

Ags Learned Against Houston

Ags Stop U of H's Bolin

The University of Houston's ace halfback, Kenny Bolin, is brought to a halt after a short gain in the second quarter of last Saturday's game. Stopping the speedster is (34) Lee Roy Caffey, (72) Buddy Eilers and an unidentified Cadet.

The Aggie football squad, its coaches sure that the Cadets learned that victories do not come via mistakes in a 7-7 tie with the University of Houston, travels to Baton Rouge, La., to do battle with LSU Saturday night.

A crowd of more than 60,000 is expected for the intersectional fracas which will be the Bengal Tigers' home opener. Kickoff time is 8 p.m.

LSU dropped a 16-3 decision to Rice in the teams' opener in Houston last Saturday.

Head Coach Jim Myers says that while a victory over Houston would have been appreciated, the picture

referred were two fumbles, one when the Aggies were poised on the Houston three-yard line facing second down and the other a Cougar punt which was fumbled and recovered by Houston on the Ag eight; the dropping in the end zone of what appeared to be a touchdown pass; and not being able to hold onto four Houston passes for interceptions.

A&M's "youngsters" came in for praise from the head coach.

"We were pleased with the play of our sophomores against Houston—especially Halfback Jim Linnstaedter and Fullback Jerry Rogers—and two other newcomers, Quarterbacks Jim Keller and John Erickson," Myers said.

Keller had not played a down of college football prior to last Saturday night and Erickson came to Aggieland as a junior college transfer.

The Aggies will leave for Baton Rouge by charter plane Friday afternoon, returning after the game.

First Week Of SWC Football Shows Writers Were Right

The first week of the 1961 Southwest Conference football campaign showed that the majority of forecasters who chose Baylor, Texas, and Rice were on the right track.

Baylor and Texas unveiled lightning-fast offenses and rock-like defenses in thrashing Wake Forest and California. Although neither opponent was very highly regarded, the significant thing in each game was a complete reversal from last year. Baylor, a passing team in 1960, ground out 292 yards rushing against the Deacons, then picked up another 150 passing to take the total offense lead with 442 yards.

Texas unveiled an effective aerial game against the Golden Bears, passing for 115 yards and two touchdowns. Another of the 21 passes the Longhorns attempted

was dropped in the end zone. Texas ball carriers had a field day at California's expense, rushing for 304 yards, tops for the conference.

Rice, while not setting the statistical pace, used a well-balanced attack to down highly regarded LSU, 16-3. The Owls' balance was evident in 110 yards rushing and 104 yards passing, both against a team considered basically defensive.

Individual leader in total offense was TCU's towering quarterback, Sonny Gibbs. Gibbs handled 19 plays, rushing for 30 yards and passing for another 93 in his team's 17-16 upset of Kansas. Jerry Cook, Texas halfback, gained 110 yards in 13 carries for second place.

Top scorers were Ronnie Bull and Carl Choate, both of Baylor. The hard-running Bull raced for

two TD's and first place with 12 points. Choate, Baylor kicking specialist, kicked four extra points and a field goal for seven points.

Rice's Billy Cox completed six of eight passes for an impressive .750 percentage, to lead SWC passers. Cox's six completions gained 110 yards and accounted for both his team's touchdowns. Second was Baylor's Bobby Ply, who completed six of 12 for 75 yards and a pair of TD's.

Leading pass receiver was TCU's Buddy Iles with three catches for 54 yards. Second was Charles Talbert of Texas with three receptions for 36 yards.

The top punters for the conference were both from SMU. Harold Morgan and Jerry Rhome punted three times apiece, with Morgan averaging 46 yards per kick. His teammate, Rhome, was right behind with a 42.3 average.

Brownwood Loses Top Spot In AAA; Other Classes Same

DALLAS (AP)—Wichita Falls, Jacksboro and Albany held their No. 1 places but Brownwood plunged down to fifth in Class AAA in the Dallas News Poll of Texas schoolboy football Monday.

Brownwood, the defending champion, took a 7-6 licking from La Vega last week to lose its position as the top team of AAA. La Vega was given fourth but Lamar Consolidated, second last week, was moved into the top spot.

Wichita Falls got eight of ten first place votes as the No. 1 team of Class AAAA. Odessa Permian and San Angelo each received one first place ballot.

