Only Means

Editor,
The Battalion:
With possibly one amendment, I would like to endorse the letter published in "Sound Off" Feb. 22.
That portion reads:
"... complete unanimity of opinion is an identifiable goal of a totalitarian Communist state."
My suggestion would be to add a phrase like "or even," "or even worse," etc., between "totalitarian" and "Communist," to emphasize a fact we often overlook in our "red fear." That fact being that though Communism may be the worse evil; there are other forms of totalitarianism that can derive from regimental thinking.
We, as a democratic nation, must never relax in our fight against Communism, but we must never accept any form of totalitarianism disguised as an escape from Communism.

the goal which the Communists have set for themselves. The destruction of our republic, and the enslavement of the people of this country.

We are in a real war with Communism now and have been since its inception. They are dedicated atheists who have no moral obligations which govern God fearing men. They lie, murder, cheat, and steal for furtherance of the Communist conspiracy without any sense of guilt. The House Un-American Activities Committee is the one and only means to ferret out these traitors who have infiltrated our government, news media and edu-

educational institutions.

The title "Operation Abolition" is the Communist code for destroying its mortal enemy, the House Un-American Activities Committee. If they can accomplish this the American people will be lulled to sleep, and awaken some day to find that it is too late to recapture our free republic from this dastardly group.

I am thankful that we still have young men such as the editor of The Battalion who will fight for their American heritage, and not be "brain washed" by "fuzzy thinkers."

Which Ideology?

Editor,
The Battalion:
In the letter "identifiable goal" printed by The Battalion, Feb. 22, 1961, mention is made of the House Un-American Activities Committee and The American Ordinance Association. In addition, such "news media" as The Washington Post, The Christian Century and The Reporter have identified "Operation Abolition" as forgery by film: In addition, The San Francisco Chronicle, whose editors are mature? experienced? journalists?, have pointed to "the heresy," "the questionable use of the taxpayer's money" and "the violation of individual liberties" arising out of the practices of HUAC. The above "news media" are consistent in the editorial written by some of their correspondents.

Which ideology do you choose? Also, the letter states, "It must be made clear that, although the film is designed to support the activities of the HUAC, honest and loyal men in the United States disagree over the desirability of the committee's continued existence."

To the gentlemen who wrote this article, may I ask, who are these honest and loyal men in the United States you are talking about? Who are they honest with and who are they loyal to?

A Little Help

The Highway Department has recognized the need for an adequate railroad crossing at the juncture of Sulphur Springs Road (F. M. 60) with the tracks of the Texas New-Orleans and Missouri Pacific railroads.

They have offered to spend three-quarters of a million dollars on such a project, a four-lane underpass, if the City of College Station, Brazos County, Texas A&M and the railroads agree to furnish the rights of way.

However, only Texas A&M and the City of College Station will have to donate property, and only College Station will have to first purchase both land and retail business property from private owners.

"We need it," said Councilman Carl Landis at a Council meeting Feb. 27. But the Council also wondered, "Can we afford it?"

First a cost estimate will have to be made. Then the Council plans to meet with the Brazos County Commissioner's Court to see if the county will help in the right of way procurement.

College Station is small, yet, in terms of actual money to be spent, its outlay will be the greatest. The cost to the county will be negligible.

The underpass would not benefit the city alone. It is to be located on one of the main arteries leading out of Brazos County. And we need it. The safety an underpass could afford to motorists would alone be worth any cost of construction and right of way procurement.

The Battalion hopes that when the City Council meets with the Commissioners, an agreeable arrangement can be formulated for the good of the entire Brazos County area.

Endorsement

Editor,
The Battalion:
In reading the Feb. 22 issue of The Battalion I was heart sick to find that we have professors at A&M College who would write such a letter as the one entitled "identifiable goal."

These men have made reference to opinions voiced by a number of ultra-liberal newspapers which are no more than parrots of the Communist propaganda line.

The film "Operation Abolition" is neither controversial nor false in any manner. The Communist conspiracy was merely shown in its full revolting naked true form. Assuming that these professors are poor misguided souls I would like to suggest that they inform themselves concerning
