COLLEGE STATION, TEXAS FRIDAY, OCTOBER 14, 1960

Number 16

New Swimming Pool Okayed By Committee

Dean of Students James P. Hannigan has announced President Earl Rudder will recommend the building of a \$150,000 outdoor swimming pool to the College Board of Directors.

A committee of Hannigan, J. B. Hervey of the Association of Former Students, H. O. Hinkle from the faculty, Art Adamson of the Department of Health and Physical Education, and Roland Domert, president of the Student Senate, has officially recommended the proposal.

Hervey has indicated the Former Student's Association will provide \$75,000 of the funds. Most sources indicate the Board of Directors will be asked to provide the additional funds.

Olympic Type
The proposed pool will be an Olympic type, fifty meter pool with the diving "L."

The committee has recommended the pool area be enclosed for safety and control and that the enclosure be of an artistic type which

would not mar the view of the pool from the surrounding area, and which would blend with the better architectural features in view, such as, the Memorial Student Center. The tentative site selector is adjacent to the P. L. Downs Natatorium with several alternate sites suggested, such as the area west of the MSC and the area just east of the Coliseum.

It has been recommended that one or more reputable swimming pool concerns be requested to submit tentative designs and bids for such a pool with the attendant facilities, and that they should consider the various sites and give the committee the benefit of their professional recommendations based on suitability of the location; type of grounds, possible economies on control in connection with the existing pool, and whether or not any overriding conditions exist (such as inadequacy of space for the type of installation which is desired).

Basic Control

The group has assumed that basic control of the pool be vested in the Department of Health and Physical Education with a clear understanding that the pool be kept available to a maximum for social and recreational purposes. If necessary, a portion of the cost of maintenance could be borne by funds other than those of the PE Department (non-appropriated funds) in order to insure maximum availability for these purposes.

August Meeting

In the initial meeting of the committee in August, the group listed the location west of the P. L. Downs Natatorium as their first preference.

Reasons listed for the preference of this location were 1) the easier economical management of two pools side by side, 2) the availability of some dressing room facilities in the natatorium, 3) the equal distance of the location from the Corps and Civilian dormitory areas and 4) the availability of adequate parking space.

At this first meeting Adamson explained the minimum requirements of an Olympic pool to the committee and presented various prints of pools and adjacent areas for discussion.

A&M, TCU in SWC Grid Contest ... win to go with Texas Tech tie?

CSC ACTION

Civilians to Help Guard '60 Bonfire

Civilian students will help guard this year's bonfire it was decided Thursday night at a meeting of the Civilian Student Council in the Memorial Student Center.

The civilians will guard the fire during the morning and evening meals Sunday, Monday and Tuesday, Nov. 20-22. The council itself agreed to guard the bonfire during breakfast Tuesday.

The Council is now up to its full voting strength, with the exception of a freshman student representative. Fred Davidson, chairman of the election committee said the fish representative would be elected by the next meeting.

New representatives to the Civilian Student Council are Hollis Boehme, Project House; Ed Kemp, Hensel Apartments; Thomas Whaley, Puryear Hall; Bill Nolen, East Walton Hall.

Randy Sanders, Milner Hall; Guy Pittman and Jim Hall, day student representatives, and Ken Dorris, College View.

In Other Council action:

A six-man committee has been appointed to study civilian student dressing habits. The committee is to decide on certain standards of civilian dress and submit its report to the Student Senate.

To Present Report

The Senate in turn is to present the report to President Rudder and the deans of the various schools.

Members of the committee are Lee Griggs, Harry Goss, Bill Flynt,

Mike Carlo, Randy Sanders and Hank Farrel.

An amendment to the Civilian Student Council Constitution providing that the yell leader elected by the civilian students have a full voting membership on the Council was passed.

In the past the civilian yell leader has been a non-voting member of the Council. Last spring, however, it was decided to make him a full voting member. The amendment to the constitution was needed to make the move legal.

A letter written to the staff of the Aggie land was read by CSC Secretary David L. Beauchamp. The letter was written in protest to the handling of civilian student pictures in the 1960 Aggie land.

The Council claims they asked for and were assured civilian pictures would be integrated with corps pictures, but when the Aggie land came out, the civilians were in a section by themselves.

The Aggie land staff has not answered the letter, said Beauchamp.

Report Deadline

R. O. Murray, Council advisor, said dormitory activity reports must be in his office by Nov. 10.

Murray also said he was pleased at the cooperation he received from the civilian ushers for the Texas Tech game Sept. 24. He said he would again need ushers for the game with Texas Christian University Saturday. He asked that anyone interested in ushering the TCU game to call him at VI 6-4014 Friday, before 4 p. m.

A report on the absentee voting project being sponsored by the Council was made by Q. Richards. Richards said the ballot request forms have been printed and are available in the post office area of the MSC.

