

# CHS Tigers Blast Hearne For Win No. 2

By RUSSEL BROWN  
Battalion Sports Writer

The A&M Consolidated Tigers took a convincing step number two Russell Welch took over the quard Friday night on Tiger Field as the romping Bengals tore Hearne's Eagles to shreds, 45-0.

The win was the second for the Tigers and their second shutout in 19-AA play.

The Tigers dominated all aspects of the contest, rolling 190 yards on the ground and going to the air for 138 yards for three touchdowns while holding the aerial-minded Eagles to 15 yards rushing and 15 more passing for three first downs. Simon (Golden Arm) Martinez was able to toss only nine passes, completing three and having two twiped, one begin returned for a Tiger TD.

The Bengals marched 78 yards after receiving the opening kick-off, rambling the distance in nine plays. Cyril Burke sparked the drive with 24 yards in three carries before quarterback Condy Pugh hit end Larry Randolph for a 27-yard TD gainer. John Pedigo added two more extra points for an 8-0 margin.

The Tigers penetrated three more times but lost the ball via the fumble route, on a penalty, and on downs leaving the halftime count at 8-0.

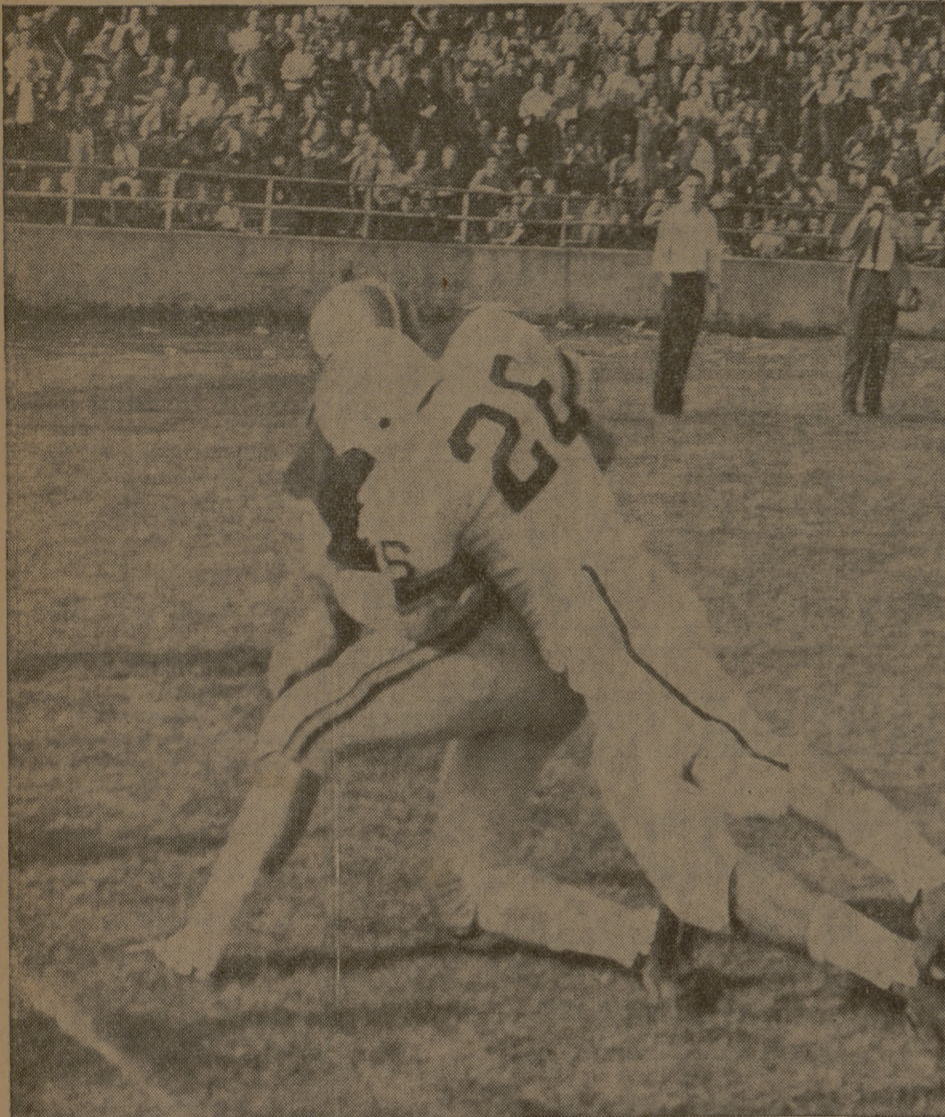

Coach Ed Logan's boys came back in the third period and mopped up on Coach Ken Baston's Birds. Pugh mound Bob Adams open for an 11-yard TD pass after the Bengals recovered a blocked punt on the Eagle 13. Burke added two points.

Minutes later Pugh bounced a pass off a couple of Eagles' fingertips and helmets for a 41-yard pass-run completion to Adams with five minutes to play. Extra point kick by Pugh was blocked.

Russell Welch took over the quarterbacking and led the club to a 67-yard touchdown drive, covering the distance in seven tries. Welch hit on two passes for 39 yards before going the final five yards. Pedigo made it 30-0 with the two-point conversion.

The Tigers weren't through as Ozzie Burke grabbed a Martinez' pass and side-stepped his way 35 yards and another TD. Pugh converted for a 37-0 lead, and a 29-point quarter.

