The 1 out of 20 that didn't get smoked

There's a lot of satisfaction in pointing out something good to a friend. That's why $oldsymbol{1}$ it often happens that one eigarette out of a pack of Dual Filter Tareytons $oldsymbol{n}$ get smoked.

Charcoal. They may not know why it works so well, but they do know this: It delivers far more than high filtration . . . it brings out the best taste of the best tobaccos -as

you the real thing in mildness and fine tobacco taste!

Poor Showing

The Men of Aggieland made a poor showing at the polls in Thursday's class elections.

For men who will soon be taking their places in the outside world as supposed leaders of our society, the Men of Aggieland certainly did not make a very impressive showing in casting their votes for the men who will lead their classes

Unlike persons who vote in local, county, district, state or national elections, the Men of Aggieland did not have to pay a poll tax, own property and/or establish a minimum length of residence in their voting area.

All they had to do was to make a fast trip by the Memorial Student Center and cast their vote for the candidates of their choice in their class elections.

When only 1,381 persons vote out of a potential vote in the Classes of '61, '62 and '63 or more than 4,000, some 2,600 of the Men of Aggieland are not beginning to make even the primary steps toward accepting their roles as future productive citizens and potential community leaders.

Let us hope that in the run-off elections more of the Men of Aggieland will exercise their most precious freedom the freedom of voting for the candidates of their choice to guide them.

Success?

They say the third time is the charm, and the backers of the Arts and Sciences Council's proposed honor code are hoping it will be.

For the past three years tries have been made by the Corps of Cadets to establish a workable honor code, and now the Arts and Sciences Council will have their try.

They propose to confine the code to the classrooms and in classes taught only under the School of Arts and Sciences. They do not propose to cover every facet of the daily life of the Men of Aggieland with the codes as have been tried

Two sides are usually taken when the question comes up. One side says the idea will not work unless it is inaugurated school-wide. The other side says an overall plan must start with a nucleus such as the Arts and Sciences Council

The council faces a task which has heretofore been propped for lack of interest. The students of Texas A&M have not been willing to accept the discipline which an honor code imposes. This is evidenced in that 'honor system' boxes of candy in dormitories came up short, clothing of all kinds cannot be hung with safety on the racks in the Memorial Student Center and money, clothing and personal articles are constantly missing from the dorms.

The Arts and Sciences Council must come up with a plan better than the others and Aggies must be more willing now to accept the discipline that an honor code implies, or this project will fail as others have.

Letters To The Editor

Consolidated Schools, and to the voters of the district who elect them to office, I must say that I am not a member of that board as indicated in "Among the Fac-

ulty and Staff" Tuesday, and have not been for six or eight In all fairness to the present years. I am quite proud, however, of having once been a member. It is quite an enlightening 1947. Walton has done graduate

Among the Faculty and Staff

Walton Definitely Not Clock Watcher

quitting work at the five o'clock whistle-for Ernest V. Walton, head of the Department of Agricultural Education, time for work has just begun. Walton, After the war, Walton came to whose hobby is creative writing, A&M where he has been since. is author of over a dozen books, texts and papers.

With the college since 1946, Walton was associate professor of agricultural education from 1946 to 1951. In 1951 Walton became a professor in the department and in 1953 he was made department head.

Born in Hamilton County Walton was born Oct. 12, 1912, in Hamilton County, Tex. His early life was spent on farms and ranches in Central and West Texas. He attended various rural schools until he entered col-

Walton graduated from John Tarleton Agricultural College in 1931 where he majored in rural education. In 1937 he received his B.S. degree in agricultural education from A&M.

He received his M.S. degree in agricultural education with a minor in agronomy from A&M in work for a doctor's degree at Ohio State, Michigan State and the University of Texas.

Became Farmer

On graduation from Tarleton in 1931, Walton became a farmer in Erath County. In 1933 he became principal of the rural staged today. schools in Comanche County, a job he held until 1936.

is a retired lieutenant commander in the U.S. Navy Reserve. Walton was listed in Who's

Who in American Education in 1948 and in Who's Who in the Southwest in 1956. He is chairman of the Commit-

tee on Public Relations for Vocational Agriculture, Southern Region of the United States; was a consultant for the Florida State A&M Baptist Church.

caster, Tex. In 1943 he joined Conference on Vocational Agrifessor who doesn't believe in the Navy as a lieutenant (senior culture Teachers in 1956, and a grade) and served as an aerial consultant in guidance and counnavigator in patrol bombers. He seling for the Industrial Consolidated School District, Vanderbilt, Tex., 1953-56.

Walton married the former Estelle Cook and they are the parents of three sons. Daylon L. Walton graduated from A&M in 1955 and their two other sons, Michael C. and James V. are members of the Classes of '62 and '63 respectively.

The Waltons reside at 1105 Foster and are members of the

Marshall Anxiously Awaits Negro Students' Next Move

East Texas city today anxiously awaited the next move of hundreds of Negro college students pledged to a last-ditch fight to obtain service at downtown lunch their re-arrest will be issued if

The youths have declared they will continue to stage sit-ins even day and last Saturday. though it will mean certain arrests. Several have said they are "willing to give my life" for

equal rights at lunch counters. The students have not announced when their next demonstration will be staged. But if they follow their already established pattern of striking every day another demonstration will be

Fire hoses were turned on the students Wednesday after 57 From 1937-43, Walton taught were arrested for seeking service vocational agricultural at Lan- at lunch counters and 200 others

MARSHALL (AP)_This deep detained for staging a protest demonstration on the court house square.

All were released but the 57 were warned that warrants for there are more demonstrations.

Sit-ins were staged also Mon-

More than 100 state, county and municipal officers today con tinued to patrol this tense city of 30,000, half of whose population are Negro.

Officers say that if the sit-ins are renewed they fear there may be violence in this city, long known for its strict hewing to Southern segregation policies.
