(Continued from Page 1)

51, he was president of the Association of County Officials, and from 1950-57 he was a member of the Board of Regents, University of Omaha.

Elected as a Republican to the House of Representatives for the 83rd Congress, he served from Jan. 3, 1953 until his resignation, Nov. 8, 1954, when he began serving the unexpired term of the late Sen. Hugh Butler. He was re-elected for a full six-year term on Nov. 4, 1958.

Since his election to Congress, Hruska has been a member of the Appropriations and Judiciary Committees of the Senate.

Tomorrow's program will feature Laurie Battle, National Association of Manufacturers representative, and Ralph Showalter, AFL-CIO representative, in a panel discussion of the topic, "The Role of the Federal Government in the Affairs of the Economy."

Starting at 8 p.m. in the Ballroom of the Memorial Student Center, the plenary session is open to all persons interested in attending.

Aggies Vies In Debate Tourney

Junior Division Negative Speaker Robert Denny, '64 from San Antonio, presents a point during last weekend's Southwest Conference debate tournament in the Memorial Student Center. TCU walked off with the sweepstakes prize, with Baylor winning the affirmative nod and SMU the negative. A&M's team tied for fourth place in the sweepstakes race. the opinions for improving it were varied. Those who do take an active interest seem mainly to be concerned with the procedure for discussion of the topics.

"Start off with a definition of the terms to be discussed," was the most repeated suggestion.

"People get in there and start talking, 'Liberalism vs Conservatism,'" and each side has its own opinion of just what a liberal is and what a conservative is. If at the beginning of the discussion, each term is defined so everyone will know just what is meant by such terms, it will help greatly," said a veteran of SCONA VI.

The sign of the amateur

**LESSON 5 - The importance of head control**

We are told that bird watchers, who always take notes while they watch, are able to keep one eye on the bird and one eye on the notebook. Eye dexterity of this type is also a great asset to the girl watcher. It enables him to watch two girls at the same time, even when the girls are sitting on opposite sides of a classroom. The beginner, who must watch the girls one at a time in a situation of this type, must learn to restrict his movements to the eyeballs. *The girl watcher never moves his head.* Undue head-turning, particularly if it is accompanied by shouts or whistles, is the sign of the amateur. (If you want something to shout about, try a Pall Mall!)
