

# McNeely Gets Service Award

ABILENE, Tex.—Dr. John G. McNeely, professor and researchist in the Department of Agricultural Economics and Sociology, received the third annual "Public Service Award" of the livestock auction market industry Saturday night, Feb. 27.

The award, presented during the annual "Progress Banquet" of the 21st convention of Texas Livestock Auction Assn., is sponsored by the Livestock Marketing Journal.

### Lee Presents Award

Grover C. Lee Jr., publisher of the Journal and director of the industry-sponsored Livestock Marketing Foundation, presented the award "in grateful recognition for extensive research in modern livestock auction marketing" on behalf of the National Assn. of Livestock Auction Markets, the Texas Assn. and 36 other state industry trade organizations which are affiliated with the National Assn.

Lee said, "Dr. McNeely's painstaking and comprehensive research efforts have contributed immeasurably as a vital factor and potent influence in the tremendous progress and continuing accelerated expansion and development of the modern livestock auction market industry—a boon to both the markets, now numbering more than 2,300 including 175 in Texas, and to the livestock public of Lone Star land and of the nation."

Native of South Dakota, McNeely was born on a farm near Avon, S. D., in 1912. He attended the South Dakota State College and received his B.S. degree in agriculture there in 1932. In 1933, he received his M.S. degree in agricultural economics

from the same institution. Working as a graduate instructor and research assistant, he received his Ph.D. degree from the University of Wisconsin.

McNeely taught for a year at the University of Arkansas and was employed by the Bureau of Agricultural Economics, U. S. Department of Agriculture, in Washington prior to serving in the U. S. Navy during World War II. Came from Lincoln, Neb.

In 1947, McNeely came to A&M from Lincoln, Neb., where he was associated with the USDA following his discharge from the U. S. Navy. McNeely has just recently returned from 18 months in India where he was a Ford Foundation visiting professor teaching research methods to graduate students.

He is the author of several authoritative research studies relating to livestock marketing trends, volume data, stockyards facilities and other phases of marketing operations.

Lee Bergsma, farm marketing specialist of the Department of Agricultural Economics and Sociology, gave a report on a proposed statewide market news service to cover state auction markets.

## Transistor Talks For E. E. Students Continue Until May

A series of transistor lectures by experts of Texas Instrument Inc. is being held every Wednesday from 2-5 p.m. in Room 301 of Bolton Hall, according to Dr. Glen D. Hallmark, professor and head of the Department of Electrical Engineering.

Hallmark said three of the lectures have already been delivered but that the series will continue until May 11.

The three and one-half months lecture series is devoted to talks on the semi-conductor and transistors aspect of electronics and its application to electrical engineering.

Hallmark said the talks are of a lecture and then question and answer nature. The series, according to Hallmark, are for graduate students, seniors, and faculty of the Department of Electrical Engineering and interested members of other departments.

"Useful parameters and basic circuits" will be the topic of the talk Wednesday, March 2.

## Rites Held Monday For B.D. Deauquier

Funeral services were held Monday morning for Bert Wade Deauquier, 54, husband of Mrs. Sybil H. Deauquier, secretary to Dean of the College and Graduate School Dr. John B. Page.

Deauquier, who lived with his wife at 310 Tee Dr. in Bryan, died in a local hospital Saturday morning.

A son, Bert Wade Deauquier Jr., graduated from A&M in 1952.

## At Conclusion of Conference

# Wright Elected President Of Industrial Arts Group

Phil Wright, industrial arts teacher at Arlington Heights High School in Fort Worth, has been elected president of the Texas Industrial Arts Assn. The Industrial Arts Teachers conference concluded its two-day meeting here Saturday.

Other officers elected include Billy Mayes, industrial arts teacher at Crane High School, vice-president and Frank Miller, industrial arts teacher, Snyder, secretary-treasurer.

### Named Secretary-Treasurer

John R. Ballard, assistant professor of industrial arts at Southwest Texas State College in San Marcos, immediate past secretary-treasurer, was appointed executive secretary-treasurer of the Texas Industrial Arts Assn.

The new president has been an industrial arts teacher in Ft. Worth for more than 11 years. He holds the B.S. degree in industrial arts from North Texas State College in 1947 and the M.S. degree in 1950 and the M.S. degree in administrative education from Texas Wesleyan College in 1953.

Mayes has been an industrial arts teacher for 21 years. He was voted outstanding industrial arts teacher in 1959 in his area association. He was secretary for three years, 1959-60 vice-president and chairman of the Industrial Arts Fair, in his area association.

### Past Member of Board

Miller has been teaching industrial arts for 10 years. He is past vice-president, past president and member of the board of directors of his area association.

Ballard has taught industrial arts in the Freer public schools from 1946-56; he is former president of the Freer local unit, Texas State Teachers' Assn.; first treasurer of the Texas Industrial Arts Assn. and has been secretary-treasurer the past four years; treasurer the past four years;

## Six Aggies Attend Dallas Convention Of 700 Dairymen

Over 700 dairymen from Texas, Oklahoma, New Mexico and Louisiana are attending the 52nd annual convention of the Dairy Products Institute of Texas in Dallas this week.

Also attending the convention are four juniors and two professors from A&M. The students are James Bennett of Bryan, Joel A. Gambrell from Copeville, Jim C. Hagler of Coleman and Alvin L. Novosad from Wheelock. Accompanying the students are Dr. A. V. Moore, professor in the Department of Dairy Science. Each of the students plans to enter the dairy industry upon graduation.

M. Tom Cochran, general sales manager of Oak Farms Dairy in Dallas, is convention chairman.

Glassmaking was one of the first enterprises of American industry. Eight glassmakers landed at Jamestown, Va., in 1608.

# Khrushchev, Nehru Slate More Talks

CALCUTTA (AP)—Nikita Khrushchev arrived in Calcutta today for more talks with Prime Minister Nehru and U Nu of Burma amid speculation that the Soviet premier might be bringing some word from Peiping on the India-China border dispute.

Khrushchev flew from Jakarta for an overnight stay en route to Afghanistan, last stop on his South Asian tour. Nehru arrived half an hour earlier from New Delhi to meet the Soviet leader for the second time in less than three weeks.

U Nu, Burma's former prime minister who is slated to take over the government again in April, also conferred with Khrushchev in Rangoon Feb. 17.

Khrushchev is believed to have been in touch with his Chinese ally since his visit to Nehru in New Delhi. It was assumed the Soviet premier and Nehru would again discuss the bitter dispute between Peiping and New Delhi over 51,000 square miles of Himalayan territory claimed by both nations.

During his previous visit to India, Khrushchev took neither side in the dispute. Publicly he said only that he hoped India and China would soon reach an agreement. While the Soviet premier was in Indonesia, Red Chinese Premier Chou En-lai accepted Nehru's invitation to meet in New Delhi to discuss the border dispute.

Burma also has been involved for years in a border dispute with Peiping but recently reached an agreement. A Rangoon newspaper reported Monday that U Nu was making the Calcutta trip to discuss the possibility of a conference of Asian and African leaders similar to the Bandung conference of 1955.

After a brief, informal airport reception by Nehru, Khrushchev

drove into Calcutta with the Indian leader. Police were prepared for large crowds along the route, but only thin lines turned out.

## SUMMER JOBS IN EUROPE

3000 Positions open in all fields ASIS ALL-INCLUSIVE PACKAGE FOR MEMBERS ONLY \$329  
• Summer job • round-trip air fare • orientation course • health and accident insurance • social reception • first night accommodations • sightseeing trip • postal service • information on inside Europe, ect.