He also reported the services of notary publics have been donated by the MSC. Notaries are available in the MSC director's office and room manager's office.

'Stardusters' Perform Tonight At Cafe Rue Pinalle

Silverster Munoz and the 'Stardusters' will perform tonight at the year's second presentation of Cafe Rue Pinalle in the lower level of the Memorial Student Center.

The performance will begin at 8 and continue until 11-15, so couples will be able to go to mid-night yell-practice in the Grove.

Admission will be \$1 for couples, with no tags to be admitted. Harold Taylor is chairman of the MSC Directorates Cafe Rue Pinalle committee.

Cadets To Host TCU Tomorrow At 2 p.m.

Frogs Favored By Eight Points

By JOE CALLICOATTE
Battalion Sports Editor

The Aggie football team starts the second verse of a song called Southwest Conference Melody as they meet the Texas Christian Horned Frogs on Kyle Field tomorrow afternoon at 2.

After taking a 17-0 lashing from the University of Houston Cougars last weekend, the Cadets will be hoping to jazz up the tempo for all important SWC tilt.

TCU might have a little to say about this since they are bouncing back from a 21-7 over Texas Tech last week, a team that tied A&M 14-14 in the conference opener.

Coach Jim Myers said earlier in the week that the Cadets had worked on virtually "everything" in preparing for the Saturday tilt with TCU.

The Aggies worked out "ultra-light" yesterday as they began to taper off for TCU. It was characteristic of a Friday workout as they were clad in sweats instead of pads.

Even though the Aggies are an eight-point underdog for Saturday's game, TCU Coach Abe Martin still says, "The Aggies are going to be tough."

All the A&M manpower is expected to be in playing condition tomorrow after three were on the injured list earlier in the week. Carter Franklin, starting guard, was nursing a hip injury, but was back in uniform yesterday along with Randy Sims and Jack Estes.

Rev. Bulgerin To Address Faculty Group

The Rev. Melton W. Bulgerin, pastor of Our Saviour's Lutheran Church, College Station, will speak at the 7 a. m. service of the Faculty Christian Fellowship in All Faiths Chapel Wednesday.

Rev. Bulgerin will speak on "A Challenge to College Professors and Administrators on Moral and Spiritual Needs."

Providing organ meditation will be Dr. Murray Brown, assistant professor of dairy science. Dr. Tony Sorenson, associate professor of animal husbandry, will lead the song service.

Following the service the group will be served coffee and doughnuts in the YMCA Building.

Dr. C. R. Lyons, director of student health, is chairman of the Faculty Christian Fellowship council for the 1960-61 academic year.

Other council members are Benjie Zinn, director of student personnel services, program chairman; Dr. H. B. Sorenson, associate professor of agricultural economics and rural sociology, foods chairman, and J. E. Redden, assistant professor of journalism, publicity chairman.

World Wrap-Up

By The Associated Press

Kubek O.K.; Suffered Bruised Neck

PITTSBURGH—Shortstop Tony Kubek of the New York Yankees suffered a severely bruised vocal chord in the seventh game of the World Series Thursday and will remain in a hospital overnight for observation.

Kubek was hit on the left side of the neck by a hard hopping ground ball off the bat of Pittsburgh's Bill Virdon in the eighth inning. "He's resting comfortably and is in real good shape," said Dr. Henry Sherman, who treated Kubek. "There was a little internal bleeding, but not much, and there is some swelling around his neck. But there's nothing to worry about. He'll be okay."

"Maybe Mrs. Truman Can, but I Can't"

Humor finally reared its head Thursday night in the Kennedy-Nixon debates; and it happened because of former President Harry S. Truman.

Sen. John F. Kennedy was asked whether, as the Democratic presidential candidate, he should apologize for Truman's having declared that Texas Democrats who vote Republican "ought to go to hell."

"Maybe Mrs. Truman can," Kennedy said with a quick grin, "but I can't."

Speeders Plague East German Police

BERLIN—East German Communist police have a new beef. Berlin motorists drive so fast to get across the East-West border that the policemen fear for their own lives.

Campaign Leaders Named For Drive

Campaign leaders for the College Station Chest drive have designated team captains for the drive to be held Nov. 1-15.

Dr. John C. Calhoun, campaign leader for the A&M campus, has appointed R. H. Davis, John E. Denison, R. L. Hunt, Michael Krenitsky and Wayne Stark.

For the College Station and Commercial groups H. E. Burgess has selected as captains Ran Boswell, Don Dale, Mrs. J. Q. Hays, Tom E. Prater, John H. Pruitt, Mrs. Charles Richardson, W. T. Riedel and T. E. Whitely.

I. H. Lloyd for Federal Employees has designated Homer A. Adams, Jack Bradshaw, O. E. Briggs, J. M. Hendricks and Leonard J. Watson.

