

Smokey Says A&M's Showing Was Tops

By JOE CALLICOATTE
Battalion Sports Editor

"That second half was as good as any I've ever seen by an Aggie team," were the words of Charles E. (Smokey) Harper who came to A&M in 1954.

Probably all the Aggie fans that were scattered in small heap of 16,000 crowd fully agreed with Smokey and too there was probably several more people who wished they had been there to fill one of those 26,000 empty seats.

The game was about as close as possible and plenty rough. Time after time the officials had to signal for the "chain gang" to come in and measure for the first down. It was the press box estimate that sideline measurements had to be called for between 10 and 12 times.

In evidence that there was plenty of hard blocking and tackling present, a host of players were helped from the field during the course of the afternoon.

The only serious injury the Cadets received was Jerry Jenkins who was an up-and-coming junior linebacker. Jenkins will be out the remainder of the season with a torn knee ligament.

There was definitely a big

change over the Cadets since last week's battle with the Houston Cougars. It was the consensus of some of the team that they had found the much needed confidence that had been lacking earlier in the year.

Babe Craig, who scored the Cadet's second touchdown; ran for the tying two points; and booted a 75-yard quick kick, modestly admitted that he "just got lucky". Craig also added, "We've got it now—confidence."

Bobby Phillips, senior end who was a defensive thorn in the Horned Frog's side many time during the afternoon from his defensive end slot, heartily agreed that confidence was the big factor that accounted for A&M's fine showing.

However, the Cadets changed their regular routine of practice as they prepared for TCU during the previous week. Coach Jim Myers worked the team in sweat uniforms on Monday, Thursday and Friday. This was somewhat of a contrast to the preparation for Houston as they "went hard" the first four days of the week.

For their pre-game warmup the Cadets came out of the dressing room just minutes before the game instead of following the usual procedure of drills. Coach Myers said that this was the first time that they had done that since they upset Rice, 28-21, in 1958.

And some insurance of Myers' confidence in his "new" policy, A&M worked in sweats yesterday.

Bengals Pound Caldwell, 16-0

By RUSSEL BROWN
Battalion Sports Writer

The A&M Consolidated Tigers broke out of their long scoring and win drought Friday night as the full-strength Bengals pounded out a 16-0 win over the Caldwell Hornets.

The contest was the District 19-AA opener for both clubs, as the two elevens brought identical 1-5 records into the contest. The fracas was all consolidated, though fumbles cost the Maroon and White a literal slaughter. Coach Ed Logan's club rolled inside the Caldwell thirty four times during the contest, racked up 277 yards total offense, and held the home-town Hornets to a minus seven rushing yardage.

The Tigers took the opening kickoff and began a sustained drive from their own 27 to the Caldwell 21 before the first of seven fumbles halted the Tigers. After the Hornets met rock-ribbed opposition in the line, the Bengals took over on the Caldwell 46 only to fumble away the pigskin again on the 35.

The Hornets fell on another Tiger fumble as the second period got under way as Bill Harper fell on fullback Frank Hagler's bobble on the Tiger 15. Ramming fullback L. J. Horak was spilled for a four-yard loss and three passes fell incomplete for the hosts as the Bengals took over on the 19. Later in the period the Maroon

and White moved to the Hornet 27 and the 41 before drives fizzled as the two clubs remained in a scoreless deadlock for the first two periods.

Finally able to find the handle on the pighide, the Tiger ball-carriers marched to their two touchdowns in the final 24 minutes of play. A Harold Atterwhite punt set the Tigers on the Caldwell 40 early in the third quarter. With Condy Pugh running from quarterback, brothers Ozzie and Cyril Burke and the halves, and Hagler ramming from fullback the Bengals marched the forty yards in nine plays with Pugh sneaking the final yard with 6:11 to play in the period. Cyril Burke set the Bengals further in front with the two-point conversion on a blast off tackle to give the Maroon and White an 8-0 lead.

The Hornets switched from the T formation to a spread offense, picking up 24 yards on the first two tries, but the Bengals quickly readjusted and held at midfield. After an exchange of punts, the Tigers took over on their 30 and cranked up a 14-play, 61-yard march that ate up most of the fourth quarter. Cyril Burke rammed the final two yards with brother Ozzie converting the extra points for the final 16-0 count.

Friday the Tigers meet the Hearne Eagles, who were trounced by the Rockdale Tigers 31-6 last Friday.

First Place

E. L. Ener is shown crossing the finish line Friday afternoon as he placed first in a cross country match with Texas on the Aggie cross country course. Ener's time was 15:03.5 as A&M defeated the Longhorn varsity and freshmen.

