UNITED CHEST DRIVE OPENS TODAY

Change Sought By Xmas

First Certificate Presented
Commandant Col. Joe E. Davis presents Dock Burke, commander of Company D-1, the first certificate from the Student Senate for 100 per cent unit participation in this year's Campus Chest drive. Burke's unit submitted \$98 to the drive Monday night. (Photo by Johnny Herrin)

\$16,000 Goal Set In County

The annual College Station United Chest Drive began today. A goal of \$16,000 for support of 15 agencies was adopted by the College Station United Chest Board of Directors. This is an increase of \$1,050 over last year's campaign goal, Dr. John C. Calhoun, general chairman, announced. The rise reflects the increase in community services brought about by the growth in population, Calhoun noted.

The budget, when secured, will be allocated in four general areas: youth, \$6,400; recreation, \$2,000; welfare, \$4,800; and medical, \$2,700. An allocation of \$300 has been made for campaign expenditures. Agencies which will participate in the fund, and the amounts recommended for each by the Budget and Admissions Committee, are: American Red Cross, \$2,000; Bryan Boys' Club of America, \$500; Boy Scouts, \$2,000; Brazos Committee on Alcoholism, \$300; Brazos Valley Crippled Children's Therapy Center, \$1,800. Brazos County Hospital Fund, \$300; Brazos County Youth Counseling Service, \$1,400; Bryan-College Station Girl Scouts Area Council, \$2,500; College Station Community House, Inc., \$350; College Station Recreational Council, \$1,700; Salvation Army, \$750. Texas Rehabilitation Center, \$300; Texas United Fund, \$750; College Station YMCA, \$300; and College Station Local Chest Charity Fund, \$950.

First Fish Pond Dunk Of Year
Head Yell-Leader Jim Davis tests the waters of the fish pond after Saturday's 23-0 won over Baylor. The triumph was the first for the Aggies on Kyle Field since 1959 and freshmen wasted no time giving the yell-leaders their customary dunking. (Photo by Johnny Herrin)

Chest Contributions Raise High Hopes

Bulletin: It was announced this morning that Squadron 6, commanded by Jim Hill, has also reached the 100 per cent mark. As more Campus Chest contributions began to come in from student units and dorms yesterday, drive officials were optimistic in reaching the \$7,000 goal by the Friday deadline. Johnny Anthis, chairman of the drive and head of the student welfare committee of the Student Senate, said exact totals of the funds collected so far were not yet available. Anthis said the only 100 per cent unit, Company D-1, commanded by Dock Burke, and the 100 per cent staffs, the 1st Battle

Peace Corps Plans Informal Session

The Peace Corps will be explained to interested students tomorrow at 4 p.m. at an informal "question-answer" session in Room 104 of the Agriculture Building, according to Daniel Russell, professor in the Department of Agricultural Economics and Sociology and Peace Corps liaison officer on campus. Russell said all students and staff members were invited to the meeting. Agriculture, engineering, veterinary medicine, science and industrial arts majors are especially needed by the Corps, he said, but almost any skill can be used. Representative for the Peace Corps in the Southwestern states, Russell has been meeting with prospective Peace Corps volunteers on campuses all across Texas.

WHITELY ADDRESSES BANQUET

108 Formally Initiated Into Ross Volunteers

Last night in the Main Ballroom of the Memorial Student Center 108 juniors were inducted into the Ross Volunteers. Eli L. Whitely, professor in the Department of Agronomy and one of A&M's six Medal of Honor winners, was the guest speaker for the banquet. He spoke of the qualities of leadership and defined them as being faith, sincerity, pride, enthusiasm, judgment and maturity. Initiated into the Ross Volunteers were William R. Andrews, Jr., Tommy A. Baucum, Edward J. Bellow, Jr., Jackie L. Benson, Paul E. Bergstrom, Sheldon J. Best, Fred K. Blackard, Charles L. Blaschke, Jay D. Blume, Jr., Thomas J. Boedecker, Ben B. Boyd, William H. Brashers, Jimmie L. Bratton, Ronald G. Brice, James B. Briggs, Robert E. Bryant, Robert B. Carter, David N. Chapman, Armand J. Chaput, James H. Davis, Victor L. Donnell, William D. Duncan, David T. Edgar, Peter C. Forster, Jimmie L. Garrett, Michael S. George, Herbert C. Gersbach, Jr., Jack L. Gibbs,

