

A & M Cross Country Team To Host Meet

By ERNIE URIBE
The Aggie cross country team will meet Texas University at 3 p.m. Friday in a dual meet on the A&M course located southeast of G. Rollie White Coliseum.

The Aggies lost their opener to the Houston Cougars in Houston last Saturday.

Top Aggie contender against the Longhorns will be E. L. Ener, a sophomore from Jasper who finished fourth last week in Houston with a 10:17 two mile.

Hardee's Time Best
Malcolm Hardee of the Aggies is also a top contender and has the best A&M time for the three mile with a 15:08.

Other boys on the team expected to give the Longhorns trouble in this three-mile event are Thad Crooks, a junior from Hooks, and Thomas Johnston, also a junior, from Franklin.

The top men for the Longhorns are veteran John Eschle and his strong running mate Steve Strickland.

Thomas Has High Hopes
Coach Charlie Thomas has high hopes for a victory and said, "If we could just get some of the Aggies at the meet to yell our boys in we can whip the Teasips."

High School Meet
In conjunction with the varsity and freshman meet, A&M will host an invitational high school cross country meet.

There will be 18 high schools entered in the meet that was won by Milton Allen from University High of Waco last year.

The schools entered are Aldine, Bellaire, St. Thomas, Lamar, Jesse Jones, MacArthur of San Antonio, Midland, Odessa, University High of Waco, Stephen F. Austin of Bryan, Kimball of Dallas, McCal-

Mississippi Regains Top Position in National Poll

By Hugh Fullerton Jr.
Associated Press Sports Writer
Bouncing back after one rather mediocre performance, the Rebels of Mississippi stormed the heights of collegiate football this week and regained first place in the weekly Associated Press ranking poll as Syracuse dropped to fourth.

The Rebels, who lost their hold on first place when they skirted the edge of an upset against Memphis State, handed Vanderbilt a 26-0 thumping Saturday while Syracuse, the 1959 national champion, turned in a shaky, but winning performance against Holy Cross 15-6.

It was Mississippi, Iowa, Ohio States and Syracuse in that order when the returns were all in. And probably it was as much the voters' indecision as to which Big Ten team is tops as Mississippi's performance that influenced the results.

Ole Miss drew 19 of the 48 first place votes and 428 points. Iowa, an impressive 27-15 winner over Michigan State, had 17 firsts and 411 points. Ohio State, 34-7 winner over Illinois, moved up from fifth to third with 8 firsts and 385 points. Syracuse first a week

ago, wound up fourth with 4 firsts and 362 points.
Those four teams split all the first place votes, and oddly, Mississippi point total was exactly the same that Syracuse had last week 28 first place votes.

Navy, Missouri, Baylor, Clemson, Kansas and Minnesota, in that order, completed the top 10 in the rankings.

Syracuse's tumble was something of a shocker, but not as great as those experienced by Illinois fourth last week, Purdue 7th and Arkansas 9th. None of those three drew even one point in the balloting. Purdue lost 24-13 to Wisconsin, which couldn't get better than 12th ranking after the victory, and Arkansas was beaten 28-14 by Baylor.

Championships 'On The Table'

By The Associated Press
The Texas schoolboy football campaign flames in championship battle on every front this week. The struggle of 61 of the 67 undefeated, untied teams to stay above water will feature the bulky schedule.

In many instances the teams with perfect records are putting their marks on the line in conference games.

Baytown, rated No. 1 in Class AAAA, takes on Galveston in the headliner. It's a District 12 conference test of great importance. An upset by Galveston would throw the latter into a favorite's spot.

Kilgore, the top-rated team of Class AAA, meets another unbeaten, untied outfit — Jacksonville. El Campo and Port Lavaca get together and Pharr and San Benito

SPORTS

Co. F-2, Sq. 3 Take Team Intramural Swimming Title

The first intramural sport came to an end last night in the swimming finals as F-2 and Sq. 3 took away top team honors.

In Class A, F-2 won with 28 points and Sq. 11 was runner-up with 21 points. In Class B, Sq. 3 came up with 24 points to the runner-up H-2 with 18.

Jack Klug, Sq. 11, of Covina, Calif., was the only double win-

ner in either class as he won the 100-ft. backstroke and set a new record while winning the 100-ft. butterfly.

Three other new records were set last night; two of them in relays. In Class A, H-2 swam to a record-breaking time of 1:09.2, replacing the old record set back in 1953 by Sq. 24 of 1:12.5. Also in Class A, F-2 splashed to a new

record of 1:23.2 in the 400-ft. medley relay, breaking their own record set in prelims this year. Bill Brown of Sq. 3 in the 100-ft. butterfly broke his own time set in the 1960 prelims in winning last night in 20.3.

