'Definite Prospects' Exist For Legislative Session

AUSTIN (AP)—Gov. Price Daniel says there are still "definite prospects" of a special legislative session this year.

The governor told a press conference Wednesday afternoon that about \$75 million should be raised as soon as possible to give teachers a pay raise and wipe out the rising state deficit.

"If there is any possible way to do it before the regular session in 1961 I want to do it," Daniel said.

Daniel cancelled plans for a special session earlier this year when

the idea got a cool reception from legislators campaigning for the May 7 primaries.

Daniel told the press conference a State Finance Advisory Commission is being named with the immediate aim of finding new tax sources—not labeled general sales or income tax—to retire the deficit and start off the stalled school improvements program.

"I firmly believe that an equitable tax program can be evolved to meet the state's needs for the next 10 years without resorting either to a state income tax or general sales tax, and that will be a purpose of this citizens advisory group," Daniel said.

"They will be instructed to avoid both taxes in their planning," Daniel said in answer to a question. "If they can't find any other way of financing except by general sales or income tax, then they will be told to report back with that."

First meeting of the full commission was set for May 16. Daniel named a "preliminary task force" headed by Secretary of State Zollicoffer and two other members of the governor's staff—Budget Director Jess Irwin and Jon Ford, administrative assistant. Also in the organizational group are Dr. John R. Stockton, director of the University of Texas' Bureau of Business Research;

John R. McKee, Dallas businessman, and Hugo H. Loewenstern, Amarillo real estate man.

Stockton, McKee and Loewenstern were members of a similar tax study group that reported to the 1959 legislature.

Daniel said the full commission will have someone representing the labor way of life but I don't know if there will be any representative of a labor union on it."

Daniel estimated that a continuous low level of oil production, which means a monthly loss of about one million dollars in state taxes, probably will result in a net deficit of about 40 million dollars by the end of this two-year fiscal period, Aug. 31, 1961. Currently the deficit stands at about 88 million dollars but collections of state franchise taxes before

May 1 are expected to at least cut it in half. The final 40 million dollar deficit estimate includes about 15 million dollars tied up by suits in state courts testing the legality of the natural gas pipeline severance beneficiary tax passed by the 56th Legislature at the urging of Daniel.

The governor estimates it will take 35 million dollars the first year in starting the Hale-Aikin school improvements plan. This includes a \$400 a year basic pay raise for teachers.

He had two firsts and the aggregate for the center fire matches and took all five second places including aggregate with his .45. He completed the match with a First Place medal in the National Match Course Aggregate, and the plaque for over-all First Place Marksman in the 3-day shoot.

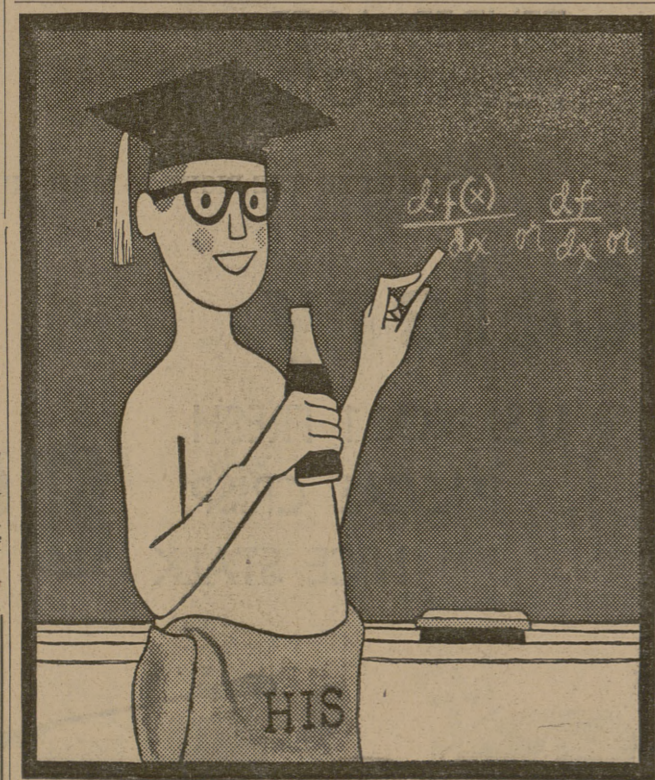

James Wilson, shooting in the Expert Class, was match winner of the 20-shot timed fire match with a perfect target, and Second Place medals in .22 National Match Course and the aggregate. He also had First Place in the .45 Cal. Timed Fire match.

The four-man team winners were Charles Benson, James Wilson, Cyril Adams, and Morgan Ragan.

The A&M team is captained by Henry Gill, and coached by M/Sgt. W. H. Gard of the Department of Military Science and Tactics.

Absent-minded Professor

Not so absent-minded when you get right down to it. He remembered the most important item—the Coke! Yes, people will forgive you almost anything if you just remember to bring along their favorite sparkling drink—ice-cold Coca-Cola. Do have another, professor!

Easter Seal Drive Reaches \$1,800

With its half-way point reached, the 1960 Easter Seal campaign in Brazos Valley has attained 30 percent of its \$6,000 goal.

Mrs. Clarence Kemp, general chairman of the drive, reported that \$1,800 in contributions have been received by the Brazos County Society for Crippled Children.

Mrs. Kemp pointed out, however, that \$4,200 must still be raised to reach the goal.

"Currently available funds can provide services for only a small fraction of crippled children in Brazos Valley who need care," she said.
