

Varsity Shop Opens Bryan Men's Store

A Varsity Shop, the third of its kind in Texas, held its grand opening today at its new local establishment next door to Beverly Braley's in the Townshire Shopping Center.

Over \$1,000 in men's clothing was given away in opening ceremonies today.

The store, with two branch establishments in Dallas, will offer a complete line of natural-shoulder men's wear.

Ags Pick A Sweetheart

The job of selecting a Sweetheart for A&M was tough, but pleasant, too. The worst part, the Aggie delegation to TWU last weekend will tell you, was leaving the 14 finalists long enough to get dressed for the next event. Parties, picnics, dinners and dances were on the agenda—and at the end Miss Ann Edwards of Houston was chosen 1961-62 Aggie Sweetheart. Above, Aggies and Tessies line up for food at the

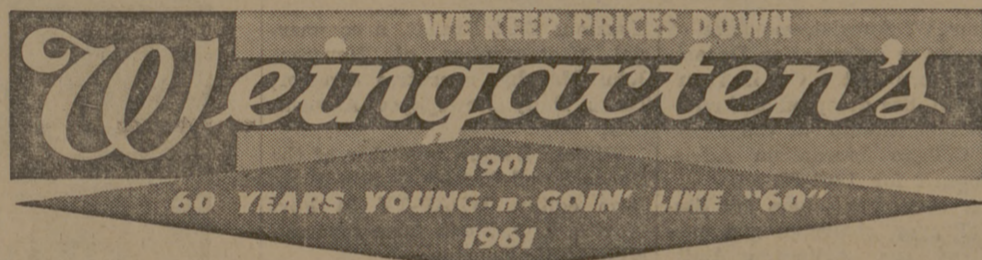

get-acquainted picnic the first day. Top right, CSC President Doug Schwenk, Finalist Sally Willis and Dorm President Scott Knapp eat Saturday dinner in the TWU cafeteria. Bottom right, The A&M delegation pauses in its deliberation to pick the Sweetheart Sunday morning long enough to read the account of the Ags' win over Texas Tech the night before.

SYSTEMS ENGINEERING can start here... or here... or here... or here... or here... or here

If you are completing studies in engineering, economics, math, science or business, have maintained high averages and are interested in a rewarding professional career, IBM Systems Engineering may be just the career for you.

An IBM Systems Engineer studies problems in industry, science, business and government, and then organizes the most effective electronic data processing techniques and machine systems to solve them. The problems are fascinating and exciting—and include automation of: process control and manufacturing operations, inventory control, document preparation, highway planning, weather forecasting, and complete business control

systems for utilities, transportation, banking and insurance, to name but a few. New techniques of automatic data processing are making headline news almost daily.

Your present training, combined with one of the most comprehensive training programs conducted by any company, prepares you for this fast-growing, dynamic new profession. Openings exist in all principal U.S. cities. All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin. For more information describing the opportunities at IBM, see your College Placement Director or, if you desire, write or call—

J. E. Russell, Branch Manager
IBM Corporation, Dept. 882
2601 S. Main Street
Houston 2, Texas
Phone: CA 3-4721

You naturally have a better chance to grow with a dynamic growth company. **IBM.** IBM will interview Oct. 17, 18 Feb. 13, 14