Ag Golfers Finish Qualifications

Coach Henry Ransom's Aggie golfers have completed 16 rounds of qualifying for places on the Aggie varsity for next spring. Billy Martindale, senior from Jacksonville, finished first in the 288-hole affair with 13 strokes under par—1107. Dickie Doble, Galveston junior, was second with even par 1120 followed by John Lively of Athens with 1132. Fourth was Ralph Johnston of New York City with 1130. Johnston came

from eighth place with rounds of 67-66 the final day. Johnston is a sophomore.

Fifth, sixth and seventh places were held by Jim Fetters, Port Arthur junior, Johnny Johnson, Harlingen junior and Harry Hoskins, Jr., Ft Worth sophomore.

The Aggies won the Southwest conference in 1960 and finished fourth in the NCAA team race at Colorado Springs last June

Intramurals

Aggie intramural sports swung into the second full week of competition yesterday with a full schedule, but only five games were on record at the intramural office.

Out of these five games, four were in Class B football. E-2 blanked Sq. 7 in a hard fought game, 6-0; C-2 whitewashed Sq. 5 by the same score, 6-0; Sq. 6 edged D-2 in the scoring battle of the afternoon, 14-8; and H-1 won over L-2 by the score of 8-0.

Handball was the only game recorded in Class A and E-2 out-scored G-3, 3-0, in this one.

Touchdown Save

Bob Caskey is getting ready to kneel to the ground behind his own goal line after intercepting a Harry Moreland pass intended for Milton Ham. The pass was the only one attempted by Moreland in the game.

Team's Best Blocking Back, Right Halfback Bob Caskey

When Bob Caskey, A&M's starting right halfback, was an all-state fullback for Gonzales, he carried the ball so much he found little time for blocking.

Now he's a junior for the Aggies and as the team's best blocking back he finds little time for ball-carrying.

A&M Coach Jim Myers finds no fault with Caskey, a hazel-eyed, six-foot, 185-pounder who was hurt as a sophomore last fall and didn't log enough time to letter.

"Bob's the best blocking back on the team and is always giving 100-percent in a game or practice," Myers says. All of the A&M coaches think highly of Caskey. They say he's easy to coach be-

cause he likes to his people and is always going all out.

Caskey, who played wingback on the single wing as a freshman in 1958, piled up the yardage and touchdowns four years for Gonzales and was a hard-running all-stater.

"I just had a good coach (Allen Winters) and credit him with all my high school success," Caskey reveals. "He always jumped on me about my blocking and I guess it just came to me this year after the coaches kept after me."

He's no speed-merchant and he's no break-away threat, but Bob is the steady, hard-working type of player a coach likes. He's tough on defense, too.

A&M fought TCU to a 14-14 tie last week and with the Frogs hitting passes all over the field trying to go ahead, Caskey made a big save by grabbing off a TCU pass in the Aggie end zone to stall off one threat.

He's a physical education major at A&M and wants to coach and teach after graduation.

Four Teams Retain Top HS Grid Slots

By The Associated Press
DALLAS—Baytown, Carrollton, Olney and Stinnett this week retained their No. 1 rankings in the Dallas News' copyrighted school-boy football poll.

Baytown and Wichita Falls held the top two positions in Class AAAA, although Abilene tumbled from third to eighth and San Antonio Jefferson disappeared altogether.

Waco captured the No. 7 berth by virtue of its 13-7 upset of Abilene and Freeport replaced Jefferson with a 13-0 verdict over Texas City.

AAA Holds Fast
There were no newcomers in Class AAA but Jacksonville replaced Phillips in the runnerup slot behind Carrollton. Phillips, despite a 14-0 win over Lamesa, fell to fourth and Brownwood stepped up to third.

Hooks crashed the top ten of Class AA for the first time as Columbus, beaten 30-7 by Bellville, dropped out. Denver City moved in ahead of Bellville in the No. 3 spot, however, as it crushed hapless Slaton 90-6. Olney held its summit position with an 18-7 trimming of Seymour.

Sonora Comes In
The only newcomer in Class A was Sonora, which tripped Ozona last week for its seventh straight place after White Deer, a 29-0 loser to top-ranked Stinnett slipped out of the select group.

PIONEERING IN WORLDWIDE COMMUNICATION VIA SATELLITES

PROJECT ECHO

On August 12th, 1960, JPL scientists at Goldstone, California, radioed the world's first transcontinental microwave message to be relayed by a passive, artificial earth satellite. This satellite was the 100 ft. plastic balloon Echo I orbiting around the Earth at an altitude of 1,000 miles. A pre-recorded statement by President Eisenhower was received 2,300 miles away by scientists of the Bell Telephone Laboratories at Holmdel, New Jersey, as clearly as any telephone call, in a fraction of a second.

Later in the course of the Echo experiment, the scientists at Goldstone and Holmdel conducted 2-way voice communication off the balloon satellite, Goldstone transmitting at 2,390 megacycles and Holmdel at 960 megacycles. This successful experiment opens up vast new fields of development for worldwide communication and is typical of many pioneering achievements of the Jet Propulsion Laboratory.