Pedigo took the honors on the last trip to paydirt, plunging the last yard of a 58-yard drive, set up by two pass completions by Welch for 38-yards. The Tigers made the whitewashing complete as Welch hit Pedigo for the final two points and the 45-0 win.

Stopped Short

Bob Caskey (26) drags down Baylor's Sonny Davis from behind midway in the second quarter of Saturday's Aggie-Bear tussle in Waco. Davis reached the three-yard line on the pass play and the Bears scored their first touchdown on the next play.

## Passing Was Difference In Battle With Baylor

Find a team that can't pass and we'd run them off the field," drawled one Aggie supporter as he walked out of the Baylor Stadium in Waco Saturday.

The Aggies didn't run the Bears off the field with their running game in Waco by any means, but they did stage a ground defense and running game during the first half that stymied the Bruins as well as the 40,000 fans that witnessed the homecoming contest.

### Good Ground Yardage

The statistics column shows A&M gaining 179 yards on the ground compared to 145 for Baylor, but the Bears almost doubled the opposition's total offense by turning in 155 yards passing, as they completed 12 out of 23 aeriels. But in eight tries the Aggies couldn't muster a complete pass. Figuring heavily in A&M's run-

ning game was Jim Murphy with 37 yards; Lee Roy Caffey with 35; and Sam Byer with 28 yards.

Caffey's performance was impressive enough to gain him an honorable mention spot on the Associated Press's Back of the Week.

### Line Play Tops

The Aggie line, improving with every game, contained the speed-spirited Baylor backfield time and again during the afternoon, until the all important third down situation would arise, and out of nowhere a Bear ball-snatcher would appear to make a catch in the secondary.

Although the Bears tallied early

in the third quarter, the Aggies were still very much in the game until Robert Starr picked off a Daryl Keeling pass and returned it 36 yards for the second touchdown.

**Interception Dampened Ags**  
In connection with the interception, Byer said, "That really killed us."

Although it's not much of a consolation, the Cadets will face another top passing team this Saturday when Arkansas comes down from the hills. The Razor-back's top quarterback, George McKinney, isn't the SWC's leading passer in percentages, but he has thrown six for touchdowns this season.

### SWC-Season Standings

Team	CONFERENCE STANDING			Pct.	SEASON RECORD

## PIONEERING IN WORLDWIDE COMMUNICATION VIA SATELLITES

### PROJECT ECHO

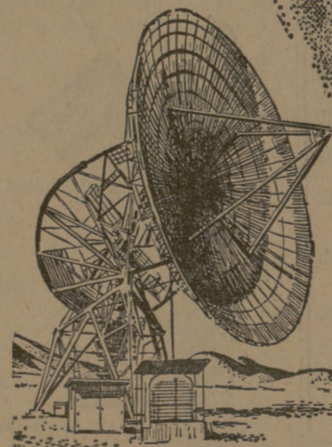

On August 12th, 1960, JPL scientists at Goldstone, California, radioed the world's first transcontinental microwave message to be relayed by a passive, artificial earth satellite. This satellite was the 100 ft. plastic balloon Echo I orbiting around the Earth at an altitude of 1,000 miles. A pre-recorded statement by President Eisenhower was received 2,300 miles away by scientists of the Bell Telephone Laboratories at Holmdel, New Jersey, as clearly as any telephone call, in a fraction of a second. Later in the course of the Echo experiment, the scientists at Goldstone and Holmdel conducted 2-way voice communication off the balloon satellite, Goldstone transmitting at 2,390 megacycles and Holmdel at 960 megacycles. This successful experiment opens up vast new fields of development for worldwide communication and is typical of many pioneering achievements of the Jet Propulsion Laboratory.

### Plan Your Future with the Leader in Space Science

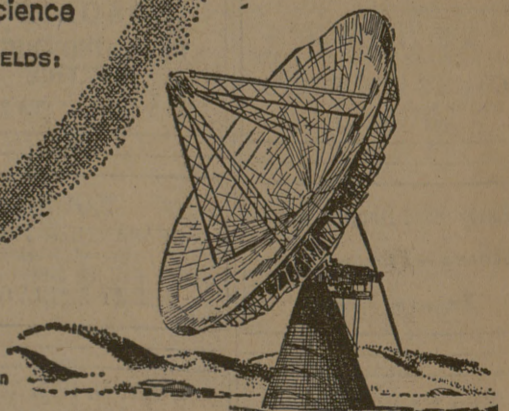

#### OPPORTUNITIES FOR GRADUATE STUDENTS IN THESE FIELDS:

- INFRA-RED • OPTICS • MICROWAVE • SERVOMECHANISMS
- COMPUTERS • LIQUID AND SOLID PROPULSION • STRUCTURES
- CHEMISTRY • INSTRUMENTATION • MATHEMATICS
- SOLID STATE PHYSICS • ENGINEERING MECHANICS
- TRANSISTOR CIRCUITRY

RECEPTION  
The 85 foot parabolic antenna at Goldstone, California built in 1958 and used in tracking and recording telemetry from U.S. spacecraft.

TRANSMISSION  
This 85 foot antenna, 7 miles from the reception facility, has recently been put in operation to transmit signals to U.S. spacecraft.