The kick-off breakfast for the drive will be held Tuesday, Nov. 1.

All participants in the campaign, including the area representatives yet to be designated, are invited to attend.

The executive committee for the campaign has again adopted for this year the slogan "One Day's Pay—The United Way." The goal, which will provide support to 14 local and regional agencies, has been set at \$15,150. It was decided to emphasize throughout the campaign that dollars given through United Chest go farther, since there are almost no fund raising costs involved.

Calhoun Named To UCAR

Dr. John C. Calhoun, Vice Chancellor for Development of the A&M College System, has been elected to the executive committee of the University Corporation for Atmospheric Research.

Dr. Calhoun was elected to the post at the recent meeting of the board of trustees.

The A&M College System is one of 14 members of the UCAR. Membership is comprised of colleges and universities throughout the United States which offer training in meteorology or atmospheric sciences at the PhD level.

The UCAR has been granted \$500,000 by the National Science Foundation for a basic research program. Dr. Walter Orr Roberts, formerly of the University of Colorado, has been named director of the UCAR activities and plans are being formulated for the establishment of a national research center.

Calhoun, along with Dr. Dale F. Leipper, head of the Department of Oceanography and Meteorology, was designated by Dr. M. T. Harrington, Chancellor of the System, to represent the System on the UCAR board of trustees. Dr. Leipper served as one of the original members of the executive committee.

MANY LEADERS DUE

Junior College Conference Opens Here Early Monday

The 17th annual Junior College Conference will be held here Monday and Tuesday, with top-flight authorities in the various fields of education taking an active part.

"A&M is conscious of its role in the total educational program and through the medium of the Junior College Conference, by offering a vehicle for the discussion of mutual problems," Dr. C. H. Ransdell, general chairman of the conference, said today. "We believe that by coordinating the efforts of Texas colleges of all levels, we will be contributing to a general overall need."

Dr. Wayne C. Hall, dean of the Graduate School, will give the address of welcome. Approximately 75 are due to attend.

Registration for the conference will be held in the Serpentine Lounge of the Memorial Student Center at 8 a. m. Monday. A \$3 registration fee will be charged, and conference members will be asked to purchase their confer-

ence luncheon and dinner tickets when they register.

Major addresses will be given by Dr. John Oswald, assistant vice president, University of California; Dr. Alfred R. Neumann, dean of the College of Arts and Sciences, University of Houston; Prof. John L. Snell, Department of History, Tulane University; Dr. Leo Hughes, professor of English, assistant Dean of the Graduate School, University of Texas; Dr. Peter W. Guenther, St. Mary's University; Dr. G. M. Watkins, director of agricultural instruction at A&M and Dr. John R. Bradford, Dean of Engineering, Texas Technological College.

Presiding officers include Marvin Baker, dean of Howard County Junior College; Dr. J. M. Nance, head of the Department of History; Joseph Davis, dean of Amarillo College; J. W. Dillard, President of Frank Phillips College, and Paul Cunyus of Tarleton State College.

Panel participants will be Billy Jones, San Angelo College; William Anthony Hunt, President of Howard County Junior College; John O. West, professor of English, Odessa College; Miss Dorothy Davidson, consultant on curriculum, Texas Education Agency; Dr. Vernon Lynch, Department of English, Del Mar College; Mrs. Dean Fuller, chairman, English, Paris Junior College.

Dr. S. S. Morgan, Head of the Department of English at A&M; Gerald W. Thomas, Dean, School of Agriculture, Texas Tech; J. W. Aubry, Dean, School of Agriculture, Tarleton State College; Grady L. Richardson, Texarkana College; Dr. R. V. Andrews, Dean of Engineering, Lamar School of Technology; S. L. Canterbury, Dean of Engineering and Science Division, Kilgore College; Calvin C. Chervenka, pre-engineering studies, Temple Junior College.

R. L. Boone and his Singing Cadets will furnish the music at the dinner session at 6:30 p. m.

Reserve Officers Meet

Eight Top Texas Army Reserve officers met in Austin recently for a conference with Maj. Gen. C. Stanton Babcock, the day before Gen. Babcock's departure for Paris as director of the Mutual Weapons Team. Shown are, standing (left to right), Col. Leonard E. Echols, commander of Army Reserve units in the New Mexico-West Texas area; Col. Clifford M. Simmang, commander of the 420th Engineer Brigade; Brig. Gen. Robert H. Travis, commanding

general of the 312th Logistical Command; Col. Moyers S. Shore, commander of Army Reserve units in the East Texas area, and Col. Elihu I. Klein, medical staff officer of the 870th Hospital Center in Galveston. Seated (left to right) are Maj. Gen. Earl Rudder, commander of the 90th Infantry Division; Gen. Babcock, and Maj. Gen. George P. Munson, Jr., commander of the 75th Maneuver Area Command.
