

Recruiters Start To School Early

Recruiters from various military services have already begun operations in the Memorial Student Center. Officials say the Berlin crisis has necessitated an earlier and more vigorous start in recruiting activities.

Charles Berry Wins Annual Jones Award

Charles Berry... scholarship winner

Charles Berry, '62 plant and soil science major, has been awarded the Luther G. Jones scholarship for the 1961-62 school year.

This scholarship is annually awarded to the outstanding junior in the Department of Agronomy in recognition for his accomplishments as a student, his work in the agronomy society, and need. Berry has received many honors here. Among them are freshman honor society, Phi Eta Sigma, Alpha Zeta, representative to agriculture council and officer in the Agronomy society.

Previously he was selected as the recipient of the Ray E. Dixon Award from the School of Agriculture.

Oceanography Prof Back From Leave

Dr. George L. Huebner, research scientist in charge of instrumentation in the Department of Oceanography and Meteorology, has returned from a year's leave with Texas Instruments Corporation in Dallas.

At Texas Instruments, Huebner was supervisor of the work in infra-red optics. Here he will participate in a research program sponsored by the Office of Naval Research and the Air Force Geophysical Research Directorate.

Congressman; Felix R. McKnight, vice president and executive editor of the Dallas Times Herald; Tyree Bell, president of Austin Road Co., and J. W. Aston, president of the Republic National Bank of Dallas.

All are graduates of A&M. Another A&M graduate, Lt. Gen. Bernard A. Schriever, '31, is expected to be on-hand for pre-dinner activities.

Enlarged photographs of the A&M campus will be on exhibit in the back of the ballroom during the dinner, and the colors of the 90th Infantry Division, a reserve unit commanded by Rudder, will be displayed.

Stapp said student leaders from A&M would also be attending the event.

"The people of Texas don't realize what a fine man Rudder is, and what he has done for the state," Stapp added, "and we just want to draw attention to him."

President of the Dallas A&M Club is Rowland Edwards. In addition to Stapp and Chrichton, George Frymire, in charge of decorations, will be working on the event.

BELLS AROUND THE WORLD

The Indians could send a rallying call many, many miles by drums. Each drummer, stationed on a lonely ridge, would listen for the sound of distant drums, and relay the message to others waiting across the valley. Overnight a dozen tribes could be rallied to a common cause.

We don't need such crude methods of communication today. Men with a common purpose can join forces around the world at a pre-arranged time.

World Wide Communion Sunday is such an expression of unity. In every Christian land the church bells will summon men and women to the Lord's Supper on this Sunday.

And the universality of this great religious event will not depend on bells relaying the message from town to town. It will depend on folks like yourself coming to their Church to receive this Holy Sacrament.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
