany, he was given the job of translating captured Nazi documents and Nazi party records for use in the war crimes trials. One of the tedious aspects of the job, as he recalls it, was sorting out (with adequate assistance), nine million Nazi registration cards.

In 1941 he married Anna V. Dabbs and now resides with her and his daughter, Danielle E. Dabbs, at 1101 Edgewood in Bryan.

Dabbs attended the University of Texas, Tarleton State College,

the University of Michigan, the University of Chicago, the University of Virginia and the University of Guanajuato in Mexico. He was assistant professor of Spanish and French at St. Edward's University in Austin during the years 1938-40 and 1948-50.

Among the research projects which Dabbs now has underway are an index verborum, a history of exploration of Central Asia and an Archives of Mariano Riva Palacio.
