Job Interviews

The following firms will interview graduating seniors today at the Placement Office in the YMCA Building:

Mar. 15

The Gulf States Utilities Co. will interview senior majors in electrical engineering. Job opportunities are in the transmission and distribution departments and in system engineering and production and sales.

Mar. 16

Aro, Inc. will interview majors in aeronautical engineering, electrical engineering, mechanical engineering, mathematics and physics.

Mar. 17

The Ralston Purina Co. will interview majors in agricultural economics, business administration, industrial distribution and economics. Applicants should have a small town or rural background.

Mar. 18

The Standard Oil Co. of California is interviewing majors in chemical engineering, electrical engineering, mechanical engineering, petroleum engineering and mathematics. Jobs are in research and development, plant technical service, plant design and construction, refinery engineering, oil field engineering and electronic computers.

Mar. 15-16

Convair will interview majors in aeronautical engineering, civil engineering, electrical engineering, mechanical engineering, nuclear engineering, physics and mathematics.

Mar. 15-16

Gulf Atlantic Warehouse Co. will see students majoring in agricultural economics, business administration, economics and industrial technology.

You're a natural wonder in POST-GRAD SLACKS

Any guy after the real goods (no jazz, no corn, no gizmos) gets the original, authentic natural look in H-I-S Post-Grad slacks. Lean and tapered to a fare-thee-well, these are the slacks other slacks try to look like—but seldom do.

At your favorite campus store, in a wide and wonderful selection of washable all-cotton fabrics and automatic wash-and-wear Dacron polyester blends... \$4.95 to \$8.95.

his SPORTSWEAR Don't envy H-I-S... wear them!

Loupot's

Editor,

The Battalion:

In the Mar. 10 editorial, you have written that it is difficult to accept that the "student body and the exes will choose to be silent" during the passage of the name change bill for A&M. Also you have said that "suggestions and desires of the students have been visibly lacking."

I think we should be interested enough in the problem to give it some time and thought. Regardless of what Sen. Moore says, this is also our school, and I am personally proud of it. We should not merely limit ourselves to negative action, but we should offer positive suggestions to the Senators.

The College Station Knights of Columbus Council 3205 will sponsor a two-hour program at 7:30 p.m. at St. Mary's Student Center. Anyone interested is invited to attend the program which will consist of films on various subjects.

The Geology Club will meet in the Geology Building at 7:30 p.m.

The Civil Engineers' Wives Club will meet at 8 p.m. in the South Solarium of the YMCA.

The Pasadena Hometown Club will meet behind either Dorm 5 or Dorm 17 at 6:15 p.m.

The Bellaire Hometown Club will meet in Room 207 of the Academic Building at 7:15 p.m.

The Waco-McLennan County Hometown Club will meet at 7:15 p.m. in the YMCA.

The Lavaca County Hometown Club will meet in Room 123 of the Academic Building at 7:30 p.m.

The Irving Hometown Club will meet in the Main Lounge of the MSC at 7:30 p.m.

The meeting will be dismissed in time for members to go to Town Hall.

Social Calendar

The following organizations will meet on campus:

Tonight

The College Station Knights of Columbus Council 3205 will sponsor a two-hour program at 7:30 p.m. at St. Mary's Student Center.

The Geology Club will meet in the Geology Building at 7:30 p.m.

The Civil Engineers' Wives Club will meet at 8 p.m. in the South Solarium of the YMCA.

— Sound Off —

name of A&M, I would like to make my own personal suggestion, for what it is worth. I think we should seriously consider adopting the name "Texas State University."

First, I think most of us have finally agreed that it will be in the best interest of our school to include the word "university" in its name. Next, we have the precedent that practically all the other land grant institutions in the U.S. have become "state universities."

Another point of friction about the name change is the possible change in the Senior Ring, which I am sure no one wants. If we call the undergraduate part of our school the "Agricultural & Mechanical College," as the Senate bill provides, the ring would not need to be changed.

All these are incidental reasons why I have arrived at my conclusion, but it is not the main

reason. I feel that no matter what our school is called, we will still be Texas Aggies. Our school will not lower its standards of producing the fine quality of young men which it now does.

Now, I realize what I have said is controversial and that there are certainly two sides to this argument. If someone has a more plausible solution, I certainly wish that they would put

it in The Battalion for everyone to consider. But unless someone else comes up with a better solution to this name change problem, I will support Senate Bill 302.
