

Worth Mentioning

By Johnny Johnson

Standard cry around the campus echoing from the ice-covered trees and buildings today is "Oh where, oh where, has my short coat gone?"

The only comment other than the plea for the return of the short coats is that the snow and ice at Texas A&M proves one thing—it can even snow in this place.

Speaking of the cold weather, Battalion Sports Editor Joe Callicotte relays the moaning of the athletic coaches. The inclement weather crippled athletic workouts.

Members of the Ross Volunteers are desperately hoping the weather won't interfere with their plans for the annual Mardi Gras trip this weekend.

Army ROTC juniors had fears that their PW periods would be turned into cold weather survival training, but much to their relief, PW was held indoors. One junior commented, "The PW instructors must have not been able to get cold weather gear on this short notice!" Maybe so...

Col. Frank L. Vaden, assistant commandant, said yesterday that combat boots have been ordered but no date has been given for the arrival of the boots which will be issued to members of the Corps of Cadets.

At their regular meeting Monday night the A&M Consolidated School Board voted to renew for two years the contract of School Superintendent Taylor Riedel.

"We of the board want to commend you for the fine job you've done in the three years you've been here," Board President J. R. Jackson told Riedel.

The board also appointed Riedel to head a four-man committee to study plans for future improvement. Board members appointed to serve with Riedel include Johnny Rogers, J. B. (Dick) Hervey and G. B. Hensarling Jr.

Dave Fitch and J. O. Alexander were named to the Board of Equalization and Truman Allen, Arthur Oden and C. B. Godbey were named to complete the five-man board. Paul Haines was named first alternate and Irvid Loyd is second alternate.

The naming of the Board of Equalization members is tentative, resting upon the consent of the nominated members to serve.

The board also awarded handling of the approved \$350,000

bond issue for a new elementary school and other school improvements to James Seal.

★★★
In case any of our readers are planning a trip to New York City, we're passing on this tip: Take plenty of warm clothes, be prepared to keep pace with a city that never sleeps and TAKE PLENTY OF MONEY. If you can't meet all three requirements, and especially the last, then just cancel any plans you may have about going. You won't make it...

Overnight Stop Opens Ike's Tour In City of Future

BRASILIA, Brazil (AP)—President Eisenhower begins his 10-day South American tour today with an overnight stop in Brazil's still unfinished city of the future.

The modernistic capitol-to-be was colorfully decked out for Eisenhower's arrival from Puerto Rico on the first leg of the four-nation mission he hopes will help cement Western Hemisphere unity.

Highlight of the stop will be a "Declaration of Brasilia" by Eisenhower and President Juscelino Kubitschek pledging to foster friendship and collaboration between the two nations.

Officials estimated more than 100,000 persons—virtually the entire population of the new city—would turn out to greet Eisenhower. Most of them are workmen brought here for construction of the city. They were given the day off to greet the President.

Along the plaza from which this giant Latin American nation will be governed starting April 21, bulldozers, graders, derricks, trucks and Jeeps were lined up for Eisenhower to review.

This is the wet season in Brasilia, 600 miles northwest of Rio de Janeiro, and decoration of the city was held up until just a few hours before Eisenhower's arrival because of the threat of more rain.

Eisenhower's schedule in Brasilia included a civic reception in the center of the city, the unveiling of a monument commemorating his visit, dedication of the foundation stone for the new U. S. Embassy, and a dinner he will give tonight for Kubitschek.

"This cold spell hit kinda sudden!"

JOB INTERVIEWS

The following companies will interview spring graduates tomorrow in the Placement Office on the second floor of the YMCA Building:
