SHARKS INCREASE
NEWPORT NEWS, Va. (AP) — The Virginia Fisheries Laboratory thinks a dry period, which increased salinity, followed by northeast winds was responsible for a marked increase in sharks in Chesapeake Bay this year.

It has advised swimmers to stay out of water where the sharks have been seen. No attacks on swimmers have occurred although many large sharks have been seen and captured.

STICK TO ICE CREAM
ATLANTIC CITY, N.J. (AP) — Beer and ice cream don't mix. That's the word from Director of Public Safety Meredith B. Kerstetter.

Kerstetter told beach ice cream vendors that they must maintain proper decorum if they wish to sell their products.

Consequently, he added, the custom of carrying beer with dry ice packs for the peddler's personal use, must cease.

A HISTORIC TRACK
CHARLES TOWN, W. Va. (AP) — The Charles Town race track is located near the scene of several incidents famous in American history. It was near here that John Brown was hanged after his raid at nearby Harper's Ferry; Gen. Horatio Gates, hero of the Battle of Saratoga, met here with Revolutionary War generals to discuss George Washington's strategy for coming battles.
