Marine Recruiters Begin Final Visit

The Marine Corps Officer Selection Team from Houston is making its final visit to Aggieland this semester today through Friday. As in the past, the team, headed by Capt. F. L. Tolleson, is set up in the Memorial Student Center for the purpose of explaining the various programs offered to the students who desire a commission in the Marine Corps.

The team will also be administering the Marine Corps Reserve Officer Candidate Selection Test and the Aviation Qualification Tests from 8 a.m.-4 p.m. each day in the MSC. Interested students are encouraged to contact them and arrange to take the tests at no obligation to the student.

This year eight A&M graduates will receive commissions in the Marine Corps. On May 27 five graduates will be commissioned. Two will receive commissions through the Marine Corps PLC (Aviation) program. They are: William A. James and Ray Dupree. They will go to Flight Training at Pensacola, Fla. June 15 for 15 to 18 months of Flight Training.

Two others are receiving commissions through the PLC (Ground) program. They are: Donald W. Cantrell and Edwin H. Harris, Jr. They will go to Quantico, Va. for six months of special training July 1.

In addition to the above listed men one more man will receive a commission on May 27. He is Robert M. Craft, who is being commissioned through a little-known program of the Marine Corps, the PLC (Law) program. He will enter Law School and not go to active duty until he receives his Law Degree, at which time he is eligible for a promotion to 1st Lt. Under this program Craft will spend his entire time in the Marine Corps in a Lawyer's billet.

Later in August of this year

three more men will be commissioned into the Marine Corps. They are Wayne W. Frazier, who will also gain his commission through the PLC (Aviation) program, and John B. Hendricks and Revedy C. Ray, III, who have gained their commissions through the PYC (Ground) program.

Ray was the number one man in the nation last summer in PLC summer training. In gaining this honor he was training on a competitive basis with all the PLC's in the nation.
