### Defense It Was

A&M's Ronnie Ledbetter (29) is stopped by a mass of Louisiana State defenders in the season opener last Saturday. Ledbetter was halted after a short jaunt to the Cadet 35 in a play typical of the defensive action featured by both teams in the 9-0 LSU victory. It was late in the third quarter before the Tigers scored.

### New York Police File Complaint

New York Police Commissioner Stephen P. Kennedy filed a formal complaint with the U. S. State Department Tuesday, accusing Russian Gen. Nicolai Zaharov of "outrageous conduct" during an incident at the Harlem hotel headquarters of Cuban Prime Minister Fidel Castro.

Kennedy told State Department officials the incident involved a police captain under his command and Zaharov, who is the chief of a special Russian mission sent to New York to check on security arrangements for Soviet Premier Nikita Khrushchev.

Kennedy's report of the affair, an American spokesman said, accused Zaharov of "pushing people around" prior to the surprise visit of Khrushchev.

### Russian Trying for High Jump Record

MOSCOW—Tass, the Soviet news agency, said Tuesday a 19-year-old Russian probably will beat John Thomas' world high jump record before the end of the year.

"Valery Brumel has all the markings of the world's best high-jumper," the agency added.

Brumel finished second behind a Russian teammate, Robert Shav-lakadze, in the Olympics at Rome when both cleared 7 feet, 1 inch to upset Thomas, America's world record holder. Thomas was third.

Tass said Brumel cleared 7 feet, 2 1/4 inches last Saturday in a meet and barely missed when the bar was raised to 7 feet, 3 3/4 inches, Thomas' record height.

## Grant Requests To Be Heard At CC Meeting

Requests for grants from the College Station Community Chest will be presented at a public hearing set Tuesday at 7:30 p.m., in the Cafeteria of the A&M Consolidated School.

This announcement was made today by Dale F. Leipper, general chairman for the 1960 drive. Agencies receiving grants in previous years have been asked to submit written proposals by Sept. 24. Groups which have not received such an invitation but which wish to be included may present their needs for consideration. New and continuing requests will all be judged on the basis of merit.

After the hearings set for the 27th, the Community Chest budget committee will prepare an overall budget to serve as the basis for this year's Chest campaign. It is expected that the drive for funds will be conducted in the first two weeks of November.

The College Station Chest drive exceeded its goal in the 1959 drive under the chairmanship of J. B. (Dick) Hervey. More than 14 agencies participated in the benefits from this program.

The objective of the Community Chest Campaign is to provide a means whereby all community requests for funds may be considered at one time by a representative group of citizens. Such consideration should result in a fair proportioning of funds according to need and to the value received by the community as a whole.

## RV Applications Being Accepted

Applications from juniors for membership in the nationally-known Ross Volunteers Company will be accepted until noon Friday.

John Kutowski, the company's executive officer, said last night 75 second-classmen will be accepted into the company for the packed year's activities.

He related applications could be secured from brigade and wing supply sergeants and could be submitted to Guy Keeling in the west area and Kutowski or Glen Jones, the company commander, in the east area.

### Company Officers

Company officers besides Jones and Kutowski are Keeling, Brantley Laycock and Malcolm Bolton, platoon leaders; Larry Haygood, first sergeant; and Ronnie Frazier, administrative officer.

The only requirements for a position in the company is an overall grade point ratio of at least 1.50.

After applications have been submitted for consideration and try-outs have been held, Kutowski said, the company's active and inactive seniors will select the new members.

### 25 Active Seniors

The executive officer added there are 25 active seniors in the company and even more inactive first-classmen.

Col. Joe E. Davis, commandant of the Corps of Cadets, will review the seniors' decision and make the final decision.

Kutowski said the list of new members will probably be released late next week, around Friday. He added the list had to be completed by Oct. 12.

In a meeting of the company seniors Monday afternoon dues were collected for the new year and plans discussed. The dues will be used, Kutowski said, to finance numerous company banquets, balls

## DRAMATIC FORAY OF SIGNIFICANCE

# Nikita, Castro Meet in NY

By The Associated Press  
NEW YORK—Soviet Premier Nikita Khrushchev made a dramatic foray into the heart of Harlem Tuesday, to pay his respects to Cuba's bearded Prime Minister Fidel Castro. It was the first known meeting between the two.

It held a potential of high significance, this conference between the leader of world communism and the revolutionary hero of Cuba, who is regarded as increasingly edging into Moscow's sphere.

### Lasted 40 Minutes

Khrushchev was said to have asked for the meeting. It lasted for 40 minutes at the Hotel Theresa, where Castro moved Monday night after a public tantrum over midtown hotel accommodations.

Interpreters worked back and forth between the stocky Russian and the muscular Cuban, who towered over his guest. The Soviet premier essayed a couple of non-

political quips that set Castro to laughing.

An estimated 5,000 persons screamed and shouted approval as the pair emerged from the hotel onto the sidewalk of blocked-off Seventh Avenue.