Approximately 80 teams which included about 1,000 men entered the intramural swimming program. Intramural Director Barney Welch climaxed the swimming season by saying, "A wet time was had by all."

Aggies Alley

By Al Rainosek

The Aggies were hosts to the first round of the Texas Intercollegiate Bowling Conference held Saturday, October 8, 1960, at the Memorial Student Center lanes. Texas A&M, the defending conference champions, are again leading the league by downing Texas University, Arlington State, and San Antonio College. The Aggies were led by Larry Dantzer, Parks Mahaney, Jimmy Guy, Scotty Harris, Roger Bose and Al Rainosek.

The morning session pitted A&M against strong San Antonio College. The Aggies, looking more like candidates for the Wednesday morning Housewife's League, dropped, skidded, and blew the 16-pounder down the alley for a first game trouncing by San Antonio. Then midway through the second game, the Ags finally began to show the class they are noted for and swept the remaining two games and the series.

In the first match of the afternoon session, the Aggies were completely in control, as they blitzed the Arlington State rebels. Then against Texas, The Farmers handily won the first two games, but a late frame rally by the Teasips broke the Aggie winning streak. Using the scoring system of 1 point for each game won and 1 point total pins, the Aggies were 10-2 by the day.

Pat Hurley of Texas had a 245

for high game while Arlington State's, Dick Pfeil, bowled 645 for high series. Team statistics show San Antonio with a 1000 high game and Arlington State's 2813 high series.

The next round will be November 12 at San Antonio. The Aggies will face North Texas, SMU, and San Antonio College.

The TIBC would like to thank Mr. Wayne Smith, MSC lane's Manager, for his understanding and cooperation which made Saturday such a success.

LEAGUES FORMED

Monday night, the Bowling Committee organized four leagues each consisting of 8-4 man teams. These leagues will bowl at the Memorial Student Center lanes beginning October 17 and continue through this school year. League times are Monday at 7 and 9 P. M., and Tuesday and Thursday at 7 p. m. The Tuesday night League and Thursday at 7 p. m. The Tuesday night League has a few openings for anyone who would still like to become a Texas Aggie Bowler.

Why college men choose careers with Du Pont

Every year, several hundred new college graduates choose Du Pont. Many Masters and Ph.D.'s do, too.

From time to time we learn from recent graduates the factors which led to their decision to join this company. They cite more than half a dozen reasons. Here are four of the most important:

OPPORTUNITY AND RECOGNITION

They were aware that college-trained beginners go right to work with men who have achieved.

For example, research chemists work with individuals who've done successful research. New engineers work with pros, some of whom have designed new plants, or devised new manufacturing methods, or distinguished themselves in some other way. And other graduates, with B.A. or M.B.A. degrees, go to work with leaders who've been successful in Sales or Advertising or Treasurers, or another of Du Pont's many departments.

They had been told—and rightly—that Du Pont rewards individual achievement. And they were eager to start achieving.

RESEARCH CREATES NEW PRODUCTS; NEW PRODUCTS CREATE NEW JOBS

Men like working for a company that believes in research, enough to invest in it...\$90 million a year!

The fact is that important new products come from Du Pont laboratories and go to Du Pont manufacturing plants with frequency.

Here are but a few since World War II: "Orlon" acrylic fiber followed nylon (soon after the war). Then came "Dacron" polyester fiber, "Mylar" polyester film, "Lucite" acrylic lacquer and "Delrin" acetal resin.

These, and many others, have created thousands of new jobs...in research, manufacturing, sales...in fact, in all Du Pont departments.

DU PONT BACKS EMPLOYEES WITH HUGE INVESTMENT

New graduates feel that every facility is provided for doing the job well.

Last year, Du Pont's operating investment per employee was \$32,500. Since much of this was expended to provide the most modern and best of equipment to work with, it further increases the chance for individual achievement.

This applies to men in lab, plant and office.

DUPONT PROVIDES STEADY EMPLOYMENT

Career seekers appreciate the importance of security.

Today, the average annual turnover rate at Du Pont is less than one-third that of industry nationally.

These, and many other reasons, draw new talent to Du Pont each year.

Prospective graduates, M.S.'s and Ph.D.'s interested in learning more about job opportunities at Du Pont are urged to see their Placement Counselor, or to write direct to E. I. du Pont de Nemours & Co. (Inc.). They should tell us the course they are majoring in so we can send literature that is most appropriate.
