Hickerson Big Mainstay Of Cadet SWC Title Drive

By LARRY SMITH
Dick Hickerson, the big red-headed first sacker for the Aggies, is one of the main reasons that the Cadets are in contention for the Southwest Conference baseball title.
Dick has been a mainstay on the baseball team ever since he entered A&M in the fall of 1957.
The 6-5, 190-pound senior played his high school ball with Stephen F. Austin in Bryan where he made the All-State baseball team his senior year.
As a freshman, Dick doubled as a basketball player and baseball and did a good job in each.
First base has been Dick's almost exclusive home since he was a Fish. He has started there all of his varsity career.
A southpaw—both batting and throwing—Dick is noted for scooping with his big mitt. It is very seldom that an infield throw within four feet of the bag gets by him.

son is the leading regular in the season hitting department with a .389 average. He is also the leading RBI man with 16 to his credit, and has smashed out two homers.

Annie's
DICK HICKERSON
... first sacker

Dick leads the Ags in hits with 21, and has hit three triples.
In SWC play, Hickerson is impressive with the bat as he has made good on seven out of 15 times at bat for a .467 batting average.
In his junior year, Dick tried his hand at pitching because of the Cadet's pitching shortage. He ended with a 1-2 record, but came out with a 1.39 earned run average in the SWC.
Dick got some valuable baseball experience last summer as he played semi-pro ball for the Saskatoon Commodores in the Western Canadian League. Fish Coach J. B. Carroll and Gary Herrington, former SWC catcher, also played for the Commodores.
Hickerson is a talented baseball player and the major league scouts know it. Several of them have been giving him the eye.

BU, ACC, Kansas Vie This Weekend

By The Associated Press
ABILENE—Baylor, Abilene Christian College and Kansas hook up in a triangular track and field meet here Saturday with Earl Young, the ACC olympian, making his first outdoor appearance in the 440-yard dash.
Young, who ran on the winning 1600-meter American relay team in the Olympics, will not run on the mile relay team. He will do the 220 and a leg on the 440-yard relay team in addition to the 440.
With Young out of the mile relay, Abilene Christian isn't likely to do anything to its national collegiate record of 3:07.9 set at the Texas Relays last week.
Kansas isn't expected to press either Baylor or Abilene Christian

although entering a crack half-miler in Kirk Hagen, who has done 1:50.5 this season; a top hurdler in Charles Smith, and a good miler in Bill Dotson.
The 100-yard dash should be a sizzler with Dennis Richardson of Abilene Christian, winner of the event in the Texas Relays, matching strides with Roy Smalley and Bill Kemp of Baylor. All are capable of 9.5 or better.
Calvin Cooley, the Abilene Christian hurdles and relay star, won't compete because of a groin injury. He was an important member of the 440-yard relay team.
Abilene, Midland and Ft. Worth Arlington Heights will be in a high school meet in connection with the ACC-Baylor-Kansas triangular.

Neale Fraser Wins River Oaks Tennis Tourney In Big H

HOUSTON—Neale Fraser, the world's top-ranked amateur, was forced to a 13-11 first set Wednesday before defeating a young college player who gained the quarter-finals of the 27th River Oaks Tennis Tournament.
The first set against Neal Marcus, Rice University junior from Tampa, Fla., required one hour and 15 minutes, but the top-seeded Australian completed the second set of the 13-11, 6-1, match in 20 minutes.
While Marcus was holding service through 20 games with Fraser, Frank Froehling, a Trinity University freshman from Coral Gables, Fla., was pulling his second upset in two days by defeating Rudy Hernondo of Detroit, Mich., 6-3, 6-4. Froehling, the 1960 junior Wimbledon semi-finalist, Tuesday eliminated Bernard Bartzten, the No. 1 U.S. amateur, 4-6, 6-4, 6-4.

The will be a meeting of all participants for the 12th Man Bowl football game in the Biological Sciences Building today at 5:30.
All the details of the game will be explained and workout dates will be set.

Texas Interscholastic League Is Rounding Out Great Year

By HAROLD V. RATLIFF
Associated Press Sports Writer
The Texas Interscholastic League is rounding out its greatest year in athletics. That is speaking from point of participants.
When the annual track and field meet and the baseball tournament are run off in the next six weeks some 123,000 boys and 28,000 girls will have competed in the sports offered by the league.
Texas has more teams in football, basketball and track than any other state in the nation. Only in baseball does the Lone Star State bow to anybody. Iowa has more baseball teams. That may be fixed soon, however.
There were 914 teams in football with 48,000 boys playing on them. This is only for A teams. There were about 50,000 playing on B and junior high school teams which do not come under the administration of the League.

Basketball had 1,089 teams with 23,000 boys. There were 842 girls teams with 18,000 players.
Track has 1,089 teams with 25,000 running, jumping and throwing. Also there were 210 junior high school teams. The League directs the junior high schools in track, the only sport where the juniors are under the administration of the League.
Baseball has 670 teams with 12,000 boys playing the game. Golf has 800 teams with 5,000. Tennis has 950 teams in the boys division and the same for girls, with 10,000 participating in each.
The League finds that football is the biggest drawing card. Best estimates are that 8,000,000 paid their way in to see 4,800 games last season.
Basketball is next. Some 6,000,000 watch the cage campaign of 25,000 games.

The oldest sports under sponsorship of the League are track and tennis. Both started back in 1910. Football and basketball came along in 1920. Baseball was added in 1948 and golf in 1953.
The program is so big there's little hope of any other sport being put on the list in the near future at least. There should be a place for swimming, a sport that finds Texas making terrific strides in the past few years. Texas A&M has been holding a state high school swimming meet but would undoubtedly like for the sport to be added to the Texas Interscholastic League program. The recent state tournament at College Station produced two American records and five national scholastic marks.
There has been some talk of adding bowling to the sports program and there is obviously sufficient interest to warrant it.
