

University Dames Style Show
... rehearsal for Sunday performance

Dames Set Style Show

The A&M Chapter of the University Dames Club will hold its annual "Having An Affair With Fashion" this Sunday from 3-5 p.m. in the Memorial Student Center Ballroom.

This year's show is given by Pruitt's Fabric Shop of College Station with models selected by Pruitt's and from the Aggie Wives' Clubs.

Mrs. William B. Chapman, chairman of the show, said the show was being given again this

year because it received such a good reception last year.

Mrs. Chapman also said this was the first time a fashion show based on patterns has been given in this area. Patterns are from Vogue, McCall's and Simplicity chosen by and made from fabrics from Pruitt's.

Clothes will be shown for all ages and styles will vary from sport clothes and little girls' clothes to evening gowns.

Tickets are 50¢ and will be available at the door. Local merchants have donated 10 items that will be given away as door prizes during the show.

In charge of the show, which is sponsored by the Dames Club as their money raising project for this year are: Mrs. William B. Chapman, chairman; Mrs. Robert

L. Spaw and Mrs. James R. Peurifoy, publicity; Mrs. Bill Mogford, commentator and Mrs. Milton D. Williams, Pruitt's consultant.

Pet. E. Dept. Receives Grant

A grant of \$2,500 has been made to the Department of Petroleum Engineering here by the American Assn. of Oilwell Drilling Contractors, Robert L. Whiting, head of the department, announced today.

The fund will be used to assist the department in instituting an Advanced Drilling Engineering Course for the Petroleum Industry Personnel, plans for which have been finalized.

Research Grants Given to College

Funds totaling \$64,251, supporting five research projects in the A&M College System, have been

received from the Robert A. Welch Foundation in Houston, it was announced here today.

Injured Aggie Visit Financed By 1st Brigade

Two cadet captains in the 1st Brigade, Jack Kingston and Ryan Self, will make a trip to Fort Worth to visit the three Aggies injured last weekend in an auto accident. The trip will be financed by money contributed by the 1st Brigade.

Kingston and Self will visit Ray Murski, Craig Trotman, Don Lane and the three girls who were with them last weekend when the car in which they were riding struck a concrete abutment on a Fort Worth freeway.

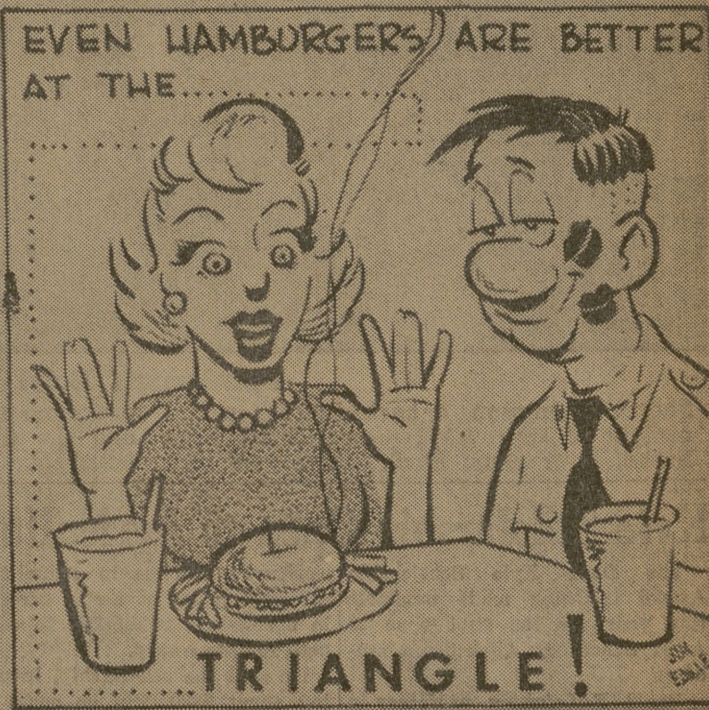

The accident occurred at approximately 8:15 Saturday night when the Aggies and their dates were traveling north on the Fort Worth Freeway. They were approaching downtown Fort Worth when they neared a four-level overpass called a "mixmaster". Lane, the driver, attempted to turn off the expressway, but his exit was blocked by the concrete abutment.

The three injured Aggies are reported to be in good condition. The TCU coeds, Geanie Teacher, Ann Leach, and Jane Wagner are believed to be in satisfactory condition.

The money contributed by the 1st Brigade, approximately \$90, will be used to finance the trip and to purchase flowers and gifts for the girls. Self and Kingston will proclaim the girls' "Sweethearts of the First Brigade" and will present them with a stuffed animal bearing an Aggie emblem. Kingston and Self will also take Craig Trotman's mother to dinner during their stay in Fort Worth.

Judging Team Cops Second at National Kansas City Meet

A&M's senior meats judging team won second place in a national contest held at the American Royal Livestock Show at Kansas City, Mo.

Coach Frank A. Orts, research assistant in the Department of Animal Husbandry, said the team was first in beef grading and lamb carcass judging.

Team members were Don Osbourn of Valley Spring, fourth high individual in beef grading; Joe Joyce of San Marcos, fourth high individual overall; Henry Fitzhugh of San Antonio, 10th high man overall; and Leroy Keesee of Bandera.

Kansas State University took first place in the contest.

