U.S. Berlin Stance To Be Maintained

By The Associated Press
WASHINGTON—President Kennedy and Prime Minister Harold Macmillan of Great Britain agreed Thursday that the Western position in West Berlin would be fully maintained.

Reiteration of the Western position that there will be no weakening of obligations to the people of the Communist-encircled city was agreed upon by the two leaders during a 2½-hour cruise down the Potomac River.

Apart from Berlin, they were described as having covered the crisis in Laos, violent Communist hit-and-run raids in South Viet-

Nam, disarmament and the current negotiations with Russia at Geneva on a nuclear weapons test ban treaty.

Some optimism about the prospects for a long-term peaceful solution in Laos was evident, Macmillan and his foreign secretary, Lord Home, lunched with senators at the Capitol before the cruise aboard the presidential yacht.

The two British leaders were quoted as telling the senators of hopeful prospects for a truly neutral government in Laos—not one which would allow the little Asia kingdom to slip into the Communist camp.

A-Test Talk Recess Advised By Gore

By The Associated Press
GENEVA—Sen. Albert Gore advised President Kennedy and Prime Minister Harold Macmillan Thursday night to recess the deadlocked nuclear test ban talks unless the Soviet Union drops a demand for a veto over control operations.

Sen. Gore, D-Tenn., referred to Soviet insistence that the administrator of the proposed control system be replaced by a three-member administrative council.

Soviet delegate Semyon K. Tsarapkin publicly announced Thursday the Soviet Union will maintain this demand. It is unacceptable to the United States and Britain.

They want a single administrator, a neutral scientist.

One member of the triumvirate would be a Westerner, one a neutral and one a Communist—with unanimity needed for decisions.

Gore told a news conference the Soviet delegation has "retreated to a more unacceptable position" than ever before.

"It would seem to me that President Kennedy and Prime Minister Macmillan would be well advised to consider requiring that this demand of a Soviet veto be clarified before continuing in prolonged negotiations on many details," he said.

What is home? A blend of memories and mortar . . . walls and roof and smells of breakfast cooking . . . a place of rest at the end of day . . . a feeling of possession, of belonging . . . a place of hates, loves, anger . . . the center of things living.

Home may be a mansion on a hill, a cramped apartment, a farmhouse, a hovel, a new suburban split-level, the house Father built . . . but only to you and your family is it home. No one else may call it that. For home is a part of you!

Centuries ago a shepherd-poet felt this. Weary, lonely seasons on the grazing slopes had taught him to love . . . to long for . . . HOME.

But he realized that, through this life and beyond, the nearness of God is part of the sense of home. Goodness and mercy would follow him all the days of his life. And he would dwell in the house of the Lord forever!

Give the Church and its Truth a place in your home. And God's presence will give eternal meaning to that home.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
