Crowded Schedule Faces Eisenhower

WASHINGTON (AP)—President Eisenhower, pushing 70 and with only 14 months to go in the White House, is heading into what may be the busiest period of his presidency. He is setting himself a fast and strenuous pace.

His announcement Wednesday—that he will visit nine nations in Europe, Asia and Africa in December—is just the beginning. He'll wind up that trip with a three-day Western summit conference in Paris.

It may or may not be a significance that Eisenhower—who has had a heart attack, an intestinal operation, and a minor stroke—made this announcement only after getting a resounding okay on a weekend medical check-up.

Early next year the President, who was 69 Oct. 14 and will be over 70 when he leaves office Jan. 20, 1961, may have to return overseas for a summit meeting with Premier Nikita Khrushchev.

Still on tap after that is the President's promised trip to the Soviet Union.

Also lying ahead of him is the presidential campaign of 1960. Although the Constitution makes this second term his last one, he will probably campaign to get a Republican elected his successor.

But these activities are all extras.

In between times he has a hatful of work in his regular job in the presidency: keeping the country running. This is the grinding part of his task.

Between now and the time he leaves Dec. 4 on his three-continent trip he must put in the final work on the budget, or encyclopedia of expenses, which his admin-

istration will offer Congress when it returns in January 1960.

This is no simple task, since it involves wrangles among his own various department and agency heads over how big a piece of budget pie each is entitled to. Work on this budget has been going on since last summer.

Strike Halts Newspapers In Boston

BOSTON (AP)—Publication of Boston's six daily newspapers was suspended today, shut down by a strike their 1,150 printers called Thursday night in a contract dispute.

The strike began immediately after the printers voted 561-511 to reject the publishers' offer to arbitrate two of the unresolved issues, a pay raise offer and a demand by the printers for three days leave with pay on the death of a member of their immediate families.

The printers, members of the International Typographical Union, shouted down a following proposal to delay the start of the strike to Nov. 12—a suggestion of Gov. Foster Furcolo who had met all day with representatives of the publishers and the union.

Neither the union nor the publishers have disclosed the exact terms of the union wage demands.

Numerous Activities Mark Third Gridiron Weekend

John Barron Files Second Coed Suit

A new Texas A&M coed suit was filed here in 85th District Court Thursday afternoon by John M. Barron, Bryan attorney.

Named as plaintiffs in the suit are three Bryan women: Margaret E. Alfred, Sarah C. Hutto and Mary Ann Parker.

Miss Alfred, now a student at Texas Tech in Lubbock, seeks entrance to pursue a Bachelor of Arts degree with a major in history and government, and a degree in floriculture in the School of Agriculture.

Mrs. Hutto, an Allen Academy student, says that she wants to major in biology or entomology, and seek a Bachelor of Science degree.

Mrs. Parker, wife of Lawrence Parker of Bryan, says that she wishes to seek a Bachelor of Architecture Degree in the School of Engineering.

The women allege in their original petition that they are entitled to an education at Texas A&M College, the land-grant college of Texas, including the degree course offered at no other place in Texas, and consequently are entitled to bring this action for themselves

and for all women. They are making a direct attack on the resolution of the college which seeks to bar women from the school solely on the grounds of sex.

In a previous case brought by Barron, Judge W. T. McDonald of the 85th District Court ruled women were eligible for admission. The state appealed, however, and the Texas Appellate Court ruled that the state legislature has control over state institutions. They added that A&M was not suited for women, since most of the dormitories were built in rows.

The plaintiffs then appealed to the 10th District Court of Appeals in Waco, which also rejected their case. In the final round, the Federal Supreme Court refused to hear the case on appeal from the Waco district court.

No comment was available from college officials, and they requested more time to study the matter.

UH Professor To Speak Here Monday Night

Chest, 12th Man Bowl Head Senate Discussion Last Night

The Student Senate met last night in the Senate Chamber of the Memorial Student Center to discuss and decide upon several topics.

Marvin Schneider, chairman of the Student Welfare Committee, announced the results of a meeting of his committee Oct. 26. He said that the Campus Chest Drive will be held again this year like it was last year with collections being controlled through civilian and Corps channels. The committee hopes that its goal of \$1 per

Aggie will be reached.

A committee under the direction of Ben Cook was given the go ahead for arrangements for the 12th Man Bowl which is scheduled for Dec. 16 in Kyle Field. A 12th Man Opportunity Award Scholarship of \$500 is awarded each year to some deserving young man who would otherwise not be able to attend school. The money for this scholarship comes from proceeds of the game.

Jake Sekerka, Senate president, discussed with the group the organization of the Southwest Conference Sportsmanship Committee. The committee is composed of four members from each school in the conference plus an executive secretary from the school that is the chairman for that year. The persons chosen for this committee are; the president of the student government, editor of the school paper, head Yell Leader and a member of the varsity team. The Sportsmanship trophy is awarded each year during the Cotton Bowl game to the school that will chair-

man for the next year. SMU held the trophy this year and TCU will hold it next year.

The problem of the seating arrangements at TCU during the recent Corps Trip that aroused much comment among students has been

referred to the Public Relations Committee for study and possibly action. Tom R. Hamilton is chairman of that committee.

A&M Film Society Schedules Picture Next Wednesday

The MSC Film Society will present "Three Coins in a Fountain," starring Clifton Webb and Dorothy McGuire, Wednesday at 7:30 p.m. in the Ballroom of the Memorial Student Center.

The movie will be shown on the new cinemascope equipment which the Film Society has recently acquired. The movie is in technicolor and has received several Hollywood awards.