Humble will interview on the Campus October 26, 27 and 28

Interviewing teams from Humble Oil & Refining Company will be on the campus October 26, 27 and 28 to interview students graduating at all degree levels in chemical engineering; and in chemistry, physics and mathematics at advanced degree levels only.

Engineers and scientists at Humble share in the dynamic progress and growth of a leader in the petroleum industry. Humble is one of the leading producers of crude oil in the United States and is a completely integrated oil company. Humble's Baytown Refinery, one of the largest in the world, is engaged in Refining and Petrochemical Manufacturing. Research centers in Houston, for development of better methods of exploration and production, and at Baytown, for research in manufacturing, are making valuable contributions to the petroleum industry.

A Quick Look at the Humble Company

Area of Operation: Texas, Louisiana, California, Mississippi, New Mexico, Florida, Alabama, Arizona, Georgia, Washington, Oregon, Alaska.

Refining Capacity: 282,000 barrels daily.

Retail Sales: Texas, New Mexico, and Arizona. Leading Texas Marketer of tax-paid gasoline.

Humble Pipe Line Co.: Operates crude oil and products pipe lines in Texas; has capacity to transport more than 700,000 barrels daily.

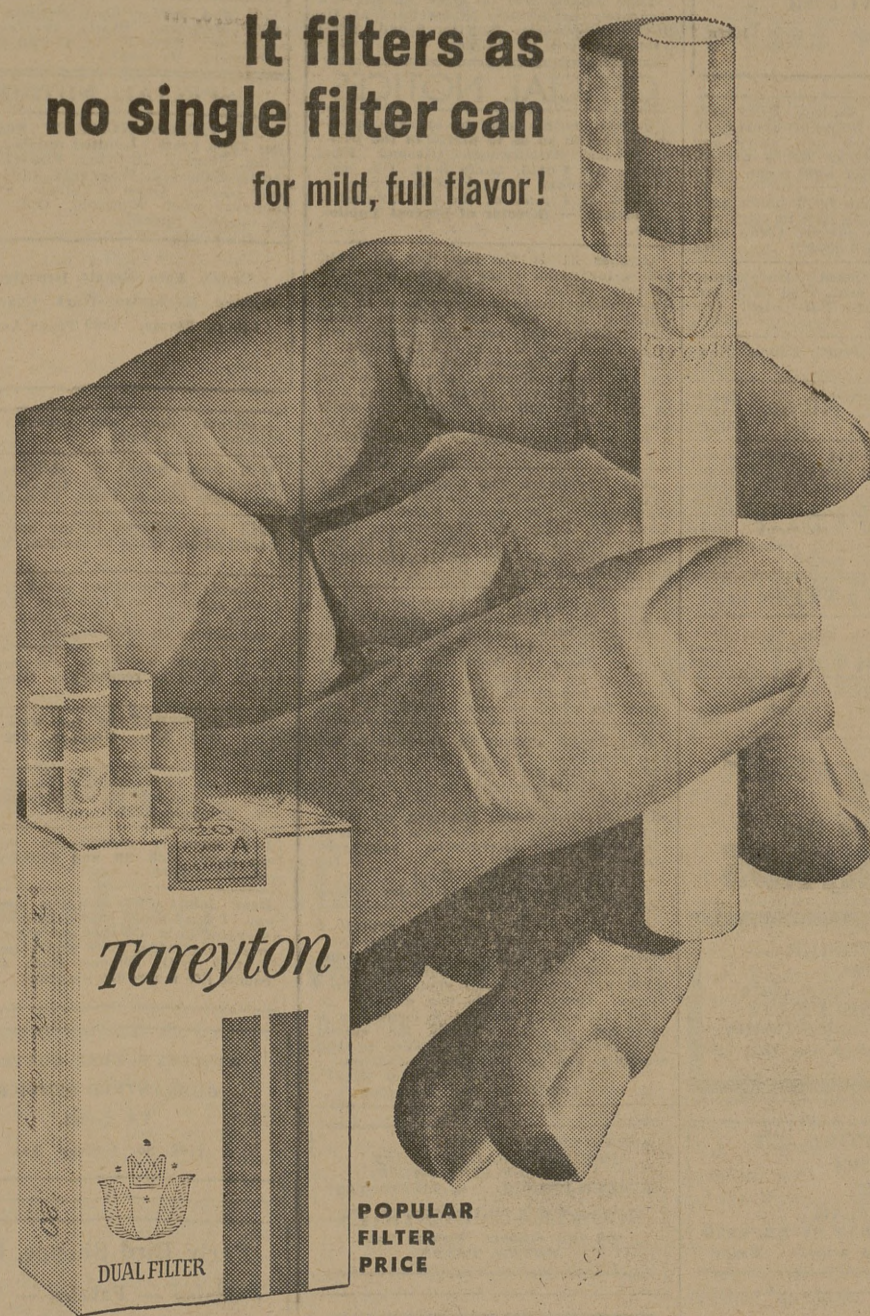

HUMBLE OIL & REFINING CO.

For a rewarding career in the petroleum industry, discuss your future with the Humble Company interviewing team. Check at your Placement Bureau for time and place of interview.

DUAL FILTER DOES IT!

It filters as no single filter can for mild, full flavor!

POPULAR FILTER PRICE

HERE'S HOW THE DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL...definitely proved to make the smoke of a cigarette mild and smooth...
2. with an efficient pure white outer filter. Together they bring you the real thing in mildness and fine tobacco taste!
