Aggie Hurt In One-Car Wreck Here Saturday

Jerry K. Taylor, '63 agriculture major from Wellborn, suffered a fracture of his right leg and two broken ribs Saturday night in a one-car accident on FM 2154 near College Station. His physician said today he has no internal injuries. The right leg was broken below the knee. Officials said Taylor's vehicle struck a culvert after running off the road slightly over a mile from College Station.

Wait A Minute! Check That Car

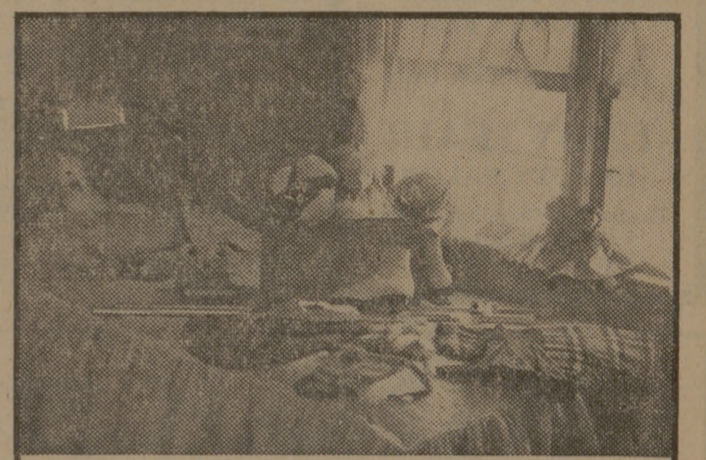

Wait just a minute, Aggie! That's right, it's you I am talking to. You, the one just starting out for home—climbing into that '50 Ford, loaded down with six riders and all that baggage. Have you checked your car's condition? No, I don't mean the gas. I know you'll get a buck from each of the riders.

Wait a minute, Aggie! That's right, it's you I am talking to. You, the one just starting out for home—climbing into that '50 Ford, loaded down with six riders and all that baggage. Have you checked your car's condition? No, I don't mean the gas. I know you'll get a buck from each of the riders.

I mean the tires, the windshield wipers, the brakes, lights, all the rest. Got safety belts in your car? They save lives. Take a peek into any highway patrol car—they've got 'em. Those belts keep you from being bounced around the road if an accident forces your doors open. How about a first-aid kit? Come in mighty handy when you need them. Flashlight in your glove compartment? Most lights don't cost too much, but if you drive at night you'll give your left arm for something better than a cigarette-lighter if you have a flat. Speaking of flats, is your jack and tire-tool in the trunk? Do you

Drivers kill and cripple more children than any disease!

We have vaccine for polio. We're zeroing in on cancer. But what are we doing about the worst child killer of all—traffic accidents? Here's one thing you can do. Write your local enforcement officials. Tell them:

"I Support Strict Law Enforcement!"

Let your police and courts know you're behind their efforts to protect your children. For where traffic laws are strictly enforced and obeyed, deaths go down! Hundreds of communities have proved it.
