West Sees Trap In Soviet Plan For A Neutral Laos

GENEVA (AP)—The Soviet Union proposed Wednesday an independent and neutral Laos free of foreign troops. The Western powers quickly spotted a Communist veto as a potential trap in the Soviet plan.

Soviet Foreign Minister Andrei A. Gromyko submitted his proposal to the international conference on Laos shortly after Secretary of State Dean Rusk introduced an American plan.

Both plans envisioned a neutral policy for Laos and evacuation of all foreign troops to end the isolated nation's role as a pawn in the East-West cold war. But Abraham Chayes, U.S. State Department legal adviser, said Gromyko has introduced "a double-barreled type of veto."

Rusk promised that all American troops would pull out of Laos if foreign Communist forces advising the pro-Communist Pathet Lao rebels also would leave.

U.S. troops now consist of a small training mission of about 300 men.

The size of foreign Communist forces is not known but may be several thousand men.

Meanwhile, a dispatch in Pravda, the Communist party newspaper in Moscow, for the first time admitted Soviet plans were airlifting supplies to pro-Communist forces in Laos.

Pravda correspondent A. Filipov told of meeting a rebel deputy premier and Capt. Kong Le, Laotian paratroop commander who overthrew the pro-Western government last August, at a small airfield on the rebel-controlled Plaines de Jarres and said: "They have come to meet the Soviet Aeroflot planes which under the agreement between the (rebel) Laotian and Soviet governments are to bring in fuel and food."

Secretary of State Rusk also told the conference here that the Pathet Lao rebels were violating the cease-fire in Laos repeatedly.

Kennedy - Khrushchev Meet Possibility In Early June

By JOHN M. HIGHTOWER

WASHINGTON (AP)—An official announcement of a Kennedy-Khrushchev meeting in Vienna June 3 and 4 is expected before the end of the week. Authorities indicate the announcement will be made Friday.

Administration officials said President Kennedy wants to discuss informally with Soviet Premier Khrushchev a wide range of cold war problems with heavy emphasis on his belief in the urgent need for agreement on a treaty to ban nuclear weapons tests.

Returning today from a visit to Canada, Kennedy now has about 10 days in which to prepare for the meeting and for conferences with French President Charles de Gaulle at Paris May 31-June 2.

The White House and State De-

partment were formally silent on completion of arrangements for the Kennedy-Khrushchev meeting. But a number of developments Wednesday gave support to reports Kennedy and Khrushchev have substantially agreed to get together.

At Ottawa, White House news secretary Pierre Salinger disclosed that Kennedy had discussed the prospective Khrushchev meeting with Prime Minister John G. Diefenbaker. That was the first public word from the White House beyond Salinger's earlier statements this week that there were no plans for such a conference "at present."

Undersecretary of State Chester Bowles told the Senate Foreign Relations Committee yesterday that the President had a confer-

ence with Khrushchev "under consideration" and that the final decision was up to the President.

Press dispatches from Moscow quoted Western diplomats there as saying that a meeting was certain and predicting that it would be held at Vienna June 3 or 4.

Information available here was that according to plans already developed the President would arrive in Vienna from Paris June 3 and remain there until sometime June 4. The time schedule apparently would allow for several long talks between him and Khrushchev.

Cuba Wants To Make Deal-Prisoners For Bulldozers

KEY WEST, Fla.—(AP)—Prime Minister Fidel Castro has offered to trade more than 1,000 prisoners of the April 17 invasion for 500 American bulldozers.

The startling swords-for-plowshares offer Wednesday night evoked wild cheers from several thousand peasants assembled at the rancho boyeros agricultural fair near Havana.

If the prisoners are not ransomed, Castro said, "they will work hard, building trenches and fortifications, so that they will have to earn the bread they eat."

Referring to President Kennedy—whom the Cubans have charged with direct responsibility for the invasion—Castro said: "If they are his friends and he loves them so much, let him send 500 bulldozers and we will send them back." He added that captives charged with committing crimes during the Fulgencio Batista regime would not be returned under any circumstances.

Earlier, Castro told his audience that "agricultural production must be increased at all costs."

Dwelling at length on Cuba's shortage of pork and pork products, he said, "Every pig that we have must be preserved and fattened. Let us put off for a while those pig roasts we all like so much."

Castro then added that "Napoleon tried to exchange prisoners for swine, but we want to be more polite to the Yankee imperialists."

Castro said the work of his revolution is just beginning and its task is "to provide food, clothing, shoes, medicine, education and recreation for the whole people."

"There is much to be done," he said, "and you must respond to

this new situation and feel enthusiasm for production and work."

Sports car spice never came in so many varieties... Chevrolet!

Maybe you're a fellow with more or less normal driving habits who's looking for a change of pace. Or maybe you're a red-hot sports car buff. Either way, you'll find the fastest relief for that tantalizing itch in your driving foot at your Chevrolet dealer's One-Stop Shopping Center. He's got cars that run the sporting gamut like no others—nimble Corvair Monzas (2- or 4-door), charged-up Impala Super Sports (in five different body styles) and the kingpin of production sports cars, the Corvette. You can take your choice without chasing all over town. They're all stablemates under the same roof!

CHEVY CORVAIR MONZA CLUB COUPE
Nestle behind the wheel in one of those bucket front seats and see what Corvair's rear-engine design has done for driving. Steering that responds to the subtlest hint. Braking that brings you to precise even-keel stops. Traction that clings like a cocklebur.

CORVETTE
It's the goinest machine in America. Pure-bre sports car performance—the likes of which only the most elite (and expensive) foreign-built jobs could claim before Corvette began stealing their thunder in open competition.