Phillip M. Gebson, Jay F. Godfrey, Frank W. Grimes, David G. Groves, Robert H. Hackett, David D. Hahn, Robert A. Hall, Earl H. Henderson, Johnnie L. Holley, Jr., Huley J. Horn, Alfred W. Hughlett, Donald T. Hunter, Roger M. John, James E. Johnson, Claude R. Jones, Ray A. Kappel, Joe L. Keeling, James L. Keller, James P. King, William E. King, Kenneth W. Koegl, John P. Krebs, John B. Landers, Rodney E. Langer, Clayton B. Lyle III, Gaylon H. McClinton, Dennis K. McIntosh, William K. MacTavish, Ronald W. Marshall, Charles H. Maurer, Edward L. Medley, Carlos V. Mejia, John H. Meyer Jr., Eugene P. Miller, Charles A. Mills, Jerry R. Mills, Gary G. Moss, Thomas K. Nelson, Charles L. Nichols, William D. Nix Jr., James R. Norwood, Jack Oliphant, John L. Penrod, John F. Platt, Charles K. Powers, Terry G. Pullin, James E. Ray, Jackie D. Redding, Arthur R. Richardson, David M. Richardson, George D. Rook, Sidney D. Rosenthal, William A. Royal, William K. Rundell Jr., James E. Sartain, Allan R. Sassin, James B. Scott, Dale L. Sinor, Gary A.

Slingar, John H. Smith, Thomas M. Smith III, Roy L. Stanley, Earl M. Stenger Jr., George B. Stokes, Michael R. Syptak, Ralph W. Taylor, Joel B. Terrill, William E. Terrill, Lonnie D. Thomas, Robert E. Thornton, John T. Tibbels, Jack M. Threadgill, Carlos Vela Jr., Paul M. Vilcoq, Delfino E. Villarreal Jr., Lytle A. Weaver, Windol C. Weaver, George A. Wiederaenders, Jack G. Wilson and Michael A. Young.

Marcus Gives 2nd Architect Address Here

Stanley Marcus, president of Neiman-Marcus, Dallas, will be the second speaker in the Division of Architecture's guest lecture series tomorrow. He will discuss "Making Taste" before architecture and design students in the Biological Science Lecture Room at 8 p.m. The public is invited to attend. Earlier in the day, Marcus will visit college architecture labs and view the third-year students' exhibitions. A 1925 graduate of Harvard University, he attended Harvard Business School in 1926 before becoming secretary-treasurer of Neiman-Marcus. In 1928 he was named a director of the organization. He is a director and member of numerous civic and business organizations in Dallas. His national affiliations include Board of Directors, New York World's Fair, 1964-65; member, Harvard University Board of Overseers; trustee, American Federation of Arts; executive committee, American Retail Federation, and many others. Marcus has received many other honors from European governments.

First Bonfire Log On Campus
These civilians in Hart Hall have brought the first bonfire log to campus for the Nov. 22 blaze before the Thanksgiving University of Texas game. The log was felled during the TCU Corps Trip weekend and was first seen on campus yesterday. (Photo by Johnny Herrin)

Civilian Bonfire Lists Must Be Complete Friday

Any civilian students wishing to work on the bonfire have until Friday to contact their dorm presidents and sign up, according to Gene Anderson, Civilian Yell Leader and coordinator to the bonfire committee. Civilians will elect crew leaders from each dorm, so they will be able to begin work Nov. 18 while the Corps of Cadets is in Houston for the Rice Corps trip. The cadets will journey back to College Station in order to get to work on the annual blaze by Nov. 19. Anderson said that civilians were also needed to guard the center pole the nights of Nov. 17 and 18.

Science Institute Grant Received

A \$189,600 grant has been awarded A&M by the National Science Foundation to sponsor a science institute for junior high school teachers, President Earl Rudder announced today. Purpose of the nine month institute, scheduled for the 1962-63 academic year, will be to provide graduate study in general science subjects for junior high teachers in Texas and other states. Goal of such NSF-backed institutes is to upgrade and enrich science education in the secondary schools of the nation. Dr. J. G. Potter, head of the Department of Physics and director of the science institute, said 30 male science teachers will receive appointments to the institute, which will get under way Aug. 27, 1962. They will receive a living stipend of \$3,000 for nine months, plus allowances for dependents, travel, tuition fees and books. Applications are being invited from male teachers, under 40 years of age, with four years of junior high school teaching experience. They must have a B average in their undergraduate work and not have completed work toward a master's degree. The application deadline is mid-January. Other pre-requisites are that they have a year of college-level chemistry, physics, and one semester each of college algebra and

trigonometry completed by September, 1962. They must obtain a year's leave of absence from their respective school systems to attend the institute. Interested teachers should apply to C. M. Loyd, National Science Foundation Co-ordinator in College Station. Loyd is assistant director of the institute. The first semester of study in the institute will include courses in analytical geometry and calculus, biology, chemistry, physics, oceanography and meteorology and a seminar. The second semester will include course work in calculus, organic chemistry, physics, geology and a seminar. Most of the course work taken by the participant will be applicable on a Master of Education, science option degree.

Soil Judgers Win Regional Contest

A&M's Soil Judging Team captured first place honors at the recent Region 4 Soil Judging Contest last week in Goodwell, Okla. Team members are Charles Batte of Corpus Christi, George Alston of Temple, Dale Lovelace of College Station, Leo Buckmaster of Bryan and Charles Schwertner of San Angelo.
