

# Myers Names Best For Test

**Joe (Buddy) Eilers**  
Buddy Eilers, 214-pound stalwart in the Aggie line, will open at right tackle this Saturday night on Kyle Field against the Houston Cougars. Eilers, a very dedicated player, is being boomed for All-SWC and All-America honors this season.

Coach Jim Myers has named his best for the test. The best would be a three-unit lineup for the Aggies in the season's opening game at Kyle Field here Saturday night (kickoff at 7:30 p. m.)

The test will be against the rugged University of Houston Cougars, ranked as high as 11th in the nation in pre-season grid previews.

A crowd of 20,000 is expected for the opener. The Aggies' order of appearance includes: left end, Russell Hill, Pat Latham, Ronnie Carpenter; left tackle, Wayland Simmons, John Kolacek, David Powitsky; left guard, Wayne Freiling, Jim Harper, Walter LaGrone; center, Jerry Hopkins, Jerry Jenkins, Ray Kubala; right guard, Jim Phillips, Jerry Pizzitola, Keith Huggins; right tackle, Joe Eilers,

James Craig, Darrel Dean; right end, Daryle Keeling, Bobby Huntington, Franklin Fisher.

Also, quarterback, Jim Keller, John Erickson, Ronnie Brice; left halfback, George Hargett, Jim Linnstaedter, Jim Murphy; right halfback, Bob Caskey, Travis Reagan, Ronnie Ledbetter; fullback, Lee Roy Caffey, Jerry Rogers, Sam Byer.

Kenneth Kipp will play defensive halfback, Mike Clark will be on kickoff duty and Babe Craig is the top-rated punter.

Myers began tapering off drills Wednesday afternoon, working the Cadets against Houston's offensive and defensive maneuvers.

Myers announced that his squad is in good shape physically with the exception of Tackle Ben Krenek who likely will be sidelined for the opener with a knee injury.

## SWC Coaches Indicate That They'll Pass More This Fall

By HAROLD V. RATLIFF  
Associated Press Sports Writer

The Southwest Conference football campaign starts this week and it will be interesting to see if the coaches mean what they say this time.

As usual, they have announced they'll pass more. It was ever thus. "We're going to throw more and open up the game," they declare before the season starts.

Some may do it but not to the degree indicated. On the average they usually pass less.

The record will bear this out. In 1958 the Southwest Conference team averaged 18.1 passes per game. In 1959 it was 14.4 and last season it was 14.1.

That's not much passing compared to the colorful thirties and early forties when the conference was known as the passingest league in the country.

The advent of the T formation cut down on the passing. The split T brought "three yards and a cloud of dust" and it was pretty colorless football. But that kind of football won more games and that's what the coaches—and the alumni—want. They don't care whether it's entertaining football. It entertains enough by winning for their money.

Baylor has been the passingest

team in the league. The Bears tried 205 passes in 1960, led by a wide margin in throwing, but didn't win the title. Baylor attempted 219 in 1959—18 more than Southern Methodist—and didn't win the title. Neither did Southern Methodist. Baylor attempted 253 in 1958—20 more than Texas A&M—and didn't win the championship. Texas A&M didn't either.

It isn't surprising, then, that the coaches forget their best intentions when the campaign gets under way when they recall that those who throw a lot get beat too much.

The theory is that a football in the hands is safer than in the air. While it can be lost on a fumble if in the hands it doesn't hurt so much. When a pass is intercepted it too often results in a touchdown or loss of long yardage.

Three players standing 6-foot-8 will advance to West Virginia's varsity basketball team next season.

## McCandless Maps Mural Plans In Meeting Yesterday

Charles (Chuck) McCandless, the new Intramural Director, was introduced at an organization meeting yesterday and this year's plans for intramurals were discussed.

The first event scheduled this fall will be swimming which will begin on Oct. 3. McCandless stated that the pool will be open for workouts from 4 to 6 p.m. on weekdays and from 2:30 to 4:30 p.m. on weekends. He urged that all participants get in as much work as possible before the meet.

After swimming is concluded, the Freshmen will move into the annual "favorite", flag football, while the upper classmen will com-

pete in bowling, basketball and horseshoes.

Two sports from last year have been discontinued—handball and cross country. Handball has been dropped due to the construction of a new outdoor swimming pool at the site the courts formerly occupied. New courts are presently in the planning stage. Cross country was dropped because of the lack of interest.

Outfit badminton and open gymnastics have been suggested as replacements for handball and cross country.

Equipment will be issued to outfits at G. Rollie White which will

be open until 9:30 p.m. on week nights as soon as it arrives.

Stronger participation and more interest by those living in civilian dorms was also encouraged by McCandless. He said that day students and graduates who wish to take part in intramurals are urged to contact John Sullivan at VI 6-5208 or John Furrer at TA 3-6092 as soon as possible.

There will be an organizational meeting of junior and senior intramural managers next Wednesday, Sept. 27 at 5:00 p.m. in the intramural office. On Sept. 28, there will be a meeting of sophomores interested in becoming intramural managers.