"I was very much pleased with the conversation I had with Dr. Castro," Khrushchev said after his return to the Soviet's United Nations headquarters on Park Avenue.

### Drawn by Session

Meanwhile, more foreign diplomats and chiefs of state—Communist and otherwise—poured into Manhattan, drawn here by a fateful session of the United Nations, which got under way Tuesday afternoon.

Late arrivals included President Tito of Yugoslavia. He smiled broadly and waved his hands to about 100 sympathizers as he disembarked from the liner Queen Elizabeth. Longshoremen on the pier, however, booed him lustily.

Also aboard the Queen Elizabeth was Gen. Mehmet Shehu, premier of Albania and a bitter foe of Tito.

Some 500 New York City policemen guarded the pier for the arrival of Tito and Shehu—a force second only to that monitoring Khrushchev's arrival at an East River pier aboard the Soviet liner Baltika Monday.

### Vexing Problem

Security continued to be a gravely vexing problem.

Khrushchev told the State Department he resented police handling of his party in his Harlem visit to Castro. Police Inspector James J. Weldon said much of the confusion was caused by the surprise nature of Khrushchev's visit and added:

"There was plenty of shoving. I don't know of any specific incident. There was nothing willful."

Mayor Robert F. Wagner defended his police force against

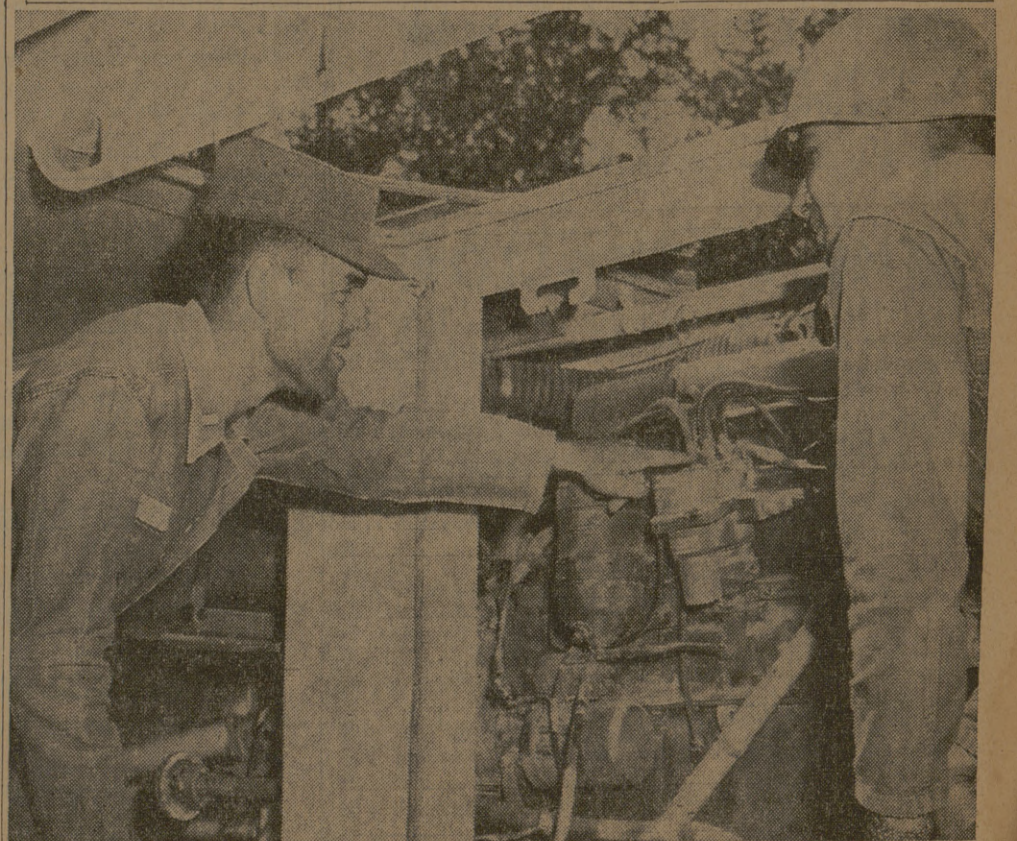

Khrushchev's complaints. He said the policemen were responding "to the emergency caused by the presence here of so many foreign officials who have to be guarded because of the enemies they have made."

### Insure Safety

Some 8,000 New York police are deployed throughout Manhattan to insure the safety of the visitors, many of them bitterly hated by foreign-born segments of the city's population. Near rioting broke out Monday night outside Khrushchev's residence on Park Avenue at 68th Street and again Tuesday outside U.N. headquarters.

Strict security was one of the complaints Castro carried to United Nations Secretary-General Dag Hammarskjold Monday night.

Police went right ahead with their tight security precautions, however, setting up a five-block no man's land in front of U.N. headquarters to keep demonstrators away from the entrance. The public was barred from the General Assembly sessions.