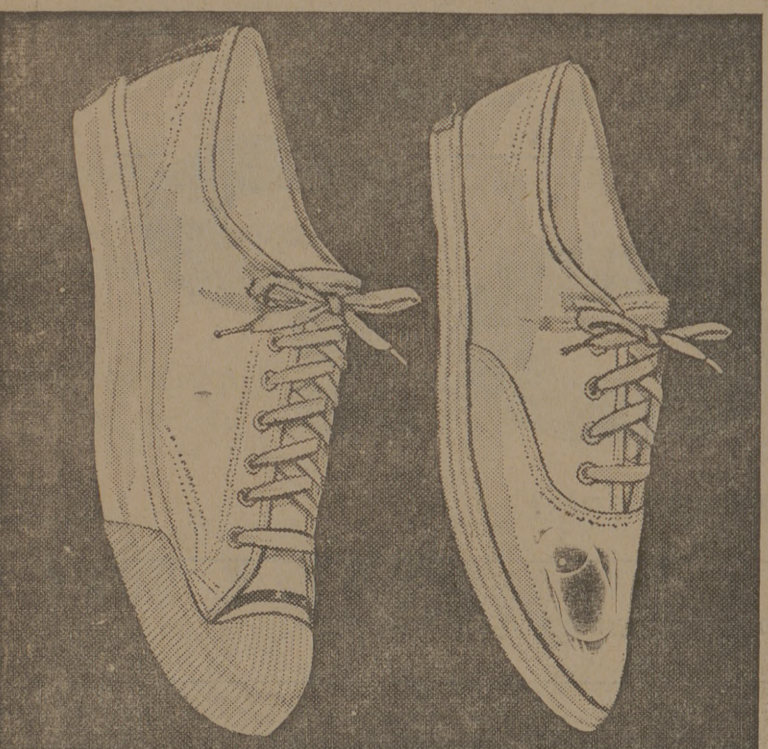

Jacksboro rolled on as the top team of Class AA and Albany easily stayed at No. 1 in Class A. The top 8 in each class:

- Class AAAA**
1. Wichita Falls
 2. Odessa Permian
 3. San Antonio Jefferson
 4. Galena Park
 5. San Angelo
 6. Corpus Christi Ray

- Class AAA**
1. Lamar Consolidated
 2. Angleton
 3. Carthage
 4. LaVega
 5. Brownwood
 6. Cleburne
 7. Monahans
 8. Dumas

- Class AA**
1. Jacksboro
 2. Sweeney
 3. Brady
 4. Terrell
 5. Anson
 6. Quanah
 7. Denver City
 8. Lancaster

- Class A**
1. Albany
 2. Wink
 3. Forney
 4. Anahuac
 5. White Deer
 6. Stinnett
 7. Eldorado
 8. Farwell

Other shoes may look like Keds, but only U.S. Keds® can give you "that great feeling." Because Keds have a patented shockproofed arch cushion and cushioned inner sole. And because Keds are built over tested, scientific lasts to fit all feet perfectly, even narrow ones. Keds are right for class, gym, tennis court or dorm. Machine-washable (and they even look good clean). His: Keds "Court King." Hers: Keds "Champion." Get your new U.S. Keds at fine stores everywhere.

COMPUTERS CAN NOW TRADE DATA COAST TO COAST OVER TELEPHONE LINES

IBM has developed systems of computer-to-computer communication, which foretell the greatest advances in data processing since the introduction of the stored-program computer. These Tele-Processing* systems greatly extend the useful range of data processing—putting their power at the disposal of businessmen and scientists located miles away.

Now it is possible to transmit data between two computer installations at speeds up to 62,500 characters per second via broad-band communications channels. Any number of computing systems can be linked in this way in order to exchange information or feed it to a data processing center. As a result, although they may be separated by a continent,

computers can bring their capacities to bear on a single massive problem or operation.

There can be an exciting future for the graduate at IBM. The choice of jobs is wide. Advancement potential is excellent. All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin. Whatever your talents and skills, there may be just the job you've always looked forward to after college. Why not find out by talking with the IBM representative when he next visits your campus? Or write, outlining your background and interests, to: Manager of Technical Employment, IBM Corporation, Dept. 896, 590 Madison Avenue, N. Y. 22, N. Y.

You naturally have a better chance to grow with a growth company

IBM will interview Oct. 17, Oct. 18.
