

# Battle Of The Injured To Take Place In Rice Stadium Tonight

By LARRY SMITH  
A string of injuries have hit the Aggie Fish as they journey to Houston tonight for a contest with the Rice Owlets.

yet to win a game. Their losses have been to the SMU Colts, the Texas Yearlings and Del Mar Junior College.

Outstanding fullback, Jerry Rogers injured his shoulder in work-out last Tuesday, but he is expected to be ready for the game tonight. Also on the Fish injured list are Phil Peter, who received a bruised hip in the Kitten game; Gary Bennett with the flu; David Hill with an injured knee, Mac Compton with a hurt ankle.

All are expected to see action except Hill and Bennett, according to Coach Travis Hughes.

**Owlets Injured too**  
Injuries have hampered the Owlets to some extent, but the principle need has been for someone to cut loose and add some punch to the running game. All the Owlets will suit up for tonight's game, but all the Fish won't be there.

**Hargett Recovered**  
After all the injuries, one man has recovered from a shoulder separation, halfback George Hargett. Hargett had a great night against the Cubs but was only at half strength for the Kitten game. He will see action on the alternate unit tonight.

**No changes have been made on the Fish starting lineup since the Kitten game.**

**Rice Improved**  
Rice, an improved squad have been beaten by some real good teams, which includes Del Mar, one of the best junior college teams in the country. The Owlets are a big team and they are sure

## INTRAMURALS

The finals in several intramural sports are beginning to come into view as three sports will have champions by the end of this week.

In Class A basketball, Sq. 6 plays Sq. 7 today and G-2 played M-2 late last night. The winner of these two contests will meet in the finals.

In Class B Ping Pong, Sq. 12 took on G-3 and C-2 tried L-2 in games last night. These two winners will meet in the finals today.

In Class B horseshoes, Sq. 11 is the winner of the lower bracket as they beat F-2, 3-0 in the semi-finals game. In the upper bracket, Sq. 6 plays B-2 today for the right to meet Sq. 11 in the finals.

Class B football played to two ties yesterday as G-3 and Sq. 4 along with Sq. 17 and Sq. 13 both fought to 6-6 deadlocks. In other games, Sq. 12 whipped K-2, 6-2; and Sq. 3 smashed A-2, 22-0.

# Texas HS Athletes Like Their Home

By HAROLD V. RATLIFF  
Associated Press Sports Writer

Earl H. (Red) Blaik, former coach of Army and one of the keenest students of the game of football, writes a column in which he brings some most worthwhile information each week as well as predicting the winners.

Blaik finds that Mississippi has only five boys from out of state on its great football squad—two from Alabama, two from Tennessee and one from Kentucky. The other 43, he says are homegrown Mississippians.

"I doubt any other major squad can boast such a high percentage of homegrown," Blaik writes.

Blaik must have made only cursory inquiry or run across the Oklahoma roster which shows 24 Texans.

## Chamberlain Keeps Scoring Baskets; Warriors Winning

By The Associated Press  
Wilt Chamberlain keeps on scoring baskets and the Philadelphia Warriors keep on winning games. That's been the theme of the National Basketball Association season so far.

Chamberlain amassed 46 points Wednesday night as the streaking Warriors defeated the Los Angeles Lakers 125-118 for their seventh consecutive victory.

The Philadelphia - Los Angeles game was the opener of a double-header at St. Louis. In the second game, the Hawks posted their fifth straight triumph in beating the Detroit Pistons 126-120.

of-state. Texas A&M has only two from other states, Rice three, Texas Christian three, Texas Tech three.

Baylor would be a good example for his to use in citing the homegrown issue—these are 14 from other states on the Golden Bear squad. Southern Methodist has six.

Arkansas, a member of the conference, has nine from other states, including two from Texas.

Thus five of the eight members of the conference have fewer out-of-state boys than Mississippi.

**Schoolboy Ball Promoted**  
It is logical, however. In Texas there is the University Interscholastic League that promotes schoolboy football. More than 900 teams, with about 50,000 boys on them, play the game each year. So many schoolboy athletes are produced that Texas has plenty for use of its colleges and plenty for colleges outside the state, too.

The other states take advantage of it. You will find Texans on many of the major college football squads over the country. There usually are some at Army and Navy. Some are even in Ivy League schools.

**Texas Produces More**  
This isn't to say that Texans produce better schoolboy football players than the other states. It just produces many more who are good enough to play on the college teams over the country.

A glance through available roster books from colleges over the country shows Texans on these squads:

Tulane, Navy, Alabama, Southern California, Louisiana State, Tulsa, Oklahoma, Drake Kansas, New Mexico State, Florida, Illinois, Purdue, Army, Pennsylvania, Southern Carolina.

More than half of the brochures have Texans and these are only about a tenth of the colleges that put out rosters annually.

In other words, if a Texas boy wants to see the nation and get an education at the same time he can go in for athletics.

**Four Feet-Four Hands**  
SMU's Buddy Nichols really doesn't have four feet and four hands as he reaches for a pass in the end zone last Saturday. The other sets of limbs belong to A&M's Bob Caskey who was on hand to save the score.

# Kansas Coach Made Good Move

By JACK CLARY  
Associated Press Sports Writer

Give Kansas Coach Jack Mitchell credit for one of the smartest moves of the 1960 college football season when he shifted John Hadl from halfback to quarterback.

The move was made last spring when Mitchell was faced with the loss of his only signal-caller Duane Morris. Hadl, who made the 1959 all Big Eight team as a halfback,

did such a good job then, and in pre-season training that Mitchell never hesitated in keeping him at quarterback.

What has it accomplished? The Jayhawks, now banned by the NCAA from post-season competition in football for a year, still have a chance to take the Big Eight title. They have an overall 4-2-1 record, with the losses coming from Syracuse, when the Orange was considered the nation's top-ranked team, and Iowa, when the Hawkeyes were No. 1.

In the conference, Kansas is undefeated with a 4-0-1 record. Missouri is the conference leader with 5-0.

And behind all of this is the artistry of Hadl, a 19-year old, 191-pound junior from Lawrence, Kan., home town of K. U.

He presently leads the team in passing, punting, kickoff returns.

**TINY MEMORY UNIT  
GUIDES GIANT ROCKETS  
INTO SPACE**

On this tiny drum, only four and one-half inches in diameter, is recorded all the significant data needed to direct a rocket into space.

As the rocket blasts skyward, the electronic computer, which includes this small memory unit, begins to monitor the flight. The computer continually correlates data on flight progress with data in the memory unit and makes course corrections instantly.

The very small size and weight of this memory unit is an achievement in itself. Yet other difficult problems had to be overcome—shock, prolonged vibration and extremely high G forces. Only by using new materials and design techniques were these problems solved.
